## PUBLIC AID ASKED IN CHOOSING TEXTS

School Board to Consider Recommendations on New Books Before Acting.

TEACHERS WILL HAVE VOICE

Chairman Sabin Says Directors Feel Heavy Responsibility and Taxpayers' Views Are Invited as One of First Aids.

mar and high schools of Portland are selected, every one who cares to have word on the subject, insofar as time and accommodations of the headquar-ters will permit, will get an opportun-ity to be heard by the members of the Board of Education. This recommendation will be made

by R. I. Sabin, chairman, and un-doubtedly will be followed, as the directors are anxious to please the gen-eral public, which has to pay for the books, while endeavering to select the best the market affords.

The Board of School District No. 1, embracing the Portland schools, is the only one in the state which has such the other districts are chosen by a commission named by Governor West. It is within the power of the Portland Board to adopt the self-same books if they see fit, but whether they will is a question, as the Board has not even met on this phase as yet.

Committee Suggests Only. As soon as the Board members learned that the law creating them a text book commission for the Portland schools had taken effect, they took the first step by instructing the city super-intendent to co-operate with Mr. Sabin in selecting from the grammar and high schools of the city competent teachers on each subject for which a text book or books must be chosen. These committees, which were named several weeks ago, have reported to the city superintendent, but their reports are purely in the form of sugges-tions for the guidance of the members of the Board, and may or may not be adopted in full or in part.

Mr. Sabin says that the members of the Board feel keenly the responsibility resting upon them, as their selection of

the next four years will mean a great deal to the parents, it being estimated that there will be an expenditure for new books within the four years of not less than \$300,000. Aside from this, there is the influence of the book on the pupils.

Teachers to Be Heard. "In view of the fact that the Legis-lature saw fit to make the Board responsible for the selection of the text books," said Mr. Sabin, "we shall dis-charge the duty to the best of our ability. We shall consider the sugges-tions of our own teachers, already filed; the actions of the state commis-

English, chemistry, zeology, physiology, physics, physiography, botany, French, Latin, German, history, pedagogy, commercial subjects, mechanical drawing. Inasmuch as the books will be put into use of pupils at the Fall term, it will be the effort of the Board to decide on the books by August 1.

Parents of Woodlawn Pupils Inspect

Gardens and Work.

The Woodlawn School and the children's gardens were opened for the in-spection of the parents and residents of North East Portland yesterday. A livestock show was also in order, in which prizes were offered for the best cattle, under which also came dogs, rabbits, cats and pigeons and all the other things which the pupils had as

pets.
The gardens showed what the children can do in the way of raising gar-den truck. At the building an exhi-bition of the products from the domes-tic science and the manual training departments was shown the visitors.

Later in the afternoon the gardeners began to remove the products for displaying at the junior market today at First and Stark streets.

PARK CONCERT ANNOUNCED

Programme Will Be Rendered at Head of Washington Street Tonight.

The Portland Park Band, W. E. Mc-Elroy, director, will play at Washing-ton Park, head of Washington street, tonight. The concert begins at 8 o'clock and the programme will be as follows;

Sunday the band will play at Penin-sula Park, and Sunday night at Wash-ington Park.

PAROLE DENIED JENISON

Agreement Made Between Attorneys Displeasing to Court.

Deputy District Attorney Murphy found Judge Kavanaugh unwilling to parole Byron Jenison yesterday after an arrangement to that effect had been made between the District Attorney's office and John C. McCue, attorney for Jenison, who is under indictment on a charge of shooting his wife, Ida M. Jenison, with intent to kill, November 21, 1912.

Mrs. Jenison has gone to California with her mother and is desirous of dropping the prosecution. She will be sought and brought back to Portland to testify if her ex-husband refuses to plead guilty.

RIVER PIPES TO GO DOWN Arrangements Made for Payment of

municipal water bonds at the rate of 93 cents on the dollar the Water Board yesterday completed arrange-ments for lowering, in the near future, the submerged trunk water pipelines in the Willamette River. The Board at a special meeting considered the neces-sity of the work and after consultation with Commissioner Daly, who will have charge of the Water Department fter next Tuesday, arranged for let-

thing the contract.

The Federal Government and practically all of the shipping interests of the upper harbor have been urging the improvement for a long time because the pipes interfere with river navigation. Up to this time the Water Board has not been able to see its way clear has not been able to see its way clear because of the low figure at which bonds are selling. Mr. Berry agreed to pay for the bonds at the rate they sold for prior to the recent slump. The ounds run for 25 years at 4 per cent and the best bid now is about 89 cents on the dollar. The huge pipes in the river will be

The huge pipes in the river will be taken up, repaired and laid again at greater depth. The contract for the work was not formally let, that proceeding having been left to Commissioner Daly, but negotiations were advanced far enough so that the contractors can proceed to secure machinery and begin preparations for the work.

tel last night. filed; the actions of the state commission and I also favor giving the public a hearing, just so far as it is possible with the accommodations at hand for that purpose. We probably will give the publishers a hearing, too."

The subjects for which text books for grammar grades are to be chosen are arithmetic, longuage and grammar, geography, history, spelling, reading, civics, music, drawing, domestic science, domestic art, physiology, penmanship; high, schools, mathematics, English, chemistry, zoology, physiology, laws.

tel last night.

Mr. Robbins is a graduate of the Willamette University Law School and violation of the University Law School and willamette Universit

steamship men.

J. E. Werlein, the retiring president, and the other officers of the club were commended for the successful manner in which they have conducted its af-fairs in the past year.

The proposal to place a dairy lunch in the clubrooms for the accommoda-tion of the members now is receiving consideration.

ALL PAVING IS SUSPENDED With Cessation of Rain Preliminary

Work May Start Today.

Because of the rain of the past week all paving in Portland is at a stand-still. The clear weather of yesterday gave promise of an early resumption of work. There is at present close to \$1,-900,000 worth of paving under way. If the weather continues clear it is said the laying of the paving can be begun about Monday. Grading can be commenced probably today or tomor-row.

CROWD LEAVES

Tomorrow for Michigan

Two special Pullman sleepers carry-ing home-going Michiganders will leave Portland Union Depot via the O.-W. R. 

Foot-Ease to Be Added to Equipment of Hospital Corps at Fort Wayne.

Under the above heading the Detroit Free Press, among other things says: "The theory is that soldiers whose feet are in good condition can walk further and faster than soldiers who have corns and bunions incased in rawhide.

The Government's foot powder order is regarded as the last word in the scientific outsitting of the defenders of the flag."

This foot powder, shaken in the schoos of soldiers, has long been in use in the German army, and Uncle Sam's adoption of this form of treating and easing the feet, is in line with the expressions heard daily for more than twenty years, in all parts of the world, from millions of people who are shaking Allen's Foot-Ease, the antiseptic powder for the feet, into their shoes, as the only practical and lasting freeze the only practical and lasting treatment for easing and absolutely preventing sore feet. It can be obtained from dealers By perfecting an agreement for A. C. U. Berry, contractor, to take \$69,400 Allen S. Olmsted, Le Roy, N. Y.
