

the cast acquire greater speed. He con-tinues: Of these mentioned, I think that, given an equal opportunity for development, R. A Holden, Jr. is the most promising and will go the furtheat because both temper-mentally and in mechanical execution his parent weaknesses, is cool and steady at critical times, uses good generalship and never becomes discouraged or quits. The one criticism of his gams, which to me has no foundation, is that he lacks the never becomes discouraged or quits the provenent in that can be developed in fact, he has shown, considerable im-provement in that remped, and he has said tat he believes in getting size of stroke and matter in the transmitter of the stroke of the provement in that remped, and he has said that he believes in getting size of stroke and accuracy first and then going in for med-a belief in which I heartily concur. Dan Mathey's game deserves approva-

Dean Mather's grins deserves approva-Dean Mather's grins deserves approva-as containing many qualities above re-fetred to in regard to Holden. All of his strokes are made in proper form, his nerve-is good and he displays sound indigment. His bot game, however, appears to have-heen somewhat neglected for the develop-ment of his ground strokes, and his physique does not seem well able to stand the strain of long, bard matches. George Church, on the other hand, ap-pears to suffer from over-attention to his pressigned bin with considerable success, in the long run he will be march handleapped meas he is able to materially improve for the ground. This will be hard for him to do, as his strokes are now pretty well do, as his strokes are now pretty well do, as his strokes are now pretty well the ground. This will be hard for him to do, as his strokes are now pretty well the ground. This will be march to a proper way.

The was a dangerous procedure. and rewarded him with considerable success, in the long run has will be match handlcapped anless he is able to materially improve off the ground. This will be hard for him to do, as his strokes are now pretty well actiled, and, once started in a wrong way, a change is very difficult to make. W. M. Washburn's game possesses many atmirable characteristics, beautiful ground strokes from the back of the court being s attrokes from the back of the back of the from the back of the back of

fight. His net same can be somewhat im-proved upon with practice but a weakness more vital is his inability to adapt his strong strokes to handle various opposite for instance, appearing very difficult for him to play with any speed.

UNITED STATES LAUNDRY WINS

Pacific Beaten 3 to 2 in Well-Played

11-Inning Game.

In one of the longest and best-played games in the Laundry League the United States representatives won United States representatives won from the Palace nine yesterday, 3 to in an 11-inning battle. Lond of the winners struck out 15, while Davis of the Falace whiffed 15. A decision by the unpire allowed the United States to the the score in the minth inning to the the score in the minth inning

With the decided of the players of the country. Count of the decided of the the state of the country. Count of the decided of the the transment of the deciding battle.
Answer to Query.
Thill: If the umpire said the catcher of the runner was forced out, the was wrong. If he called the transment of the catcher had that the runner was forced out, the was wrong. If he called the transment of the deciding battle the transment of the catcher had tagsed him, his decision the third instead of trying to score out at the plate. From at the decision is the decision.
With the deciding to state the the catcher had the states of the the scale of the transment of the scale of the

cape rancon, or raise initianous head, as it is known to mariners, be-cause of its similarity to the Columbia River beacon, juts far out in the breakers several miles south of its compete in the Clay Court Champion-ship, he was, quite naturally, much in demand. On the Sunday preceding the challenge match with Walter Hayes the young Philadelphian was one of a party that motored to the beautiful Allegheny Country Club at Sewickley Heights. When he reached there he learned that an exhibition match had been arranged in which he was to be one of four play-ers. As he was scheduled to play three matches the next day, he excused him-self and another player was substitueflank protector, the cave-caten Arch

Further progress south of False Tillamook was out of the question, so, after reaching the base of the towering cliffs, and posing for photographs, the party turned about with many qualms, for the lurking ripples of the minus tide, which pays its annual visit about this time of the year, were even

then licking at the wheels. Fifteen minutes after the Chalmers was again anchored on safe ground big combers were roaring and barking over

Philadelphian. "Oh, no; it was Williams that played," said the other very emphatically. "I have seen him play before, and I am sure that it was he." And nothing that Williams could sav availed to shake the chance acquain-tance's bellef. PUBLIC CHALLENGE ANNOUNCED Dan O'Leary, Riled by Aspersion, Seeks 1000-Mile Match. After the match he was chatted with by a chance acquaintance. "That young Williams is a fine play, "That young Williams, assented, somewhat reti-cently. "He played quits a match just now," This was news to Williams, and he ventured to remark that another player had been substituted for the Philadelphian. Public CHALLENGE ANNOUNCED

and bob white quall to be liberated in our district.

(Spe-

Someone told Dan O'Leary that he was a thing of the past. Here is what Hunters Pay to Protect Elk.

The County Court of Josephine County has signified its willingness to enter into this enterprise to the extent of an investment of several hundred dollars toward liberating eik in the Dan has to say. "I hereby challenge any man of any age, weight or color, to walk 1000 straightaway niles in any city on the Pacific Coast, Fortland preferred. (Signed) "DAN O'LEARY." enter into this enterprise to the extent of an investment of several hundred dollars toward liberating elk in the district. More than 400 local sportsmen of the county have already subscribed \$5 each toward a fund to protect the elk after they are liberated, and the people in general of the district are in camp. This feature would state to the mouth of Rogue River and there take pictures of the fish industry and from there up Rogue River and stop at Bear Camp, and have previous arrange-ments made for some excellent hunting and camping scenes, showing both the in camp. This feature would state to elk after they are liberated, and the people in general of the district are much in earnest in their efforts to bring about the purposes for which this organization was created. We helieve that each cougar destroys from 50 to 100 deer annually, and as a rule these are does and small deer. Alcohol in conjunction with the Welsbach mantle is now used for automobile head-lights in Germany.

The believe that each cougar destroys from 50 to 100 deer annually, and as a submance of game, and many valuable plotures along this line could be secured. Therefore we are starting a movement intowards increasing the bounty materially on cougars, bob cats and coytes, so as to exterminate the varmints which prey on our game. An effort is also to be made to have bear protected, for the made to have bear protected, for the down on injury to stock or to the set is and the best scenery in Southwestern California. Moving platures taken over the courty. It is desired that at least 5000 feet of film be used in one continuous feature, which would do the most good. We have taken the matter up of creating a National park, game refige and playground in the mountain discrete twould do the most good.
