THOUSANDS LEAVE CAMP

Pictureque Feature of Today Scheduled at Bloody Angle, Where Survivors Will Repeat Charge and Shake Hands.

(Continued from Page One.)

Colonel Andrew Cowan, of Louisville, acted as presiding officer of the day and he told several stories that brought smiles to the lips of his hearers. He also brought the veterans to their feet when he began to praise Major Normoyle, Captain Dalton and the other officers of the regular Army who conduct the big camp.

"They have earned enduring fame, and we thank them from the bottom of our hearts," he said.

Colonel Cowan turned to the Navy and the Japanese situation.

"We ought to build two battleships for every one laid down by Japan," he said, and the veterans cheered again and again. "The people on the seacoast cities ought not to be left without protection. We ought to be prepared to demand peace."

Hatchet Buried Literally. Two veterans, one in blue and the other in gray, met down town in Gettysburg today. They literally fell in one another's arms and after a tour of the town they hit on a great scheme.

They walked hand in hand through the streets to a hardware store, bought a hatchet and tramped a mile and a half to the battlefield. They hunted up the Bloody Angle, where Pickett's charge reached its crest, dug a hole in the ground there and with tears and more embraces, "buried the hatchet."

Thousands of veterans left the camp and Gettysburg today for their homes and thousands more probably will leave tomorrow. The Army officers in charge threw a cord on over the roads leading out today and examined the baggage. Many Government blankets supplied for the encampment were discovered and removed.

State to Pay Return Fares. So many cases have been reported of veterans losing their return railroad tickets and the consequent distress because of the inability to purchase transportation that Governor Tener today notified General Liggett, the United States Army officer in charge of the camp, that the State of Pennsylvania will pay the return fare of all veterans who have lost their tickets, no matter in what part of the United States they reside.

One of the pictureque events of the celebration is scheduled for tomorrow at the Bloody Angle, where the Philadelphia Brigade of the Union Army and survivors of Pickett's division will form on opposite sides of the stone wall where the charge stopped. They will charge as best they can with their burden of years, but when they reach the wall they will stop and shake hands. On this spot they expect to pick out a location for a \$250,000 monument, which they hope to have Congress erect there.

SULZER SAYS HE SETTLED Miss Hopkins' Suit for Breach of Promise Is Not First One.

GETTYSBURG, Pa., July 2.—Governor Sulzer issued another statement today, declaring that the suit for breach of promise brought against him in Philadelphia by Miss Hopkins had been instigated by his political enemies.

"Sufficient to say," said the Governor, in conclusion, "that I knew this Hopkins woman years ago. I was a friend of her family in their distress, but I deny emphatically that I ever agreed to marry that I ever wronged her; that I ever lived with her, or that I ever held her out to be my wife."

"Miss Hopkins sued me in New York for breach of promise some time after I married, about six years ago. She could not sustain her charges and admitted she brought the suit for ulterior purposes. That case was settled and my lawyer has a general release from this woman to me. My reason for settling then was on account of the precarious condition of Mrs. Sulzer.

Goodrich Tires are an added value and advantage to your car.

With Goodrich branches, service stations and dealers located everywhere the user of Goodrich Tires knows he will always be taken care of.

It is the unit molding of Goodrich Tires that adds wear to the purest rubber, compounded as our 43 years of experience proves is the best way to give it durability and toughness and to hold its resiliency and life. Each Goodrich Tire is made and molded as a unit. The thick, tough tread being actually of the tire and not simply on it, naturally does not peel or slip. The whole tire, being an integral structure, naturally wears long and uniformly because the life of the rubber has not been cooked out by extra vulcanization.

Your tire dealer will supply you with whatever style of Goodrich Tire is best for your needs, and we will send you, for the asking, our free folders which tell you how to get the best service from your tires.
