

ACTION ON CAR TICKETS DELAYED

Introduction of New System of Electric Light Signs Held Up by Commission.

COSTELLO CLAIM DENIED

City Decides to Purchase \$60,000 Bonds of Water Department and Opens Tenders for Paving of Several Streets.

COUNCIL PROCEEDINGS IN BRIEF.

Action on proposed electric sign ordinance again deferred. Request of Johanna Costello for payment of damages for the killing of her son denied. Car-ticket ordinance postponed two weeks. Question of insurance on bridges considered. Ordinance passed requiring all city employees to register defective streets, sidewalks and insanitary conditions. Ordinance passed providing for purchase of \$60,000 water bonds. Contract let for waterproofing of reservoir.

For the purpose of considering in greater detail the electric sign conditions in the city, the City Commission yesterday deferred action again on the proposed amendment to the sign ordinance permitting the use of magnifying bulbes. The measure was referred to Commissioners Daly and Bigelow after a heated debate in which manufacturers of the lens sign, who have headquarters in the East, and representatives of the city, street makers and labor union representatives took part. Commissioners Daly, Brewster and Dieck stood out against the measure while the lens sign provision, while Mayor Albee and Commissioner Bigelow favored it.

Government Recognition Cited. The lens sign people, represented by Dan J. Malarky, attorney, asserted that the lens signs should be permitted inasmuch as they are artistic in appearance and cost less to produce and operate than the electric signs outlined with lights. It was declared that the lens signs are permitted in other cities of the country and are recognized by the Federal Government as efficient signs, several buildings in Washington, D. C. When the Commission voted in favor of deferring action on the question Attorney Malarky declared that there were reasons for such action which did not appear on the surface. He declared that the lens sign industry is very busy and are trying to keep out the lens signs because they would cut into the local sign manufacturing business. The lens sign manufacturers have announced that they propose to establish a factory here for the manufacture of their signs. The factory is to be installed as soon as permission is given for the use of the product.

Old Case Decided. After lengthy consideration the Commission voted to deny the request of Johanna Costello for the payment of \$7500 for the killing last year of her son, Maurice Costello, by the police patrol wagon. Mrs. Costello is in destitute circumstances. It was said at the meeting yesterday by Commissioner Malarky that he had advised the city and had found that Mrs. Costello was never supported by her son and for that reason her means of support was not taken away from her. Action on the proposed ordinance requiring the streetcar company to grant six fares for 25 cents was postponed for two weeks. It was proposed to hear now and then to have a public hearing in which the ordinance will be considered.

Interest of Employees Required. An ordinance was passed requiring all city employees in the future to report defective sidewalks and streets, leakage in sewers or water mains and insanitary conditions in any part of the city. A contract was awarded to the Knott-Joslyn Company for the waterproofing of Mount Tabor reservoir to stop leaks which are responsible for the loss of much water. The question of insuring the bridges over the Willamette was considered and referred to Commissioner Brewster for decision. There is a question whether the city or the county should place the insurance and pay the premium. An ordinance was passed authorizing the purchase from the bonded indebtedness sinking fund of \$60,000 worth of the \$78,000 in 30-year 4 percent water bonds to be sold August 15. The remaining \$18,000 bonds will be sold to the highest bidder. Bids for paving several streets were opened. A resolution was passed granting permission to the management of the Council Crest Park to conduct dances of a fraternal nature at that place of amusement.

COOS BAY AID TO BE MOVED

Official Order Is Out Changing Lightvessel's Name. Changes in buoyage on the Lower Columbia River and at Coos Bay are included in the most recent information issued from the office of Henry L. Beck, inspector of the 17th Light-house district, which is as follows: Coos Bay entrance range rear light to be moved about August 15, 1913, about 65 yards 45 degrees in (N. W. & N. E. of present position); to be shown 7 feet; color, red; light, flashing white; height, 12 feet; light, flashing white; height, 12 feet; light, flashing white; height, 12 feet.

COMBUSTIBLE SIGNS TO GO

Ordinance Passed at Request of Ad Club Now Effective. After today it will be an offense, punishable by a fine and jail sentence, for any person or firm to construct or

maintain a combustible sign of more than 20 square feet in area on the wall of any building or upon any other outside surface in Portland. An ordinance drafted by the Portland Ad Club and passed by the City Council June 25 will go into effect at that time. The measure is aimed to prevent fires from placing large cloth banners over the front or sides of buildings. Such signs, it is said, increase fire danger and are unsightly. Provision is made for the erection of 20-foot banners, but a suit, provided that they shall not be placed closer than 20 feet apart. For violation of the provisions of the ordinance a fine of not less than \$10 nor more than \$250 and a jail sentence not to exceed 90 days are provided. The police department is authorized by the measure to remove all signs existing at the time it goes into effect, or which may be erected thereafter. The ordinance was passed by the Council June 25 and was sent to Mayor Rushlight June 27. Inasmuch as his term of office expired three days later, he failed to sign the ordinance. As he did not exercise the veto, it will become effective at midnight tonight.

LAST RITES TO BE SAID

FRIENDS WILL BEAR DUNIWAY'S BODY TO GRAVE. Employes of State Printing Office Will Attend Funeral at Unitarian Church. The funeral of Willis Scott Duniway, late State Printer, who died early Tuesday morning, will take place this afternoon at 2 o'clock from the Church of Our Father, Unitarian, at Broadway and Yamhill streets. Rev. T. L. Elliot, pastor emeritus of the church, will officiate at the service, both at the church and at the grave in Riverview cemetery. Eight lifelong friends of Mr. Duniway, named as honorary pallbearers, they are: H. L. Pittcock, Wallace McCamant, George A. Steel, David M. Dunham, Joseph Simon, ex-Governor Z. F. Moody, E. S. Jackson and W. S. Winkate. The active pallbearers will be: Oswald Ball, Fred A. Dunham, Melvin M. Dunham, Joseph Anderson, W. J. Cuddy and F. H. Case. Employees in the State Printing Office at Salem, of which Mr. Duniway was in active charge as State Printer until the beginning of his last illness four weeks before his death, will attend the funeral. A host of Mr. Duniway's friends in this city and from other towns in the state will also be present. In respect to his memory, the office of the State Game and Fish Warden will be closed all day today.

TRIBUTE PAID TO DUNIWAY

Capitol Flags Are Half-Masted in Memory of State Printer. SALEM, Or., Aug. 6.—(Special.)—The flag on the Statehouse is at half-mast today in honor of the late Willis S. Duniway, State Printer, who died Tuesday morning. All employes of the state printing office will attend the funeral tomorrow and many of the state officials will pay their final respects to Mr. Duniway. Announcement was made today that James Godfrey, of this city, may succeed Duniway. He is ex-fellowman of the Duniway office and is now editor of a periodical in this city. It was reported that Senator Lane, who is a friend of Mr. Godfrey and the State Chamberlain had urged that he be appointed.

COAST LINE ALL GRADED

Not Tunnel Now Only Barrier on Willamette-Pacific Road. EUGENE, Or., Aug. 6.—(Special.)—By tomorrow night Charles Fuller & Co. will have closed their grading camp, releasing 60 men, and the last of the contractors under contract on the Willamette-Pacific line will have finished his work. All that will remain of the two-year contract will be the completion of the tunnel on which rapid progress is being made. With the beginning of work on the western end of the tunnel work is being carried on to better advantage, and the heads now are only 300 feet apart. Rails have been laid almost to the tunnel, and construction material is carried daily to the town. No attempt to establish regular service that far will be made for several months.

MERRILL GIRL IS KILLED

Car Turns Over With Party Driving to Dance. KLAMATH FALLS, Or., Aug. 6.—(Special.)—Crushed by an overturned car, Miss Gertrude Steeman died from her injuries shortly after she was carried to Merrill for medical aid. The accident happened between Merrill and Malin. The car was driven by Robert Adams, of Merrill, and Miss Steeman was on the front seat with him. On the back seat were Ben Olekett and Miss Rosa Zlabek. The party had been at a dance in Merrill and decided to go to Malin, the party at Malin, a few miles away, and started about 1 A. M. The machine must have been running at a high speed, for in turning back into the road after a swerve to the side the front wheels locked and threw the car completely over. Miss Steeman was pinned under the steering gear. None of the others was hurt. Miss Steeman was the daughter of Charles Steeman, a farmer living near Merrill, and was 18 years old.

DAY IN JAIL IS 24 HOURS, RULES JUDGE STEVENSON

Three-Cornered 'Return Match' Draws From Purse of Contenders—Motorcycle Officer Tells of 'Going Some.' A DAY is 24 hours, and that's all there is to it. If you don't believe it, ask John Stevenson. Mr. Stevenson is president of the Jackson Club. Also he's a Police Judge. He says positively a day is 24 hours. Yesterday in Police Court Erno Manti and Louis Baldo were convicted of selling cigarettes to minors. Judge Stevenson sentenced each offender to one day in jail. Once upon a time ex-Police Judge Shattuck ruled that a "day" meant only nighttime in Police Court yesterday, in going some. The speeding was on Williams avenue from Skidmore to Monroe, and it cost

BANKERS SELECT WOULD GO EAST

Portland to Be Represented at Conference on Distribution of \$50,000,000. Campaign Commenced to Have This City Designated as One of 12 Points for Location of Regional Reserve Banks. Ernest A. Wyld, vice-president of the Security Savings & Trust Company, will go to Washington, D. C., next week to represent the bankers at the conference which Secretary McAdoo, of the Treasury Department, has called as a preliminary to his proposed distribution of \$50,000,000 among the banks of the West and the South, an endeavor to relieve the financial stringency usually incidental to the movement of crops. Mr. Wyld was chosen at a meeting of the Portland Clearing-House Association yesterday. He is a progressive banker of the "constructive" type and will be able to present with adequate emphasis the importance of Portland's commercial position. It is probable that Mr. Wyld will leave Portland Saturday or Sunday. The conference of Pacific Coast bankers with Secretary McAdoo will take place on Thursday, August 14. Inasmuch as Portland has been selected by the Secretary as one of the 12 cities of the United States among which the \$50,000,000 fund is to be distributed Mr. Wyld will be prepared to make application for a share of the fund sufficient to enable the banks of this city to assist in moving the North-western crops. Average Demand \$2,000,000. Portland bankers hope that at least \$1,000,000 of the \$50,000,000 will be allotted to this city. Incomplete figures presented to the clearing-house show that the loans in Portland banks are swelled from \$5,000,000 to \$2,000,000 annually between July and November—the period during which the great bulk of the crops is handled. Although \$1,000,000 will not be sufficient to meet this year's demand for crop loans this sum will serve effectively to relieve the situation. Seattle and Spokane each will be allotted a share of the fund thus aiding materially in meeting the clamor for cash. Portland is recognized among bankers throughout the country as the commercial and financial center of the Northwest. The bankers of this city appreciate the responsibility that this position places upon them and are prepared to co-operate with officials of the Treasury Department in their plans to have the crops moved without financial distress. The fact that Portland has gained this position of superiority in the financial world is due to the fact that the logical location for one of the regional reserve banks provided for under the Owen-Curtis bill is now pending before Congress. The bill creates 12 such banks. It is certain that one will be allotted to the Pacific coast.

BENNETT PLANS PASSED

CITY NOW CUSTODIAN BUT RECALL RIGHT IS HELD. Greater Portland Association Hereafter Will Meet Only Annually but Will Publish Bulletin. A joint meeting, comprising members of the Greater Portland Association and of the newly appointed Arts and Buildings Commission, was held last night in the auditorium of the Journal building, the purpose being to consider the dedication of the Bennett plant to the city, and whether the plans now adopted for the plant should be largely accomplished, it should retire from the field. It was generally conceded that the plans should be placed in the custody of the city, subject to recall, should succeeding administrations prove hostile. For the purpose of having a body to observe and decide when, if ever, this recall should be necessary, a resolution was adopted directing the legal committee to draft a form of liberation. A committee was appointed, consisting of Robert H. Strong, Marshall N. Dana and Bertha Taylor Voorhorst to draft amendments to the constitution and bylaws providing for an annual meeting instead of monthly meetings, and such other revision as might be deemed necessary. The minutes introduced a resolution approving the proposed use of the roof area of the municipal docks for recreational purposes which was heartily endorsed. The members present also approved

BANDON SCOUTS IN CAMP

Walk of 63 Miles Taken From Myrtle Point to Roseburg. BANDON, Or., Aug. 6.—(Special.)—Troop No. 1, Boy Scouts of Bandon, in charge of Rev. H. C. Hartran, scoutmaster, left on the steamer Favorite Monday for Coquille. From Coquille at Coquille the boys called at Mayor Morrison's office for a message to Mayor Mitchell, of Roseburg. Camp was made at Myrtle Point Wednesday night and a public mass meeting was held. Two days were allowed for the trip from Myrtle Point to Roseburg. The distance is 63 miles. Each scout carried his own camp equipment. A commissary was chosen from among the scouts to look after the food supplies. The troop expects to be gone 30 days.

NEW CREAMERY TO START

Grants Pass Builds Modern Plant on Co-operative Basis. GRANTS PASS, Or., Aug. 6.—(Special.)—The value of co-operation is being demonstrated in Grants Pass. Recently a few of the enterprising citizens seeing an opportunity for a co-operative company, purchased a site and let the contract for the building of a modern plant. The structure is now complete, being of concrete construction throughout, and is built on the
