Rope of Gems Valued at \$60,000, Wedding Present From Mother, Taken—Servants Not Suspected but Doors Are Not Broken.

NARRAGANSETT PIER, R. I., July 29.—Mrs. C. C. Rumsey, a daughter of the late H. Harriman, lost a \$60,000 rope of pearls and other gems valued at \$15,000 in a robbery of her husband's home Sunday. The pearls were a gift from Mrs. Rumsey's mother, a sentimental value far in excess of their intrinsic worth.

FATHER KIDNAPS BABE MEDFORD MOTHER LOSES CHILD BY CLEVER RUSE.

Husband Entertains His Wife Ten Days in Lavish Style and Then Takes 2-Year-Old Daughter.

MEDFORD, Or., July 29.—(Special.)—Entertaining his wife for 10 days with dinners and luncheons and showering her with gifts, a man here, clever enough to put Mrs. John Wagner off her guard sufficiently for her husband, John Wagner, employed at a cigar store here, to secure their 2-year-old daughter from Mrs. Anna Clark, the wife's mother, yesterday, and he is now supposed to be speeding to San Francisco en route to his home in Michigan.

Mrs. Wagner, formerly Miss Dalia Clark, a local high school girl, eloped with Wagner at the age of 15, three years ago. The affair created quite a sensation here, the mother insisting upon a marriage, which occurred three days after the elopement. Since then, neglect, cruelty and abuse, according to Mrs. Wagner, forced her to leave her husband with her baby, and she returned to Medford several months ago, where she has been a waitress at the Nash grill.

Although she repulsed her husband when he first arrived in Medford, 10 days ago, his continued kindness and consideration bred the hope in her heart that he had changed, so, when he asked to take her and the little girl out to luncheon with him the request was granted. He left the Clark house about 10 o'clock with the baby, but when Mrs. Wagner arrived at the hotel to keep her appointment neither husband nor child appeared.

A man and baby answering the description of the pair left on the 10:30 train for San Francisco. The police were informed and the authorities at Redding, Cal., instructed to search the train, but without success.

Mrs. Wagner now intends to file divorce proceedings at once, in the hope that she will be able to regain her child through the courts.

Targets of Recall Firm Clackamas' Officials Allow Time for Resignations to Pass.

OREGON CITY, Or., July 29.—(Special.)—In order to accommodate voters who desire to register for the recall election which will be held August 16, County Clerk Murray has put on two extra deputies in his office, and has announced that on Tuesday, Wednesday and Thursday his office will be open for registration until 8 in the evening. Friday, the last day on which voters can register, the office will be closed at 5 in the afternoon.

Monday was the last of the five days which the law gives the members of the County Court, against whom the recall is projected, to resign. County

Minority Leader Underwood Calls Lobbyist Blackmailer and Clark Says He Never Saw Letters or Talked About Them.

WASHINGTON, July 29.—Martin M. Mulhall practically finished today his identification of letters he wrote and received in 1912, and today he was the lobbyist for the National Association of Manufacturers.

The Senate investigating committee will turn its attention tomorrow to his political activities in Washington and throughout the county, while the attorneys will do their best to break it down. Questions by the lawyers that receive the committee's attention will be filtered to the witness through its chairman.

Many Questions Will Be Asked. Robert McCarter, counsel for the association, has about 250 questions he wishes to ask the witness. Attorney Jackson H. Ralston, for the Federation of Labor, has prepared about 100 more, and no one knows how many separate queries members of the committee will submit to Mulhall.

Mulhall was called a liar and a blackmailer by Majority Leader Underwood of the House of Representatives, after he had sworn that he had tried to get Chairman Wilson of the labor committee interested in the story. He is telling, and that Speaker Clark and Minority Leader Mann, of the House, had turned down an opportunity to conduct an investigation of his activities.

The Speaker and Mr. Mann, he said, had been approached on this subject by Representative McDermott, of Illinois.

Clark and Underwood Deny. "Neither Mr. McDermott nor anybody else ever showed me the Mulhall letters and papers," said Speaker Clark today in a statement issued late today. "Neither Mr. McDermott nor anybody else ever spoke to me about them."

"That whole statement is a lie out of whole cloth—not a word of truth in it," declared Underwood. "There never was a question about Wilson's selection as head of that committee, solely because of his capacity and qualifications."

Mulhall brought the day to a climax by swearing that McDermott had acknowledged to him that he had signed Mulhall's name to a check for \$250.

Mulhall said today that he left the National Association of Manufacturers late in 1911 but letters of 1912 and 1913 showed him still about Washington, interested in the makeup of committees and in legislation. He apparently was lobbying on his own hook and other letters showed an evident desire to get back to his old employer, although he did not admit that he wished to secure his old berth.

SUIT IS FILED FOR LAND (Continued From First Page.) er, for "a nominal consideration," according to the complaint.

It is alleged that Botch, Mundell and Crapo acted simply as the agents of the Oregon Southern Improvement

Company and the Southern Oregon Company, with money furnished by them, and that the Southern Oregon Company was organized with the same officers, stockholders and owners as the Oregon Southern Improvement Company.

All these transfers, the complaint alleges, were made simply to the end that the terms of the grant might be evaded and the lands conveyed as an unconditional estate into the hands of the owners of the Southern Oregon Company. When the land was sold to satisfy judgment, it is alleged that the buyers simply paid the purchase price to themselves and there was no actual change of ownership involved.

Many of the complainants in the present case appeared as intervenors in the case of the Government against the Southern Oregon Company for the forfeiture of the lands in the grant, and Monday Judge Wolverton ruled that their complaints be dismissed.

Mrs. Brugge informed the police. Five minutes before 10 Thau knocked at the door. An officer met him and Thau shot himself, while Mrs. Brugge looked on from a window.

Seaview School Bids Are Opened. ROCKAWAY, Or., July 29.—(Special.)—Bids for the proposed new

national Power & Manufacturing Company. The grant may run perpetually, and can be revoked only by violation of its terms or the provisions of the general regulations.

The lower the rate charged to the consuming public, the lower the rate collected by the Government, and to protect the public further a maximum charge of 6 cents per kilowatt was fixed.

Allowing the United States to compete with Sweden, Norway and other countries in the manufacture of nitrate for fertilizing purposes, the company will have about 20 per cent of the regular rate for the power it uses in such manufacture.

It was announced that the Interior and Agricultural Departments, in agreement on the power permit question as the result of a recent conference between Secretary Lane and Houston, had three objects in view in adopting the new form of permits. The first and most important was to control the price of water power to the consumer by charging the development company less in proportion, as it charged the public less, and by fixing a maximum charge.

The second object was to secure development of the power available through low rates on water used for certain purposes and by decreasing rates with the amount of power developed. The third was fair compensation, and this, the officials say, they have secured.

The company must begin work within one year, and within three years must have at least 50,000 horsepower developed. Part of the intended construction is in the Kaniksu National forest, in Northeastern Washington.

Words of Praise

For MAYR'S Wonderful Stomach Remedy

"How thankful we are to you for getting a cure of my stomach. My wife could not have had but a short time to live if she had not taken your Wonderful Stomach Remedy when she did. One more of those paroxysms, which she was having, would have killed her without a doubt. Now she is free from all pain, free from that disturbing Neuralgia—all the results of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your wonderful stomach remedy, she has slept all night long. T. A. Neill, Bonaville, Texas."

The above testimonial says in behalf of Mayr's Wonderful Stomach Remedy. Sufferers should try one dose and will be convinced that they can be restored to health. All ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal secretions allowing poisonous fluids into the stomach and otherwise deranging the digestive system. Mayr's Wonderful Stomach Remedy palisades removes these secretions through a costless operation and puts an end to Colic Attacks, Gas, in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Affections. Ask your druggist about Mayr's Stomach Remedy and many grateful letters from people who have been restored.

Retired Georgia Planter's Advice to Kidney Sufferers

Regarding the wonderful curative merits of your Swamp-Root, I cannot say too much. After suffering severely for three years with kidney troubles, I was finally induced to try Swamp-Root through a testimonial read in one of the newspapers. I was in such a condition that I was obliged to arise from my bed six or eight times every night. I purchased a fifty-cent bottle and before it was used I felt so much relief that I purchased a one-dollar bottle and by the time this was taken the old pains had left my back and I could sleep the whole night through. I am a retired planter, 70 years of age, and owing to Dr. Kilmer's Swamp-Root, I am in the best of health and feel like a boy. I am always glad to recommend Swamp-Root to those who are in need of it.

Sincerely yours, C. E. USSERY, Bowersville, Ga.

Personally appeared before me this 8th of September, 1909, C. E. USSERY, who subscribed the above statement and made oath that the same is true in substance and in fact.

T. H. McLANE, Notary Public.
