Priest Opposes Teaching Details and Says Results Must Be Attained by Training That Makes Character.

BUFFALO, N. Y., Aug. 27.-Scientists and educators of world-wide fame, at the fourth International Congress on School Hygiene, in special session today, agreed with practical unanimity that the time had come when the atthat the time had come when the at-titude of the world's educational insti-tutions toward sex hygiene should be revolutionized. They saw in the silence of the past on the subject a growing and real menace to the future of the race that must be combatted by a sys-tem of education without exaggeration or morphid suggestion.

tem of education without exaggeration or morbid suggestion. Public opinion, they maintained, already had reached the point where this revolution was demanded. Dr. Charles W. Ellot, president of the congress; Rev. Richard J. Tierney, S. J., of Woodstock College, Maryland, and other prominent delegates discussed the subject at a symposium attended by the entire congress today.

Opinion Changing, Says Eliot.

Opinion Changing, Says Ellot.

"A remarkable change in public opinion has taken place in regard to sex hygiene." Dr. Ellot said, using the term in its broadest sense. "The policy of silence was almost universal. ical deterioration, consequent on the rush to city life.

"The most important question is: What force can now be put in play against the formidable evils which gravely threaten the very life of the

race? No one force or agency can be completely relied upon."
This attack, he said, must be made against the three principal causes of the present evil conditions: First, dust in men; second, complete lack of moral principle in certain classes of woman, and, third, deprayity of those who make a commerce of these two.

Regulation Declared Failure.

"Commercialized vice should be attacked in all its forms by all the powers of the law. The ancient policies of toleration and licensed segregation and regulation must be uprooted. INCREASED INCOME TAX IS VOTED DOWN

All Democratic Senators and 13 Republicans Oppose Bristow's Plan.

La Follette Proposes Further Levy on Incomes Above \$19,000 and Predicts Further Vacan-

WASHINGTON, Aug. 27 .- In a verbal tilt marked by sharp debate on both sides, Senator LaFollette today predicted the retirement of Senator Gallinger, of New Hampshire, the Republican leader, and others of "his type" because of their failure to adjust themselves to changing industrial condi-

tions.

The cellequy followed Senator La-Follette's declaration that Republican Senators who were voting against a heavier income tax on big incomes included many who had "always opposed the establishment of any income tax." He was commenting on the defeat of the Bristow amendment proposing a tax running up to 10 per cent on incomes of \$100,000 and against which 13 Republicans and the solid Democratic side had voted.

He recalled that he had predicted "vacant seats" six or seven years ago and the prediction had been filled.

"It is true that some Senators have disappeared from this side," Senator Gallinger retorted, "and it is equally true that the Republican party has been put out of power by some men who sympathize with the Senator from Wisconsin in his extreme views."

"The Republican party has been put out of power by the people of this country wife sympathize with the views which I am now expressing. Senator LaFollette cried, shaking his hand, "and they will put more men out of the Senate of the type of the Senator from New Hampshire before we get through with the disposition of these issues."

The defeat of the Bristow amendment by a vote of 46 to 15 came at the end of a short debate, in the course of which many Republicans had urged a heavier tax on the larger incomes of the country. The Democrats voted solidly against the change and were joined by the following Republicans: Senators Bradley, Brandegee, Catron, Colt. This represents a plan that has many supporters in both parties and a strong effort will be made to have it incorporated in the tariff bill. It will provide:

A tax of five per cent or five times the normal corporation tax, on the income of any concern that produces or sells from one-quarter to ene-third of the total amount of any given line of production; ten per cent on corporations producing or selling from one-third to one-half of the total: and of 20 per cent on corporations producing or selling more than one-half of the total.

Mrs. Annie L. Hill, who is at present housekeeper for the Gilbert Hotel, corner of Third and Taylor streets this city, has something to say that will interest her friends. Mrs. Hill graduated as a trained nurse at the age of 21, and served as student five years under Dr. J. M. Tolan, of San Francisco, She formerly lived in Spokane. Wash., for 15 years. She has many friends in Portiand and elsewhere who will be interested in the following statement from her. She says:

"Whea I commenced to use Plant Juice I was pretty well discouraged. I had tried so many things without results that I did not expect much relief from anything. It was like catching at the proverbial straw. I was suffering from catarrh and it had become so bad that my whole system was affected. I was told that nothing would help me. My hearing was so bad that I could only hear by the greatest effort. My kidneys were in bad shape and I suffered from severe pains across my back and also in my forehead just above my eyes. There was also pain in the back of my neck. I am a graduate nurse and followed my profession until my hearing became so bad I had to give it up. The change that has been brought about in my condition by Plant Juice is simply wonderful. The terrible pain in the back of my neck and across my forehead is entirely gone, my hearing is much improved so much so that I often think I must have been mistaken when I hear what people say. Plant Juice has helped my entire system, my nerves are stronger. I sleep well and wake up rested and am feeling fine in every way."

Plant Juice has done for others what it will do for you. All it needs is a trial. For sale at The Owl Drug Company's stores.
