Gingham Petticoats

-Motoring or traveling in comfort means being dressed not only comfortably, but in garments that defy heat and the elements. For this purpose what is more practical, from every point of view, than the linen coat. It combines coolness, lightness, imperviousness to dust, and economy, especially if one takes advantage of Clearaway Prices.

-Two styles-one a medium weight, the other a rather heavier weight linen-something on the crash order. Both are excellently made, with long, cuffed sleeves, comfortable tourist collar, the coat buttoning snugly to the neck. They have two large pockets—such a convenience when traveling. One style with half-belt, the other belted all round. These are coats that sell ordinarily for almost twice their present prices-\$2.50 and \$3.50. Third Floor.
