HOPS YIELD HEAVIER THAN IN 1912 Reports Indicate Smaller Crops Only in Polk County.

Reports received from various hop sections yesterday indicated the crop is coming down heavier than last year, except possibly in Polk County. The impression ting down heavier than last year, except possibly in Polk County. The impression prevalls that the Independence section will show a decrease of about 15 per cent, but abow a decrease of about 15 per cent, but Marion County, the largest hopgrowing county in the state, will, according to respect to the state, will according to respect to the state of the sta peris received, have 15 per cent more hops than hast year. Washington County will also produce more hops. In Clacksmas and Line Counties the yield promises to be about the same as last year. Lane County growers estimate 2500 bales more than in

Tomatoes, which were in oversupply last week, are now scarce, as the rain and cold nights retard their ripening. Good tomatoes were in demand fertenday at 50 to 60 cents a box.

GOOD MARKET FOR FRUIT AT LONDON
Pears Are in Streng Demand—Trade in Apples is Small.

Reporting from London, under date of August 21, W. Dennis & Sons say: "The market in London this week has been especially strong for pears. In fact, we can see nothing to prevent a continuance of this strong demand for some considerable time. We shall not see many more French Williams on this market, as the crop is do exceedingly short one and the fruit is very dear at the producing centers. About 2500 boxes of Californian Bartietts and 300 crates of Californian plums were landed. The Barietts are making from 98 60 to 108, while plums are making from 78 60 to 108, while plums are making se for Yellow.
