NORTH YAKIMA REPORT IN Commission Saves City Money by Economy Plan Practiced.

OLYMPIA, Wash., Sept. 9.—(Special.)—The report of the State Bureau of Inspection upon the city of North Yakima, issued today, virtually is a brief for the commission form of government, which North Yakima adopted late in 1911.

The report states that one of the first results attained by the adoption of the new form of government was placing the city on a cash basis for the first time in 11 years. An intelligent economy, lacking before, is now being practiced, the bureau finds. In the first half of the year 1912, the report states, the commission has saved \$2500 from its own estimate, although extraordinary expenses, not anticipated in the budget of \$9000 have been necessary.

In contrast with the condition of the city's finances at present the bureau points to its experience under the old Mayor-and-Council form of government. As an instance, it is stated that practically every claim under the old form of government was allowed illegally, because the requirement of the Washington law for a supporting affidavit was not met.

The report of the bureau shows that at the start of the period examined, April 1, 1911, the city had \$1,167,444 cash on hand; that this amount June 30, 1912, was \$59,410.22. The bureau finds the assets of the city total \$949,515.31, while local improvement assets amount to \$1,162,815, including seven miles of graded street, 26 miles of sewer and 26 miles of concrete sidewalk.

NEW CHARACTER ACTRESS AT LYRIC WELCOMED IN ROLE OF MRS. SCHWARTZ IN "THE MATINEE GIRL."

LILLIAN MASON
Portland theater-goers are thoroughly enjoying "The Matinee Girl" this week at the Lyric, where Lillian Mason is seen as Mrs. Schwartz in a comedy, which is a riot of fun. Miss Mason has a good voice and a wonderful personality, and it is pleasing to Lyric folk to welcome the new character actress who often has the most difficult roles to fill. Miss Mason has made a deep impression already on her new auditors.

Y. M. C. A. NEAR TOP

Portland Association's Ranks High in Year Book.

In every department the Portland Young Men's Christian Association ranks high among the associations of North America, according to a report compiled by General Secretary Stone. Data for this report were taken from the Y. M. C. A. Year Book, just published. It was presented yesterday afternoon at the regular monthly and quarterly meeting of the directors and was enthusiastically received, indicating the thorough and extensive work that the Portland association is accomplishing.

The report received by the directors shows the 29 leading associations in each line of activity. In every department Portland ranks among the 20, and in most divisions it is close to the top. In two particulars—the number using the physical department privileges and the number of men and boys in Bible study—Portland head the list. The Portland Y. M. C. A. has 4225 men and boys using the gymnasium and in the past year passed on the physical standing more applicants than did any other association. In its Bible class enrollment Portland had 1256 men and 625 boys, a total of 1934. This is a remarkable showing, the total being more than 1900 larger than that of the principal Y. M. C. A. in New York City.

TWO BEST MARKS GAINED

Bible Study and Physical Departments Have Better Attendance in This City Than Any Other Throughout United States.

In membership the Portland association ranks third. For some time Portland held first place, but the West Side association of New York has taken the lead with 6826 members, and Los Angeles has jumped into second place by a phenomenal gain, making its enrollment 5516. Portland has an enrollment of 5122, and the Detroit association is fourth with 4955 members.

Portland also is particularly progressive in boys' work, having an enrollment of 392 in the Junior department. This is an increase of nearly 200 over last year. The Y. M. C. A. is strong in boys' work. The West, the three largest departments in the country being on the Pacific Coast. Behind Portland they are Los Angeles and Seattle, Los Angeles topping the list with 1408 boys. Portland is eighth in the number of different students enrolled in educational work. The leading associations in order of their registration are: New York (West Side), 2721; Philadelphia (Central), 2176; Boston, 2106; Chicago (Central), 1824; Los Angeles, 1807; New York (Twenty-third street), 1792; Cleveland, 1580; Portland, 1506.

Larger Auditorium Needed.

Portland poorest showing is in the attendance at religious meetings. The Portland total for the year, 42,220, places it in 20th place. It is thought that this is because the local association has no large auditorium. Limited accommodations hold down the size of the audiences, and this is one problem that the Portland secretaries are facing.

While growing numerically the work of the Portland association also is constantly becoming more thorough. Small classes are the rule in all departments. The tendency is toward intensive work and away from the big group in which it is much more difficult to get the desired results. The success of this plan is attested in the educational department which won for Portland for three years consecutively three of the four National prizes offered to Y. M. C. A. schools.

The directors at yesterday's meeting voted to spend more time in a personal inspection of the work. On suggestion of Mr. Stone they decided that each director will pass at least one evening a month at the association so that they may keep in close touch with the activities over which they have supervision.

Exhibits to Be Admitted Free.

WASHINGTON, Sept. 9.—The House adopted today a resolution, providing that foreign products designed for exhibition at the Panama-Pacific Exposition in San Francisco in 1915 may enter the United States free of duty. The resolution also would protect foreign patents and copyrights on articles brought in for exhibition.

CLUBS PREPARING FOR BUSY SEASON

Parent-Teacher Association Circle Presidents to Be Entertained at Luncheon.

MRS. F. S. MYERS HOSTESS

Miss Eda Loewenberg to Address Council of Jewish Women, Dis- cussing Recent Visits to East- ern Settlement Houses.

BY EDITH KNIGHT HOLMES.
The women's clubs of this city have held but few meetings during the summer, but plans are under way for extensive work for the fall. The programmes are being made up and the year books will soon make their appearance.

An interesting part in the activities for the season will be taken by the Portland Parent-Teacher Association, of which Mrs. F. S. Myers is the able president. With a view to making plans for the season and to extending hospitality to her circle presidents, Mrs. Myers will entertain all of the officers at a luncheon tomorrow at the Young Women's Christian Association. There are already circles established in at least half of the schools, and it is the desire of the association to start new circles, and for this purpose an extension campaign will be inaugurated. Mrs. C. W. Hayhurst will be chairman of this department of work.

The guests at tomorrow's luncheon will be Mrs. Robert Tate, state president of the Oregon Congress of Mothers and Parent-Teacher Associations; Mrs. W. J. Hawkins, co-president of the general association; Mrs. Martin Wagner, Mrs. W. A. Dickson, Mrs. F. A. Jackson, Mrs. D. A. Patullo, Mrs. D. A. Gerhardt, Mrs. George L. Boynton, Mrs. W. A. Laidlaw, Mrs. Dora Frazier, Mrs. C. M. McKay, Mrs. Gessel, Mrs. C. B. Zebuyth, Mrs. A. E. Kinsey, Mrs. Henry Hutt, Mrs. T. C. Thornson, Mrs. Frederick J. Jones, Mrs. R. E. Bondurant, Mrs. M. M. Crittenden, Mrs. H. E. Colman, Mrs. Ida M. Rodgers, Mrs. C. L. Burlington.

The Council of Jewish Women will meet in the clubroom of the Selling-Hirsch building on September 26 and an interesting session is planned. Miss Eda Loewenberg, who is secretary of the Neighborhood House, will give an address on her recent trip through the East. Miss Loewenberg has visited all the settlement houses and has met the prominent workers in the Eastern cities, and has returned with many new ideas and renewed enthusiasm for her work among the poor of Portland.

George W. Black, a business man and philanthropist of Los Angeles, will speak and Mrs. Simon Selling, president of the council, will outline plans for the year.

The Portland Woman's Club will hold its first meeting on the second Friday in October. Excellent programmes, an enlarged scope of work of club life will mark the coming months. Mrs. Frederick Eggert is the capable president of this progressive organization.

The Tuesday Afternoon Club will meet on the first Tuesday in October. The members will study the religion, history and characteristics of various countries, beginning with Mexico. The first meeting will be a luncheon in honor of the new president, Mrs. Harry L. Vorst. Mrs. E. L. Sanborn, the retiring officer, will preside. The affair will take place at the home of Mrs. A. A. Bailey.

Activities in the classes and gymnasium of the People's Institute will soon begin in the fresh air movement. Miss Valentine Prichard leads the work at the Burnside-street center and Mrs. Bertha Davis is in charge of the Albina branch. Work at the latter will commence on September 22.

The Junior League members, who have been active in the fresh air movement all summer, are looking forward to their annual meeting, which will take place October 8.

Interest will center around the Parents' Educational Bureau this afternoon, when a demonstration of the eugenics baby test will be held. Mothers will bring their little ones to be examined and the score cards will register just how nearly each child comes to the mark of perfection. Many of the high-score babies will compete for the prizes and cups to be given at the State Fair. The bureau is besieged with inquiries regarding the subject of eugenics and the tests that are being given. The hours today will be from 1 to 5 o'clock.

A telephone company is co-operating with the weather bureau in reporting the weather conditions at 31 points in Arizona and furnishing forecasts to its subscribers.

Medium weight fabrics for Fall wear as well as heavier material for the cold weather are here in abundance. An early call will convince you of the exclusiveness of the line. No trouble to show goods.

BENEFIT IS PREDICTED

OPENING OF CANAL EXPECTED TO ENRICH FARMERS.

Ex-Governor of Washington Reasons That With Shorter Route Grain Prices Should Be Higher.

SEATTLE, Wash., Sept. 9.—(Special.)—Miles C. Moore, of Walla Walla, ex-Governor of Washington, believes that the announcement of the opening of the Panama Canal to general shipping early in December will have an effect on Northwest grain prices.

"It is the general feeling in our section among producers and shippers," said ex-Governor Moore today, "that the early opening of the canal will have an appreciable effect on the grain market by stimulating the price of wheat. I read the announcement this morning that the waterway will open to general shipping early in December. That is only 30 days away.

"Our people have their belief in better prices on the difference in time, insurance and interest caused by cutting in two the distance between the North Pacific Coast ports and Liverpool. Liverpool quotations, as you know, are the basis for wheat prices everywhere else in the world.

"If the Portland charter call for 25 shillings a long ton to Liverpool via the Horn, the cost via the canal should be about 17 1/2 shillings, as the difference in insurance and interest by cutting down the time should absorb the canal tolls.

"This means a saving of over 12 cents a bushel, say 10 cents to be safe. In other words, this is from 10 to 12 cents on each bushel to be left in the growers' hands."

Pomerania in 1912 grew 1,017,856 tons of sugar beets. West Prussia produced 1,092,587 tons.
