Four Go to Jail After Mrs. Schwab Boasts of Speaking by Permit.

AGITATORS CHANGE FLAG

I. W. W. Disturbers Also Parading Under New Name-Mayor Albee Denies Glving Woman "Special Authority" to Speak.

Street speaking by 1. W. W. agitators in Portland, which had about ceased to be a source of excitement, was transferred actively to a new locallty last night through the advantage taken by Mrs. Mary Schwab, of Chicago, and fellow Industrial Workers, of orders issued by Mayor Albee on Friday modifying his original order limiting street speakers to the Plaza

In the course of a meeting at Sixth and Oak streets, just within the new speaking limit fixed by the Mayor, the Schwab woman opening the Schwab woman opening the street of the Schwab woman opening the Schwab woman openly bragged that she was speaking by special authority of the Mayor and that no one could stop her. She was not disturbed by Sheriff Word and a force of his deputies present to see that order was enforced, but when Rudolph Schwab, her husband, jumped on the sompbox to talk the Sheriff arrested him. Schwab is under one conviction for previous disorderly utterances at street

Schwab is under one conviction for previous disorderly utterances at street meetings, with other charges pending against him. He is out on bail. The Sheriff had repeatedly warned him that so long as this is the case he will not be permitted to speak. For defying the warning Tuesday night he was arrested and released only yesterday morning on \$750 ball.

As he began to speak last night again in defiance of Word's warning, the Sheriff and Deputy Phelan took him off the soapbox. This action came near being followed by a small riot, for men in the audience of I, W. W.s and radical Socialists crowded about the officers threateningly.

Frank Biehl interfered with Deputy Phelan as the latter was taking Schwab away, and Phelan grabbed him and told him to behave. He then let Biehl go. The latter again interfered and this time Phelan arrested him.

In the meantime Charles McDonald created disorder and was arrested by Crowd Rushes Officers.

created disorder and was arrested by Sheriff Word. As this took place, P. W. McLaughlin, standing in the crowd with his wife, began to talk loudly against Word and his actions. "Do you want some of this, too?" asked Word, stepping up to McLaugh-

"You bet I do!" replied McLaughlin belligerently. He took a swing at the Sheriff with his fist, but Word warded it off and arrested him. This made a total of four arrested him. This made a total of four arrests for the evening. The deputies made no attempt to stop the meeting itself, but it broke up automatically when Schwab and the other three arrested were taken away to the County Jull. All were locked up for the night.

Missiles Drop Near Speakers.

Schwab's effort to talk was not the first disturbing factor of the meeting. It had not been in session long before heavy scraps of iron began to drop now and then on the sidewalk and pavement. They came from above. The pieces of iron were all of the same kind and size, about as large as chestnuts, being apparently the heads of iron rivets. One missile picked up by the Sheriff was a piece of rock weighing about a quarter of a pound. The Sheriff watched carefully and traced the iron rain to the headquarters of the Scandinavian Socialists, on

ters of the Scandinavian Socialists, on the second floor of the building on the northwest corner of Sixth and Oak streets, in front of which the meeting was taking place. Three men sat here in an open window, watching the crowd below. The Sheriff went up and commanded

The Sheriff went up and commanded that the target practice at the side-walk stop at once. Not another piece of iron was thrown all evening.

The Sheriff's action evidently nipped a carefully laid plan of some of those interested in the meeting to create trouble and give the impression that the rivet heads were thrown from the Wells-Fargo building, on the southwest corner, 100 feet away. When the first missiles fell some in the crowd circulated the story that they were coming from the Wells-Fargo building.

"I did not give Mrs. Schwab or any and not give Mrs. Schwab or any one else any special permit to speak last night," said the Mayor, "and I expressly told Mrs. Schwab that she was not to go down there and say that I had done so. The only permit of any kind for speaking there is that conveyed in my general order allowing speaking outside the automobile limits.

Canvass of Dundee to Be Made Also for Children's Visit.

NEWBERG, Or., Aug. 6.—(Special.)—
At the meeting of the Women's Improvement Club of Newberg, a letter was read from the Associated Charities in Fortland in regard to finding places here to take care of children from Portland for a couple of weeks, and Mrs. Hawkes, of Portland, spoke on the subject. A committee was appointed to take the matter up with residents of the country living in this vicinity. A like committee was appointed by the Wednesday Club.

A like committee was appointed by the Wednesday Club.

An inquiry was made as to whether or not children could be taken in the locality of Dundee, and the reply was of an encouraging nature, though there has been no discussion there in regard to it. It is likely that a canvass of the neighborhood will produce satisfactory results.
