

LOBBY SENSATION PROMISE RENEWED

Manufacturers' Agent Makes 'Revelations.'

MANY NAMES ARE MENTIONED

Members of Congress Punished for Opposition.

BIG EXPENDITURES MADE

Sworn Statement Attracts Attention of Senate Committee, Which May Ask That Scope of Inquiry Be Extended.

WASHINGTON, June 29.—Further sensations in the Senate's lobby investigation were foreshadowed today when it became known that a subpoena had been served on Martin M. Mulhall of Baltimore, reported to have been for many years the active "field agent" and lobbyist of the National Association of Manufacturers.

The subpoena was ordered by Chairman Overman, of the lobby committee, after representations had been made to him that Mr. Mulhall was willing and able to give the committee important facts regarding attempts to influence legislation, to elect or defeat candidates for Congress, and to control the make-up of committees in Congress. A sergeant-at-arms of the Senate served the subpoena on Mr. Mulhall late last night in Washington.

Many Names Are Given.

The nature and extent of the disclosures that are expected were outlined in an article published today, under the sworn signature of Mr. Mulhall, in the New York World and the Chicago Tribune. The statement purports to be Mr. Mulhall's personal history of the report from 1903 to 1912 of the National Association of Manufacturers and bribes with the names of members of Congress who he alleged were "suborned" or who were punished for their opposition to legislation favored by the association.

The allegations that he had helped to defeat members of Congress who opposed the interests of the manufacturers, that this was done by "suborning" thousands of dollars to elect members of Congress expected to be sympathetic to their influence, and that he had aided in securing favorable members on committees that handled labor legislation; and that his assistants had used great efforts to secure the establishment of a Federal tariff commission in 1908, as a means of delaying tariff revision, are contained in the long article, under Mr. Mulhall's name.

Committee Expects to Act.

The facts alleged in the story of legislative lobbying were not laid before Chairman Overman prior to their publication. He declared today, however, that the story was so circumstantial in detail that he expected the committee to go to the bottom of the allegations, and to uncover any new angle of "insidious lobbying" or "pernicious" political campaigning that might be disclosed.

The Mulhall article named many former and present members of Congress who were alleged to have been active agents in support of legislation desired by the National Association of Manufacturers. It specified employees of Congress who had been retained to secure information; and alleged that even the page boys of the House of Representatives were used to pick up information about proposed legislation.

Personal Knowledge Ascertained.

The writer said that he had spent more than \$200,000 in his lobbying work; that he had conducted state and Congressional campaigns; helped to break up labor unions; and had personal knowledge of the extent to which influence exerted by his assistants had swayed legislators and legislation.

Senator Overman declared tonight that subpoena also would be issued for James A. Emery, representative of the National Manufacturers Association at Washington, whom the Mulhall article designates as "chief lobbyist" for the association at Washington and for ex-representative Watson, of Indiana, referred to in the Mulhall statement as an "insidious lobbyist" for members of the Manufacturers Association who were leading the fight for a tariff commission in 1908.

He said the committee would determine at a meeting Monday, July 7, whether to summon other Congressmen, ex-Congressmen and officials of the National Association of Manufacturers.

More Power Desired.

The lobby investigation has gone far beyond its original scope, said Chairman Overman today, "and I don't see any course for us to pursue but to ask for more power from the Senate, and to go into every phase of the remarkable situation that has been developed."

"I was informed that Mr. Mulhall had information that bore directly upon lobbying work at Washington, and accordingly issued a subpoena late last night to serve on him before he left Washington. Much of the statement credited to him today bears on legislation in previous Congresses outside the scope of the resolution under which we are working."

"It is my personal opinion that the

1000 TICKETS FOR STUDENTS READY

THE OREGONIAN BEGINS DISTRIBUTION AT 9 O'CLOCK.

Biggest Theater Parties of Year to Be Given at Hellig for Movie World Tour.

Without a cent of cost to themselves 1000 students of the high school courses of Portland's educational institutions will receive tickets from The Oregonian this morning for a moving-picture tour of the world with Lyman H. Howe, noted traveler, at the Hellig Theater.

The distribution of the invitations for the biggest theater parties of the year will begin promptly at 9 o'clock at the Oregonian's business office, corner Alder and Sixth streets. There will be two booths. From one will be given 500 reserved seat tickets for today's matinee; from the other 500 for tonight's travel festival.

Every boy and girl who presents their final term report card from the advanced grades of the Washington High School, Lincoln High School, Jefferson High School, St. Helen's Hall, St. Mary's Academy, St. Mary's School, Columbia University, Portland Academy, Hill Military Academy or Christian Brothers Business College, will be entitled to one of the thousand tickets, providing, of course, they are among the first thousand who apply at The Oregonian office this morning. As long as the tickets last the young people may choose either matinee or evening exhibition.

The matinee will begin at 2:45. The evening performance at 8:30.

OJEDA'S SLOTH IS OFFSET

Federals Make Up for Failure to Advance.

MEXICO CITY, June 29.—The failure of General Ojeda to advance against the rebels in Sonora, and the acquisition of various towns, including Durango, capital of the state of Durango, during the past week, has been offset according to the Government, by the recovery of a few places by the Federals and by the work done towards re-opening the railroads in the North.

Troops are supporting the workmen and the National Railway has been repaired within 70 miles of Sattillo and north of Monterrey to Villahermosa, but the activity of the rebels a short distance on either side indicates that the road will be cut behind the troops before trains are operated.

The line from San Luis Potosi to Tampico was cut in four places yesterday. It is hoped to be reopened at other points and several trains were wrecked, one a military train. Half the railroads in the Republic were out of commission. Torreon especially is suffering from a scarcity of provisions.

OREGON PINE ROUNDS HORN

Trip From Sound to New York Enjoyed by Skipper and Passengers.

NEW YORK, June 29.—(Special.)—The American steamship Santa Cruz, in from Seattle and Pacific and Atlantic en route, docked today, creating the impression that the Yankee merchant marine might be coming back on the installment plan. Captain Crossley said he had had a fine voyage and that he had hoped to take his ship through the Panama Canal pretty regularly to and from the Pacific Coast.

The Santa Cruz is one of four oil-burning steamships that W. R. Grace & Co. will use in the coastwise service by way of the Panama Canal. The other three are the Hamburg, the second, and Real V., owned by Julius Stahn, of Berlin, third. An 11-mile breeze was blowing.

Prince Henry steered the Tilly XVII, and this time slightly redeemed the reputation of the 1913 boats, all of which were defeated on June 26 by the 3-year-old Real V.

J. JOHNSON SAILS AWAY

Canadian Officials to Accompany Pugilist to River Mouth.

MONTREAL, June 29.—Jack Johnson, the negro pugilist, accompanied by his wife, Lucille Cameron Johnson, left for Havre on the Allan line steamer Corinthian at 3 o'clock this morning.

They boarded the steamer last night in the presence of Canadian immigration officers who will watch Johnson's progress until he is beyond their jurisdiction.

AUTO IS STRUCK BY CAR

Swedish Farmer in Hospital With Concussion of Brain.

Robert Landon, aged 29 years, a Swedish farmer from Gresham, was badly hurt about the head and sustained a concussion of the brain late yesterday when an automobile in which he was riding at East Fifteenth and Morrison streets was struck by a Mount Tabor car.

GETTYSBURG STEPS BACK INTO HISTORY

Veterans Trooping Into Little Village.

MANY FALL UNDER HOT SUN

First Death on Field Hastened by Torrid Weather.

5000 TENTS ARE PITCHED

Thousands of Sightseers Arriving. News That President Wilson is to Speak Causes Stir When It Becomes Known.

GETTYSBURG, Pa., June 29.—Gettysburg stepped 50 years backward today into the history and looked again on an army of Blue and an army of Gray, meeting at her doorstep. From early morning until long after sundown the veterans in blue and gray trooped into the little town which has slept peacefully among its hills since Lee and Meade turned their legions southward long ago.

More than 30 special trains came into the village during the day and thousands of veterans who tramped up from the Shenandoah on their former salt ruts in comfort from Harrisburg, Baltimore and Washington. Instead of the roar of guns that greeted them on the other days they entered in the quiet Sunday calm of a country town. Only the flags flying from every window, the city of tents in the distance, and the crowds told that Gettysburg had come out of the usual into the extraordinary once more.

Heat Endured Unflinchingly.

From the station of the two railroads that enter the village is a long mile to the camp of 5000 tents where the veterans are housed. Thousands shouldered suitcases and walked under a scorching, cloudless sky. Several succumbed before they found their tents. There was no complaining, however.

Every possible arrangement for the comfort of the united armies has been made. The camp of brown Army tents is under the direction of officers of the Regular Army. The streets of Gettysburg are under the scrutiny of the Pennsylvania constabulary, and for the care of the sick the Red Cross has made extensive preparations.

The camp itself lies on ground that has been baked as hard as a brick and dried into dust by winds that sweep the hills, but its sanitation, its water supply, and its plan for the feeding of thousands of men have been made with the utmost care.

The tents fall westward with the slope from the Emmitsburg road to the point of the ridge where the immortal

MILITANTS TRY TO IMPRISON OFFICIALS

Miss Sylvia Pankhurst Leads Attackers.

POLICE CLASH WITH WOMEN

Unsuccessful Attempt Made to Capture Cabinet Ministers.

SCRIMMAGES ARE FIERCE

Suffragette, by Pica That Mother Is Being Killed, Incites Big Crowd to March in Body on Homes of Officers.

LONDON, June 29.—Miss Sylvia Pankhurst, daughter of Mrs. Emmaline Pankhurst, the suffragette leader, led an attacking party to Downing street this afternoon for the purpose of imprisoning the cabinet ministers. The expedition was unsuccessful, but the victory of the police was not won without a series of fierce scurrillages, in which both policemen and women were injured.

Miss Pankhurst appeared at a demonstration in Trafalgar Square in favor of free speech. She denounced the Right Honorable Reginald McKenna, the Home Secretary, for "killing my mother." Then she invited the crowd to go to Downing street and "imprison the ministers in their own houses."

Police Cordons Assailed.

The police, however, had been apprised of the intentions of the demonstrators and had thrown a strong cordon around Downing street. Dock workers in the attacking party tried to break through and some of the women went to their aid, but were severely handled.

In the fighting the women were thrown to the ground and the dockers clubbed. Many were arrested. Finally mounted police dispersed the crowd.

The incident which led to the outbreak was Miss Pankhurst's objection to a resolution put to the meeting because it contained no direct reference to votes for women.

"The men on this platform," she said, "have refused to put the question of women's vote in the resolution. That just shows you what democrats they are."

Big Throng Answers Appeal.

Then pointing toward Downing street she continued:

"The ministers are just a handful of greedy cowards. They don't all go for week-ends and we could imprison them in their houses even this afternoon if we went down there. What are you going to do?"

Cheers greeted this speech and there was a general movement towards getting into line. Between 1000 and 2000

DOLPHIN AGROUND ON PEARCE ISLAND

PRINCESS MAY REMOVES 153 PASSENGERS FROM SHIP.

Steel Steamship Carrying Eastern Tourists to Alaska at Time of Disaster in Strait.

Religious Leaders of World Assemble

'AMERICA' THRILLS AUDIENCE

Four Governments Welcome Delegates to Conference.

MORAL LIFE WILL BE TOPIC

Comparison of Ideas With View to Uplift Is Programme Outlined and International Harmony of Purpose Predicted.

SEATTLE, Wash., June 29.—The steel steamship Dolphin, of the Alaska Steamship Company, which left here Friday night for Skagway, Alaska, went ashore at 12:40 this morning near Alert Bay, B. C. The only information received from the Dolphin was contained in a wireless message to the company which said all the 153 passengers, many of whom were Eastern tourists, were taken off by the Canadian Pacific Steamship Princess May. Officers of the company said the Princess May had landed the Dolphin's passengers at Alert Bay, as it was believed the Dolphin could be floated and damaged and they would continue their journey northward.

The Dolphin is a twin-screw vessel of 24 tons gross register, and carries a crew of 60 men. She was built at Wilmington, Del., in 1892. This was her first trip this season on the South-eastern Alaska route.

A wireless message received tonight from a woman who was a passenger on the Dolphin said all the passengers were safe aboard the Princess May and were continuing their northward journey on that vessel.

VANCOUVER, B. C., June 29.—Local Canadian Pacific Railway officials deny that the Princess May is carrying the transferred passengers from the wrecked steamer Dolphin, south bound, and which is due to arrive in Victoria today.

The government wireless station reported that the Dolphin went aground at Pearce Island just after midnight last night, but were not aware of any particulars.

PALMS WILL CASE IS UP

Family Contesting Request of \$500,000 Estate to Friend.

LOS ANGELES, June 29.—(Special.)—Before the Superior Court of Pima County, Arizona, tomorrow will come the application of Nat E. Plummer for letters of administration on the estate of William J. Palma, of Detroit, who was a resident of Tucson for some time before his death.

His fortune left, estimated at nearly \$500,000, was devised mainly to Mrs. Vera Brabb, who, he said, was kind and who tried to lift him up.

To Arthur J. Lacey, a Detroit lawyer, was given \$47,000 as fee for drawing the will. These bequests and the will generally are to be contested by Palma's brothers and sisters of Detroit. They were especially named in the will as being omitted from any share of the estate, owing to the fact that they already were well provided for.

The family fortune came from the estate of the children's father, grandfather, Palma died of pulmonary disease after a tempestuous career. Later he had stopped drinking, this change and others of benefit having been ascribed by him to the influence of Mrs. Brabb.

END OF WAVE PREDICTED

Extreme Heat in Plains States to Abate Today or Tomorrow.

WASHINGTON, June 29.—An end is in sight to the hot wave which has held sway over the Central States for several days. In its weekly bulletin tonight the weather bureau predicted that the extreme heat would be broken in the Plains States Monday or Tuesday, and that a cool wave then would move slowly eastward. The forecast says:

"Over the Rocky Mountain region and the Pacific Slope temperatures will average below the normal."

"The rainfall during the week will be generally light and local."

DISSOLUTION PLAN READY

Papers to Be Presented to Court in St. Paul Today.

WASHINGTON, June 29.—The plan for dissolving the Union Pacific-Southern Pacific railroad merger, which Attorney-General McReynolds, with the approval of President Wilson, has agreed on with officials of the railroads, will be presented to the Federal Court at St. Paul tomorrow.

The Attorney-General gave out tonight the plan for publication in the newspapers tomorrow morning, but later withdrew it with the request that it be withheld from publication until after it actually had been presented in court.

CONVICTS LEAVE NO TRACE

Fugitives From Federal Prison Foil Guards Who Seek Them.

LEAVENWORTH, Kan., June 29.—An all-day search for Richard Osborne and Walter Layman, convicts, who made a daring escape from the Federal prison early today has not developed a trace of the men.

Both men have escaped from McNeill's Island, the Government prison on the Pacific Coast. The two men were cellmates. They sawed the bars off their cell and of a door 10 feet away, leaving dummies reposing in their coats.

PROGRAMME FOR CHRISTIAN CITIZENSHIP CONFERENCE

Headquarters at the Oregon Hotel, open at 6 o'clock A. M. for dispensing of reserved seat tickets.

10 A. M.—Organization and business session in the stadium.
2 P. M.—Music, duet by Norman A. van Hoosa and Dom J. Zan.
2:45 P. M.—"General Scope and Purpose of the Conference," by Rev. Henry Collin Minton, of Trenton, N. J., president of the Conference.

3 P. M.—"Christianization of the Social Order," Dr. Samuel Zane Batten, secretary, Philadelphia. General discussion following each address.

4:00 P. M.—Music.
4:10 P. M.—"The Direct Democracy," F. DeRougemont, of Neuchatel, Switzerland.

7:50 P. M.—Music by Conference chorus, direction of Professor W. H. Boyer.

7:45 P. M.—"Lessons and Warnings From Scotland," Rev. John Lamond, of Edinburgh.

8 P. M.—"Hallelujah Chorus," from the "Messiah."

8:10 P. M.—"Obligations of Christian Countries to Their Dependents," Hon. Charles W. Fairbanks, ex-Vice-President of the United States.

Developed through a campaign of preparation, which extended over two years, and drawing representation in people from all parts of the earth, the Second World's Christian Citizenship Conference was opened yesterday afternoon in the Multnomah Stadium, with 10,000 people standing massed in the grandstand of the stadium and the sections about the speakers' stand, joining their voices in the National anthem.

The threatening weather which began to manifest itself in a slight sprinkle of rain early in the afternoon, did not deter the crowds from coming and the greater portion of the seats in the grandstand were filled long before the hour of opening the Conference.

Voices of Thousands Fill Air.

When Professor Boyer, director of the music for the Conference, raised his baton in signal to his choir and the first notes of "America" were heard, the whole great multitude responded and he found himself directing a choir of thousands, whose mingled voices, even in the open, made the air thrill and tremble like the powerful notes of a pipe organ.

In the impressive pause that followed the close of this opening anthem, the Rev. Henry Collin Minton, of Trenton, N. J., president of the Conference, called forward Dr. C. Wylie, of Pittsburg, to open the programme with a scriptural reading.

Dr. Edwin H. Delk, of Philadelphia, gave a short invocation, closing with the Lord's Prayer. In this the audience again lent its voice and the closing lines of the invocation rang with the sonorous thunder of blended voices of men, women and children—the tones of some noble old chant.

Governments Extend Welcome.

Representatives of the United States Government, of the State of the county and of the city, were on the platform and each, in behalf of the people and power of which he was representative, extended to the delegates of the World's Christian Citizenship Conference a welcome.

"With especial sincerity do we extend our welcome," said Governor West, "because this is a Conference looking toward constructive efforts to remedy evils which beset human society. We have been spending millions of dollars for penal and eleemosynary institutions, where we have been spending but little for the remedy of the conditions which make necessary such institutions."

"From this Conference which opens here, with a representation which is world-wide and with a definite purpose to seek a solution for these problems, we may expect constructive work to be accomplished, and to it we offer our heartfelt welcome."

Religions Liberty Traced.

Judge C. E. Wolverton, of the Oregon District of the United States Court, speaking in behalf of the United States Government, traced the development of the idea of religious liberty to its highest state under the free institutions of America, until Christianity has brought about a liberty "more potent and more pervasive than all other religions, and has builded a world-wide brotherhood that makes for righteousness and better things."

"Christian citizenship, so broadly dispersed as it is," he said, "is gathering strength as the years go by, is wielding
