Louisville & Nashville Boarded While in Motion by Men Who Add New Features to Crime Perpetrated at Leisure.

BIRMINGHAM, Ala., Aug. 5,-The mallear on the fast Louisville & Nash ville passenger train No. 4, north-bound from New Orleans, was boarded and robbed early tonight by two white men, who held up the mail clerks. All the registered mail was taken, but no estimate could be made tonight of the amount obtained.

amount obtained.

The train reached Birmingham on time at 8:37 o'clock and two of the mail clerks, George Hoover and E. G. York, were found handcuffed together in such a way that the irons had to be filed from their wrists. The thumbs of Chief Clerk Henry Everett were securely bound together with heavy twine.

Shot Fired When Clerk Looks, The robbers boarded the mail car at Calora, on the side opposite the station, as the train began to move. The clerks said they were covered with revolvers and ordered to turn their faces to the wall. Everett looked around once and was fired on, the bullet just missing his head. The robbers jumped from the train at Fourteenth street in Birmingham.

Birmingham.

Chief Clerk Everett said he had no idea of the value of the registered mail, but declared that the robbers took it all. Both were short, slender men, he said, but he did not get a good look at their faces as they were forced to keep their own faces turned to the wall.

Work Done Thoroughly.

The clerks first saw the robbers as they came aboard on their hands and knees. One robber kept his pistol leveled at the men, while the other ransacked the mail. The distance from Calero and Birmingham is 33 miles, so that they had pienty of time to make a thorough job. No one except the mail clerks on the train, apparently, knew the robbers were aboard.

When the engineer stopped for the Southern crossing at Fourteenth street, Birmingham, he chanced to look back and saw the two men jump from the mail car door. This aroused his suspicions and an investigation revealed the handcuffed clerks. Detectives Begin Search.
