

STATE BOARD WILL RECOGNIZE GUYNN

New York's Two Governors Quietly Preparing for Conflict Today.

MRS. SULZER IS IMPROVED

Tammany Leaders Apparently Not Disturbed by Announcement of Unlimited Fund to Be Used in Fighting Organization.

ALBANY, N. Y., Aug. 17.—(Special.)—New York's two Governors rested their cases today and quietly made preparations for the conflict to come tomorrow.

Martin H. Glynn, the Acting-Governor, remained at his country home at Cedar Hill. He would not discuss official business or his prospective fight to establish his claims to the governorship with newspapermen.

Glynn to Be Recognized. The next decisive move is expected early tomorrow, when the trustees of public buildings force an issue by meeting to award contracts for completing the burned sections of the capitol.

Although Mrs. Sulzer was said to be much improved, she did not attempt to leave her room. There was no physician in attendance, but Mrs. Wilson, the nurse, discussing the patient's condition.

Tammany is Not Disturbed. Tammany leaders did not appear to be much disturbed by the programme of the Sulzer defense, as indicated by the announcement that the committee of National defense, with unlimited resources, is to be formed to start an endear against the Fourteenth-street organization.

In spite of Mr. Sulzer's repeated declarations that Mrs. Sulzer's name must be dropped, and that in no circumstances would he consent to be called in the trial, it is regarded as certain that she will be called as a witness if her condition permits.

LAND PRICES SHOCK PORTLAND WRITERS

Strahorn's Guests Find Fictitious Realty Values in Willamette Valley.

SOIL AND SCENERY PLEASE

Albany Refuses to Extend Glad Hand on Sunday—Plans Made to Build Monument on Grave of Homer Davenport at Silverton.

More definite knowledge of the Willamette and tributary valleys can be gained in 60 hours of personal contact than by 60 years of long-distance observation.

This theory was brought home forcibly to a party of Portland newspaper men who returned to the city last night from a tour of the country between Portland and Eugene as the guests of Robert E. Strahorn, president of the Portland, Eugene & Eastern Railway.

They left Portland Friday morning and were not idle a minute excepting when asleep. The district shipped by train and about the same distance by automobile. They visited more than a score of cities and towns through which the Strahorn system will operate.

Yesterday's experiences in the main consisted of repetitions of those of the previous days—only more so.

The party had "camped" in special cars at Eugene, but before some of them were up a delegation of Eugene residents with automobiles appeared.

Albany Bunks on Sunday. Albany was scheduled as the next stopping place, but the Commercial Club at Albany closed on Sunday and "inasmuch as it is Sunday we will be unable to provide you with entertainment.

The time was satisfactorily employed by moving on to Salem, where Jack Underhill of the Marion Hotel, dispensed some of his characteristic hospitality.

GOAL MINES TO WORK

SOUTHERN PACIFIC IS AFTER COOS COUNTY PRODUCT.

Branch Road Projected From Beaver Hill to Bandon Tapping Rich Field Near Riverfront.

MARSHFIELD, Or., Aug. 17.—(Special.)—Announcement is made here that the Southern Pacific Railroad company is planning to develop the Coos County coal fields as one of the principal traffic makers of its Coos Bay and Eugene line, now being completed.

The Southern Pacific owns the Beaver Hill mine, the biggest producer in the Coos Bay field, and is now sinking a new shaft there.

The Smith-Powers mine was recently opened and is on Isthmus Inlet, a navigable arm of Coos Bay, and can load direct into vessels or on cars. It is equipped with electrical machinery for mining and handling the output, and is said to be equipped to supply coal cheaply.

Pa'Hennessey, for years manager of the Libby mine, near here, owned by Senator Perkins, of California, is in charge of the new mine.

The Southern Pacific also is arranging to build a branch line from Beaver Hill down the Coquille to Clifton, which will tap several coal mines near Riverfront.

PRUNE CROP IS PROMISING

Mosier Harvest Will Start Tomorrow and Price Is Satisfactory.

MOSIER, Or., Aug. 17.—(Special.)—Harvesting of the Mosier prune crop will begin Monday. The district shipped through the Mosier Fruit Growers' Association 15,000 boxes of green prunes last season, and this year's harvest will yield as heavily.

The Southern Pacific also is arranging to build a branch line from Beaver Hill down the Coquille to Clifton, which will tap several coal mines near Riverfront.

SWIMMING POOL BIDS IN

University Bath Will Be 60 Feet Long, Four to Eight Feet Deep.

UNIVERSITY OF OREGON, Eugene, Aug. 17.—(Special.)—Bids for finishing the swimming pool in the university gymnasium have been opened but the contract has not been awarded.

The pool is to be 30x50 feet, eight feet in depth for a distance of 20 feet and then sloping up to a depth of four feet. The walls of the pool will be of double reinforced concrete, with asphalt waterproofing.
