Show Row Breaks Up in Love Feast.

SUNDAY PERFORMANCE OFF

Governor, Preachers, Churchgoers to Attend Monday.

GUARDS FIND TAME JOBS

Two Factions Wrangle While Tom Kay Pursues Pursuers of Cup That Cheers—Flowing Bowl Not Permitted to Flow.

OREGON CITY, Or., Aug. 3.—(Special.)—Governor West Representative Schuebel and three ministers—the Reverend T. B. Ford, W. T. Milliken and J. K. Landborough, who started the opposition to the Sunday performance of the Oklahoma Ranch Wild West Show in this city—turned circus boosters at noon today, following a two hours' conference, and as the result the Governor will attend the performance of the show here Monday, the ministers have requested their flocks to attend Monday, and Representative Schuebel will send his family.

But there was no show today. During negotiations the show train remained in Portland.

The Governor, Tom Kay and five big, strapping penitentiary guards alighted from the northbound train at 2 o'clock this morning. W. E. Burlock, of the show, at once buttonholed his excellency and led him away. Tom Kay arrested three persons for violating the liquor law, and the five penitentiary guards paraded the streets.

FOUR WOMEN CONSTABLES

Detectives at Los Angeles Pleaded With Success of Fair Sleuths.

LOS ANGELES, Aug. 3.—(Special.)—Four more women constables have been sworn in as a result of the success of feminine deputies recently named by Constable Lyons. Detectives agree women make constables officers to go in pursuit of women. Frequently a man is desperately mauled by a woman resisting arrest, but as a rule a woman submits meekly when another of her sex with star, club and handcuffs appears. It has been found too that women are better shoppers for catches, and a minute later Mr. Schuebel, summoned from home, chugged up in his automobile. With newspaper men as a gallery, the principals thrashed out the situation.

Mr. Schuebel demanded to know why Judge Eakin at Astoria had been asked to issue an injunction against the Sheriff, preventing the peace officer from interfering with the show, and why the injunction was filed just before closing time Saturday, when Judge Campbell of the Circuit Court, was in town. He said such tactics had characterized the entire proceedings.

MAYOR HAS 2840 VISITORS

City Executive Disturbed Often, Despite Secretary's Efforts.

During July, the first month of the administration of Mayor Alben, 2840 visitors were received at his office, according to a report made yesterday by Secretary Warren. Of the visitors the Mayor was interviewed by more than 1400, or an average of 52 each day. Secretary Warren succeeded in warding off the remaining 49 or 50 a day. The number of daily visitors has varied. The greatest number for any one day was 182, while the smallest number was 22. The 182 called one day during the strike troubles at the Oregon Packing Company's plant and the 22 on a Saturday when the Mayor was not at his office. Mayor Alben says the only time he has a chance to do any work is in the morning, between 6 and 8 o'clock and at home at night.

JOHN D. STILL BOY AT 73

Old Man Exchanges Age Notes With Fellow Baptist of 105.

CLEVELAND, Aug. 3.—(Special.)—"I'm still a boy," John D. Rocketteller, 73 years old, told Ebenzer Roberts, 75 years old, as the two met this morning after services at the Euclid Avenue Baptist Church, of which they are both members. The old man saw his older friend first. He rushed up to him. Mr. Roberts greeted him cordially.

"I once was a boy, too, but I'm an old man now," he told the old man. Mr. Rocketteller laughed and replied: "Well, I once was a boy and I am still a boy."

WHALE STARTLES SEASIDE

Beach Visitors Excited by Monster Until Carcass is Towed Away.

SEASIDE, Or., Aug. 3.—(Special.)—Causing intense excitement among the visitors at this beach, a large whale yesterday appeared off the coast here, a few hundred yards out in the ocean, and remained in the vicinity until today.

The sea monster disappeared today when the whaling vessel, Patterson, secured a line to it and started for Grays Harbor where the whaling fleet is stationed.

The whale had been killed near Tillamook Head and had drifted to a point off this coast while the vessel went in search of others of its kind.

POST NOT FOR POOR MAN, SAYS GERARD

AMBASSADOR, HOWEVER, TO PLAY GAME AS OTHERS DO.

Comparison of American Embassy With Those of Third Rate Powers Proves Painful.

BERLIN, Aug. 3.—(Special.)—Talk that the American Embassy here, under the Wilson Administration, is to be conducted democratically and as unpretentiously as a farmers' home, and that the new Ambassador would call on the Kaiser in a gray sack suit, was set at rest today by Justice Gerard, the new envoy to the Kaiser's court.

After looking over the field and failing to find a suitable house for the Embassy, and realizing that he would have to supply funds from his own pocket to establish an Embassy on the semblance of those of a third-rate power, Gerard said he was discouraged and disappointed. He even questioned his own wisdom in having accepted the post.

He frankly announced, however, that he was going to play the diplomatic game as nearly as possible as do representatives of other powers.

"An Ambassador is supposed to get things for his country," he said, "and to do things for his people and promote friendly relations. He can't do this if he is looked on as a fool or if the United States maintains representation on the scale of third-rate power."

"This talk of a poor man as an Ambassador, under present conditions, is absurd."

The new envoy said the embassy here was too small and most of it was taken up by offices. He could not invite his mother-in-law to visit him, he said, and added he thought President Wilson must have had the size of the embassy in mind when he selected a childless Ambassador.

Creation 460,000 Years Ago.

PHILADELPHIA, Aug. 3.—The Bible story of Noah and the flood is confirmed in many details by hieroglyphics written at least 4000 years ago by a historian who lived in ancient Babylon, according to an announcement made today by the University of Pennsylvania.

The writing on a tablet—an epic of great length purporting to reach back to the creation of the world—has been deciphered at the museum of the university by Dr. Arno Poebel, the announcement says. The tablet, said to be the oldest ever recovered from oblivion, was dug up in Nippur several years ago by a museum expedition.

DISTRICT ATTORNEY E. T. MATWELL, OF YULA COUNTY.

S. Reardon, Deputy Sheriff. Two unidentified colored hop-pickers, wounded. Sheriff George H. Voss, shot in head and badly beaten. Neil Nelson, wealthy farmer, arm shot away. Constable L. E. A request for militia was telephoned to Sacramento and Governor Johnson ordered five companies under arms. Adjutant-General Forbes, who started at once for Wheatland, was empowered to declare martial law in the district and the troops were held here with a special train ready for them to await his orders.

WHITMAN DENIES REPORT

Acceptance of Republican Nomination Not Promised.

NEW YORK, Aug. 3.—(Special.)—Political circles in the city were aroused tonight when a dispatch was received from Bretton Woods, N. M., saying that District Attorney Whitman had made an announcement that he would accept the nomination for Mayor if it were offered to him by the Republicans.

Dispatches were immediately sent to Mr. Whitman and he denied positively that he had made any such statement and said that the announcement was without his knowledge or consent.

COMING OF FLOOD FORECAST

The Zinguddia of the Babylons, it is believed, was the Noah of the Hebrews. The tablet tells of Zinguddia's learning from the great god, Enki, that mankind was to be destroyed "by a rain storm." Then comes a description of terrific wind and rains.

"At that time the rain storm had passed over the land and carried away the huge boat. Then the sun god came forth, shedding light over heaven and earth."

ARTILLERY COMING TO POST

VANCOUVER BARRACKS, Wash., Aug. 3.—(Special.)—That this post will not be abandoned, but instead will be improved and increased in size and importance is the impression gained by officers today from Secretary of War Lindley M. Garrison.

Major-General Leonard Wood, chief of staff; Major-General J. B. Aleshire, chief quartermaster, and Brigadier-General George Andrews, adjutant general, accompanied Mr. Garrison, who visited and inspected the oldest military post on the Pacific Coast here today.

"I am charmed with the post here, the fine climate, and the general situation," declared Secretary Garrison. "On this trip we are looking over all of the military posts of the Army, and I cannot say at this time just what will be done at Vancouver Barracks. No determination can be made until we shall have seen all of the posts and returned to Washington. But I am much pleased with the fort, and have enjoyed my trip through it today."

FORMER PASTOR IS HEARD

Rev. Edgar P. Hill, of Chicago, Occupies His Old Pulpit.

CHICAGO, Aug. 3.—(Special.)—Lead-ers in biscuits and leather-crusts pies and all the other dinner delicacies of Mrs. Newby's soon may cease to cause physical pain and matrimonial estrangement.

Authorities of Cook County are considering the advisability of giving away official Cook County cook books with all marriage licenses. Robert M. Switzer, County Clerk, will present the plan to the County Board.

Those who favor the idea point out that the county may render a real social service by presenting each licensed bride with a kitchen guide. Marriage not only will be made happier and the work of the divorce courts thereby lessened, but the plan makes possible a revenue of \$10,000 to the county.

HOOD RIVER, OR., AUG. 2.—(Special.)—Although handicapped by the lack of one arm, J. L. Moreland, a young man who resides west of this city on the State road, yesterday stopped his horse after an exciting runaway near the city limits.

When Mr. Moreland's horse became frightened and started to run the one-armed driver seized one line in his teeth and wrapped the other about his lone hand. He sawed away at the bit until the animal stopped.

Mr. Moreland is a son of Clerk of the Supreme Court Moreland, of Salem.

OFFICERS EXPECT INCREASE

With ample ground in the post for a brigade and an ideal target range as near as is the Probestel range, it is thought by many officers here that surely this post will be increased to a brigade post soon after the Secretary returns to Washington, D. C.

A committee from the Vancouver Commercial Club, comprising Henry Crass, president; J. A. Munday, W. F. Edwards, J. M. Langsdorf, Glen N. Rank and A. J. Biddle, met Secretary Garrison's party at noon and held a long conference with reference to having the War Department grant a franchise to the Washington-Oregon corporation to build a streetcar line through the garrison on Fifth street.
