COMMITTEE FROM MISSOURI STATE SENATE IN PORTLAND TO INVESTIGATE OREGON WORKMEN'S COMPENSATION ACT

LEFT TO RIGHT—SENATORS R. S. MCLINTIC, B. L. WHITE, CHAIRMAN; W. C. GOODSON, SECRETARY, AND WILLIAM G. BUSBY.

MISSOURI MEN HERE

Oregon's Compensation Law Now Being Studied.

WASHINGTON COMES NEXT

Southern State Commission Determined to Get First-Hand Information Relative to How Workmen's Act Being Taken.

To study the Oregon workingmen's compensation act, passed by the last Legislature, and to determine by means of hearings the attitude toward it of labor, employers and insurance men, is the mission in Portland of members of a special committee from the Missouri State Senate, who registered at the Multnomah Hotel yesterday.

Dr. A. L. Hutchinson and his daughter, Miss Ruth Hutchinson, have gone for a fishing trip in the Cascade Mountains. They will later be joined by Mrs. Hutchinson and Miss Ruth Hutchinson and will go to Day Island, Puget Sound, for the remainder of the summer.

Both Sides to Be Heard. "We have just come from a series of hearings in San Francisco. They were of much value in giving an insight into the workings and special features of the California compensation act. We expect to hold at least two hearings in Portland, and to have conferences with those who framed the bill and who put it through the Legislature. We want also to hear from those who were opposed to it and learn on what grounds."

Prominent Men May Be Seen. Among those the commission is especially desirous of meeting is Representative A. W. Lawrence, who introduced the compensation act in the House and did much to insure its final passage; Speaker McArthur, President Dan J. Markey, of the Senate; Senator Gus C. Moser, Attorney James B. Kerr, who framed the measure, and others who were active in connection with it. They also will see Will H. Daly, Commissioner of Public Utilities and ex-president of the State Federation of Labor.

The commission will hold its first hearing at the Multnomah Hotel at 10 o'clock this morning.

Senator White, chairman, has requested that all persons who can give information in connection with the compensation act and the attitude of labor, employers and liability companies toward it, communicate with him at the hotel or arrange to attend the hearing. Another hearing probably will be held Saturday.

BOY MAYOR LEADS MOVE

Charles Cohon and His Commission Make Request of Colleagues and Constituents Agree to Rule.

No longer are the I. W. W. soapbox orators to have newboys in their audiences on the streets. At a meeting of the newboys' commission with Charles Cohon, Boy Mayor, a resolution was passed prohibiting any newboy from standing in the crowds before agitators.

When Mayor Albee learned of the action of the boys' commission yesterday, he called young Cohon, the Boy Mayor, to his office and congratulated him. Cohon explained to the Mayor what had been done and that the boys intended to keep off the streets.

"You youngsters have more sense than many of the older people," said the Mayor to young Cohon. "I am glad to learn that you have decided on your own initiative to refuse to mingle with the crowds of disturbers and I hope it will be an example for older people who gather about the agitators for curiosity or to witness small riots which have been a part of the street-speaking proceedings in the last few weeks."

The Star will offer a programme of five distinct numbers: "Behind the Gun," a Western thriller; "Mental Suicide," a story of gripping heart interest, and three other pictures. "The Third Thief," a beautiful hand-colored picture, "Baron Blinks," an Imp comedy, and "How Belmont Was Stung," a Crystal comedy.

At the Sunnyside Theater all the numbers are comedy except an Elclair Weekly. The Tivoli furnishes a varied programme of licensed pictures.

Unidentified Man Hurt. An unidentified man, evidently an employe of the Spokane, Portland & Seattle Railway, was picked up at Twelfth and Northrup streets last night by a machine from the Ambulance Service Company, after he fell from the top of a freight car. He was unconscious at a late hour, and the extent of his injuries had not been determined. He was taken to St. Vincent's Hospital.

CONSUMERS MEET TODAY

Miss Mary Chamberlain, of New York, to Address League.

The Consumers' League will hold an open meeting today in the auditorium of the Young Women's Christian Association and it is expected that a large number of members and those interested in the work of the organization will attend. The principal speaker will be Miss Mary Chamberlain, of New York, who will give an address on the conditions existing in factories, canneries and other large establishments where women and children are employed.

In order to carry on her chosen work—helping to better conditions—Miss Chamberlain took a position in a cannery and worked side by side with other employes. She is now an inspector of factories for the State of New York and has brought about many changes since her appointment. Miss Chamberlain says, in speaking of how much it costs to live: "I could not live on it at week-ten dollars is about the least a girl can live on in New York. We are in hopes that our state will soon adopt a minimum wage law."
