

WILSON AGENT NOT WANTED IN MEXICO

Minus Credentials, Lind Is Undesirable.

MISSION CALLED SEDITIONOUS

Little Consideration Likely to Be Shown on Arrival.

NEW ANGLE COMPLICATED

Best That Lind Can Hope For Is to Be Ignored, Say Officials of Huerta Regime—Opponents Are Skeptical.

MEXICO CITY, Mex., Aug. 6.—Secretary of State Bryan sent the following telegram to the American Legation tonight:

"You may say to the Minister of Foreign Affairs that Governor Lind comes to Mexico on a mission of peace and that the President feels sure his presence there will contribute toward a settlement of the difficulties. The Mexican government should await the President's communication and not give weight to misrepresentations published in sensational newspapers."

The message was delivered to the Foreign Minister.

MEXICO CITY, Aug. 6.—John Lind, special representative of President Wilson of the United States, now on his way to Mexico, will be persona non grata to this government, unless he brings credentials in due form. "Together with recognition of the government of Mexico," according to an official statement issued late tonight, Manuel Garza Aldape, Minister of Public Instruction, who is acting as Minister of Foreign Affairs, issued the statement and had it transmitted to the United States Embassy. It was also dispatched by the Mexican government to the United States and to Europe. The statement follows:

"By order of the President of the Republic, I declare that Mr. John Lind does not bring credentials in due form, together with recognition of the government of Mexico, his presence in this country will not be desirable."

Antagonism has been aroused among Mexicans toward Lind, perhaps by the plan for the pacification of the republic by the latest news from Washington that the object of John Lind's visit here as the personal representative of President Wilson is to consult with prominent Mexicans and advise them that the only basis on which Mexico will be recognized by the United States is the elimination of President Huerta.

Expulsion Is Talked Of.

Earlier reports that Mr. Lind purposed to deal with Huerta, perhaps by making the direct suggestion that he resign, were received with indignation by Mexican officials, and the new angle of his visit makes it not improbable that he will be treated with even less consideration.

It was pointed out by a prominent Mexican today that in the former case the Government might not consider itself obliged to act until the suggestion was put forward by Mr. Lind, but that in the second case the Government would be justified in characterizing him as one who was inciting Mexicans along lines of sedition and in applying the pernicious foreign expulsion clause of the constitution.

This Mexican also indicated that since Mr. Lind was coming to Mexico in an unofficial capacity, and with no credentials, he could not expect more consideration or immunity than an ordinary foreigner would receive.

Huerta Not in Receptive Mood.

Officials of the Huerta administration still are firm in their opinion that no suggestions whatever involving mediation or the resignation of Huerta will be acceptable and say that the best that Mr. Lind can hope for in this respect is to be ignored. However, the anti-Huerta element, which is not prominently in evidence in the capital, is skeptical regarding the firm stand by the administration.

Alleging that the state of the country is such that it would be impossible to hold a Presidential election October 25, the date previously set, the Catholic convention agreed late tonight not to nominate a candidate for the Presidency. It reserved the right, however, to reassemble for this purpose in the event that peace is restored to such an extent that the holding of elections will become possible.

The debate over the resolution not to nominate a candidate developed as an anti-American speech by a delegate from the Federal district of Mexico, who charged that the condition of the country was due to the non-recognition of the government by the United States. The speaker advocated that the convention take no action which further would divide the Mexican people, who, he said, should present a united front in case of war with the United States.

Elections Made Impracticable.

The speech met with the approval of a large number of the delegates, but it was opposed by the leader of the federal district organization, who insisted that the attitude of the Administration at Washington did not represent the views of a majority of the American people.

PORTLAND DENTIST WEDS GRILL SINGER

DR. C. A. PROUDFOOT AND MISS GRACE CAPP MARRIED.

Romance Begins When Colorado Girl Is Employed as Soloist in Portland Restaurant.

DENVER, Colo., Aug. 6.—(Special).—Two years ago, in a Portland grill, Miss Grace Monroe Capp lifted her lyric voice and sang far across the crowd to a man who sat under the rose electric. The man in the case was Dr. Carl A. Proudfoot, a dentist, with offices at 523 Medical building, Portland.

The love notes of the singer found a warm response in the heart of the dentist and an introduction followed. Miss Capp was singing under the name of Grace Monroe. Shortly after the meeting the songbird packed her belongings and flew South. Dr. Proudfoot packed and flew also and finally, in a city far from Portland he caught his songbird and their engagement followed.

Miss Capp came to her home in Longmont, Colo., several weeks ago and Dr. Proudfoot arrived two days ago. They were married Monday night at the residence of H. B. Brown, in this city, by Dr. Tyler.

The bride is the daughter of Mrs. Mary Capp, of Longmont. She is 28 years old and he is 36. They left for Portland last night.

FESTIVAL AIDES TO MEET

Permanent Directors Are Expected to Be Chosen Today.

A meeting of the delegates from the various clubs and civic organizations in the task of reorganizing the Rose Festival will be held today and it is probable that a set of 15 permanent directors will be elected from the list of 20 candidates already nominated. These directors then will elect a permanent organization and elect a general manager to take charge of plans for the 1914 festival.

Definite steps cannot be taken, however, until the old Rose Festival Association holds its annual meeting on September 2.

The Rose Festival Association is an incorporated body. It will be necessary, in order to have the new association succeed to the work, for the old organization to surrender its property and good will to the new.

It is understood that the stockholders in the old association are ready to disband and to turn their affairs over to the new body.

LIFE RISKED TO SAVE COLT

Woman Wades Through Flames to Lead Animal to Safety.

SALEM, Or., Aug. 6.—(Special).—With no thought but for the safety of the little animal, Mrs. C. J. Simmons, who lives on the hop ranch of the T. A. Livesley Company, four miles southwest of this city, rushed into a burning stable early today and soon returned with a highly-prized colt. The woman was not injured, but those who saw the rescue wonder that she escaped with her life. The roof fell just as she emerged from the building.

Mr. Livesley is unable to account for the fire, which destroyed a large barn, 80 tons of hay, farm machinery, several sets of harness, entailing a loss of several thousand dollars.

A driving horse perished in the flames.

EXPERTS TO GO ABROAD

Houston Designates Man for Further Study of European Farming.

WASHINGTON, Aug. 6.—The farmers of the United States may profit by the experience of farmers in Europe. Secretary Houston, of the Department of Agriculture, decided today to send abroad Dr. Thomas N. Carver, head of the Rural Organization Service, and Bradford Knapp, who is in charge of the farmers' co-operative demonstration work in the South.

The study of successful co-operative schemes will be the principal object of their trip. They will visit Ireland first, then Denmark and, if time allows, Saxony. They will sail about the middle of this month, to be absent about six weeks.

PRIEST SUED BY HUSBAND

Ten Thousand Dollars Demanded in Action for Alienation.

ST. LOUIS, Aug. 6.—Jacob Bryn filed suit today in the Circuit Court against Rev. Roman Pawlikowski, former pastor of an independent Polish Catholic church here, for alienation of his wife's affections. He asks \$10,000 damages.

The parishioner writ was served on a local trust company to attach funds the priest has there.

Father Pawlikowski telegraphed from Scranton, Pa., to a newspaper tonight a denial of the charges made against him.

APPLE SHIPPERS CONVENE

Men Who Handle \$100,000,000 Worth of Fruit Annually Meet.

CLEVELAND, O., Aug. 6.—Seventy-five per cent of the apple shippers of the country, who handle \$100,000,000 worth of the fruit each year, are attending the 19th annual convention of their association in this city.

The apple shippers were welcomed to Cleveland by an address by Mayor Baker. The opening session was devoted to the hearing of reports of committees. Wives of the delegates visited Forest Hill on invitation of John D. Rockefeller.

DIGGS PROSECUTOR AVOIDS BACHELORS

Every Single Man But One Challenged.

WOMEN SCRAMBLE FOR SEATS

Completion of Jury Early Today Is Indicated.

GIRLS ARE NOT IN COURT

Talesmen Examined by Government as to Whether They Have Daughters; Defense Concerned Only With Sons.

SAN FRANCISCO, Aug. 6.—(Special).—Judge Van Fleet today adjourned court in the Diggs white slave case with three jurors actually passed and nine other talesmen in the box. Only two remained out of a venire of 72 and the United States Marshal was instructed to issue a call for a special venire of 20 tonight. A jury ought to be secured in an hour tomorrow.

Many were excused because of business, but the greater number declared they had formed such positive opinions about the case that they could not give Diggs a fair trial. The prosecution exercised peremptory challenges on four talesmen and the defense challenged five. The prosecution has two peremptory challenges left and the defense five.

The prosecution challenged all bachelors except Arthur Godall, a well-known young shipping man of the firm in which United States Senator Perkins is interested.

Crowd Blocks Corridors.

In a rush for seats at today's session nearly 200 persons who blocked the corridors for hours before the courtroom doors opened were disappointed. Ten women managed to squeeze inside before the doors were barred. Those who were unable to obtain admission remained outside, taking their chances on an occasional glance at the principals.

BOGUS \$5 PIECES APPEAR

Counterfeiters, Content With \$1.50 Profit, Make "Dangerous" Coin.

SAN FRANCISCO, Aug. 6.—Bogus \$5 gold pieces which agents of the secret service describe as dangerous counterfeit have appeared here. Manufacturers of the coins are satisfied with a profit of about \$1.50 on each one, as the spurious pieces have been found to be composed of about \$3.50 worth of gold, in an alloy with copper and silver.

MITCHEL SUPPORT NOT WHOLLY LOYAL

Fusion Candidate Has Fight on Hand.

WHITMAN MEN DISGRUNTLED

Roosevelt Desertion Blamed for Prosecutor's Defeat.

SULZER IS MUCH PLEASED

Tammany, However, Admits Its Prospect for Electing Mayor of New York Is Blue—Record of Nominee Is Good.

BY LLOYD F. LONERGAN. NEW YORK, Aug. 6.—(Special).—The selection of John Purroy Mitchel to head the fusion ticket does not represent a compromise, but rather a yielding to threats.

In their selection the committee of 107 did not represent either their own personal views or that of public sentiment.

More than a majority favored George McAneny, borough president of Manhattan, but they admitted that he would be a weak candidate. Also a majority admitted that District Attorney Whitman was the choice of the voters, so far as they could ascertain it. The trouble was that the selection of either the man they wanted or the man they feared would have been followed by a bolt. Had any factional fight been started against Mitchel he, too, probably would have been thrown in the discard. Because his opponents did not pursue a "rule or ruin" policy he was nominated.

Whitman Forces Accuse Roosevelt.

Whitman was eliminated by the Progressives; McAneny by William Randolph Hearst. Both supported Mitchel, but Hearst had no real opposition to Whitman, while the Progressives would have taken McAneny had it been necessary.

Friends of Whitman are bitter against Theodore Roosevelt, whom they blame for the District Attorney's defeat. Roosevelt and Whitman were old friends, and the ex-President made it clear that he had no objection to a fusion ticket headed by Whitman. Then certain of the Progressive leaders began to howl, with the result that Roosevelt went out West to hunt, leaving his followers free to fight the District Attorney.

Francis Bird, unknown to fame until he became county chairman of the Progressives, led the battle against Whitman. Bird had it figured out that

ABSTINENCE ON INCREASE

Navy Chaplain Says Returning to Ship Drink Is Now Uncommon.

PHILADELPHIA, Aug. 6.—That total abstinence from intoxicating liquor is on the increase in the United States Navy was declared by the Rev. Eugene McDonald, in an address at the 43d annual convention of the Catholic Total Abstinence Union, which opened here today. Father McDonald, who is a chaplain in the Navy, said the Navy is now "85 to 90 per cent temperate."

"We have," he said, "by actual enumeration 12 per cent total abstainers and 73 per cent temperate men. The old days of intemperance and men do not drink the ship drink. The new frontiers in the Navy who go ashore, take a glass of beer and then go their way. They will take a pledge against whiskey but want their beer as a safety valve."

ROAD MAY REFUSE MAIL

Postoffice Department Retorts Public Must Be Considered.

WASHINGTON, Aug. 6.—Complaints from many railroad agencies against inadequate compensation for increased weight of mail matter under the parcel post system has culminated in a notice to the Postoffice Department from the Toledo, St. Louis & Western Commission that at the end of 60 days it will discontinue the transportation of mail. This company's contract will not expire for two years and the department has informed the management that discontinuance will not be permitted; that the interests of the Government and of the public, as well as those of the railroad, must be considered.

EARL MARRIED SECRETLY

Bride of Rocksavage Is Descendant of Bagdad Trader.

LONDON, Aug. 6.—The Earl of Rocksavage, the well-known polo player and Miss Sybil Sasson, daughter of the late Sir Edward Sasson, were married almost secretly today at a London registry office, only the necessary witnesses being present. The civil ceremony was chosen on account of the difference in the religions of the contracting parties.

The bride's father was a descendant of a famous Bagdad trader, who amassed his wealth in Persia and India. He divided his fortune of \$5,000,000 between Miss Sybil and her brother, Sir Philip Sasson.

DUCHESS SUDDENLY ILL

Wife of Governor-General of Canada Seized at Cowes.

LONDON, Aug. 6.—It became known today that the Duchess of Connaught, wife of the Governor-General of Canada, was seized with a sudden illness at Cowes last Thursday, which caused much anxiety. The Duchess was much better today and it is expected she will recover from her indisposition in a few days.

The Duchess of Connaught recently was operated on in London for intestinal trouble.

GIANT VESSEL CUTS CIRCLES IN MIDSEA

DRINK AND FOOD FALL IN LAPS AS IMPERATOR SHIES.

Midnight Diners Rush to Deck When Liner Breaks Steering Gear and Lurches to Side.

NEW YORK, Aug. 6.—(Special).—The steering gear of the giant Imperator, which docked here today, broke Saturday shortly before midnight and the great ship, utterly helpless, made circles half a mile in diameter several times before she could be stopped.

There were late diners in the Ritz-Carlton restaurant, but most of the 800 first cabin passengers were in bed when the steering gear suddenly snapped. The rudder shifted to port and the ship took a sudden list to starboard. Drinks and food were thrown into the laps of the diners. They rushed on deck in terror to find the ship beyond human control, running at 22 knots in a great circle.

It was found, after the vessel was stopped, that a glycerine pipe connected with the gear had broken suddenly. That threw the gear out and made it unmanageable. The same thing had happened before.

The Emperor carried more cabin passengers than ever crossed the Atlantic before in any vessel. Counting her crew she had more than 4500 persons aboard. Of these 804 were in the first cabin, 579 in the second, and 794 in the third. In the stateroom were 1522 more.

The Emperor crossed from Cherbourg in 5 days 19 hours 8 minutes.

JAPANESE QUARTER SPLITS

Social Rivalry Causes Establishment of Two Postal Sub-Stations.

Rival groups of Japanese in Portland are responsible for an order by Postmaster Myers yesterday establishing a new postal sub-station in the Japanese quarter of the North End.

Japanese are heavy money-order patrons. Through the house of S. Ban & Co., which has the present sub-station, they sent \$150,000 in money orders to Japan last year. Postoffice authorities thought everything harmonious until they learned that those not in the S. Ban "set" refused to have anything to do with his sub-station.

Rather than socially recognize S. Ban & Co., even to buying a 2-cent stamp, patrons of a rival commercial house patronize the central Postoffice exclusively.

The postmaster has handled a delicate social situation with safe tact.

THIRD WAR NOW PREDICTED

All Sides Disatisfied Except Possibly Roumania.

LONDON, Aug. 6.—The second Balkan peace congress having concluded peace on a basis of compromise which is unsatisfactory to all the states concerned except possibly Roumania, the question is being asked how soon a third Balkan war will break out.

Bulgaria has obtained the agreement reached in Bucharest today a considerable portion of Northern Macedonia—much more than the allies were at first inclined to give her—and also about 60 miles of the Aegean seaboard, which will enable her to build her projected railway from Philippopolis to the Aegean.

Bulgaria, however, deeply resents being deprived of Kavala, a port on Kavala Bay, which goes to Greece. Also she is confronted with the task of expelling the Turks from Adrianople, it being clear that the powers will do nothing in this direction. Bulgaria will seek to introduce in the peace protocol to be signed at Bucharest tomorrow a reservation practically appealing to the European powers for a subsequent revision of the peace treaty.

The details of the new frontier line still are unknown, but apparently the whole of the disputed country between the northerly courses of the Vardar and Struma rivers goes to Serbia, including Ovchepolye, Veles, Iatip and Kitchana, while Demirhisar, Seres, Drama and Kavala fall to a provisional settlement of the difficulties. It says that both Russia and Austria are opposed to Greece's having Kavala and that the powers are almost certain to insist on a revision of the treaty to meet their views.

SIXTEEN OVERCOME IN AGUEDNET

NEW YORK, Aug. 6.—Stupefying fumes of an explosive overcame 15 men, killing one, and caused a panic among 400 others today in the Catskill aqueduct, under the streets of downtown New York. The 16 affected were dragged unconscious to a shaft and brought to the surface in a lift.

BULGARIA CROWDED TO WALL BY ALLIES

Peace Terms Dictated by Roumania.

DISPUTE IS SUDDENLY ENDED

Threat to Occupy Sofia Is Culminating Point.

NEW FRONTIER IS DEFINED

Bulgarians, Utterly Helpless in Face of Enemies, Cling to Hope of Ultimate Revision by European Powers.

BUCHAREST, Aug. 6.—Peace was concluded tonight between the Balkan states and the preliminary treaty will be signed tomorrow by the delegates of Serbia, Greece, Montenegro, Roumania and Bulgaria. The agreement was arrived at only after an exhibition of the utter helplessness of Bulgaria to face her ring of enemies.

The discussions in the peace conference on Wednesday threatened to become interminable, but M. Majoreesco, the Roumanian Premier and president of the conference, clinched matters by threatening that unless Bulgaria accepted the modified frontier proposed by the allies, Roumania's army would occupy Sofia this Saturday. This threat had the desired effect and an agreement was arrived at today after numerous private consultations between the delegates.

A new frontier, as agreed to, starts at a point on the old frontier west of the Struma river, follows the water-courses to the west of the town of Strumitsa, thence runs almost through the Struma Valley to the Belesh Mountains and thence easterly in almost a straight line to the Mesta River, just leaving the town of Strumitsa, the port of Lagos and Xanthi to Bulgaria, and the port of Kavala to Greece. The new frontier is a deep disappointment to the Bulgarians, who still nurse hopes for the eventual revision by the powers.

It is believed that an agreement for the demobilization of the various armies will be signed tomorrow. The news that peace had been arranged caused great rejoicing here.

A PEACEFUL SCENE ON THE WILLAMETTE—NEXT SUMMER, MAYBE.
