

COOPER WINS LONG RACES AT CORONA

Accidents Mar Automobile Contests, Four Persons Being Injured on Speedway.

ONE NEW RECORD IS MADE

William Warren, Pinned Under Car, Still Unconscious — Oldfield's Mechanic, Reported Dead, Only Slightly Hurt.

CORONA, Cal., Sept. 9.—Earl Cooper, the Stutz driver who was first in the Santa Monica road race just a month ago, won the two long-distance motor car races on the speedway here today. He won the medium car race of 221.97 miles in three hours, 21 minutes and 23 1/2 seconds. Then without halting he continued on to annex the free-for-all of 301.81 miles in four hours, two minutes, 25 seconds, beating Frank Verbeck in a Fiat by 19 miles.

The small car race went to Edward Waterman, of Fresno, Cal., who drove a Buick 122.45 miles in 3:27.25.

New World's Record Made.
Waterman's speed averaged 63 miles an hour, which is a new world's record for cars up to 221 cubic inches piston displacement. The old mark was 61 miles an hour. Cooper in the free-for-all averaged 74 1/2 miles.

Numerous accidents marked the progress of the three races and four persons were injured. The most seriously hurt was William Warren, mechanic for William Rhodes, whose Studebaker turned turtle in the small car event after a steering knuckle had been broken. He was unconscious tonight.

Frank Sandhoffer, Barney Oldfield's mechanic, was pinned under Oldfield's big Mercer when it cast a tire and turned over in the 301 lap of the free-for-all and was reported dead. A cursory examination led surgeons to pronounce him surely marked for death, but a subsequent examination disclosed that he had sustained only a severe scalp wound and probably would recover.

Oldfield Not Injured.
Oldfield escaped unscathed and was able to walk to the repair pits and report to his companion had probably been killed.

Charles Oakes, a rancher from Temecula, Riverside County, also was injured in the Oldfield accident. The cast tire struck him.

The radiator of DePalma's Mercer became too hot and blew up under the pressure of steam. Tire troubles retarded both Wishart, who also drove a Mercer, and Tetzlaff, who was in a Fiat. Frank Verbeck, driving a Fiat, was second in both the medium and the free-for-all races. He will share in prizes amounting in all to \$2,500. George Hill, in a Fiat, was third in the free-for-all. No third was announced in the medium.

Earl Jackson, driving a Reo, was second in the light car event, and Frank Goodie, Studebaker, took third when Rhodes' accident in the last lap of the race deprived him of the place.

NEGROES NOT SEGREGATED

Army and Navy Union Does Not Draw Color Line.

PHILADELPHIA, Sept. 9.—The introduction of important resolutions, a discussion of ways and means to increase the membership and laudatory addresses on the growth of the organization and work accomplished for the betterment of the soldier and sailor by means of legislation, occupied most of the business sessions of the sixteenth National encampment of the Army and Navy Union.

Captain John C. Daly, department commander of the District of Columbia, denied reports published today that he made an effort yesterday to introduce a resolution designed to segregate the negro members of the Union.

"In my report," said Captain Daly, "I was referring to the situation in the District of Columbia, where we have two white garrisons and one negro garrison. The latter body has refused to recognize me as a department commander, and what I said was that the negro garrison apparently wanted to cut off relations."

"It also is true that I was declared out of order, and it is only fair to National Commander Downs to say that he was misquoted, and he did not order me to sit down."

DROUGHT RELIEF GENERAL

Heavy Rains Falling in Kansas, Oklahoma and Missouri.

KANSAS CITY, Sept. 9.—Further rains reported from Missouri, Kansas and Oklahoma today added to the relief brought yesterday when general rains broke the worst drought in years. The heaviest precipitation reported was at Ashland, Kan., where four inches of rain has fallen since showers began yesterday. A rain of three hours' duration brought one and a quarter inches at Salina, Kan.

Rains were reported from Northern Oklahoma and Central Southern and Eastern Kansas today and tonight. It was indicated that more rain would fall in Eastern Kansas before daylight.

Officials of the State Board of Health warned the Kansas people that water for domestic use should be boiled to prevent sickness.

CONSULS NAMED ON MERIT

President Directs Preparation of List of Appointees.

WASHINGTON, Sept. 9.—Alexander M. Thackara, Consul-General at Berlin, has been selected for the post of Consul-General at Paris.

Dudley Field Malone, Third Assistant Secretary of State, submitted today to the President a long list of consular nominations. The President had directed Mr. Malone to make up the list on the merit system only. All the names on it were taken from the Consular Service.

Candidates for consular positions, who have hitherto appealed to members of Congress to assist in their appointment, now will be required to take the regular examinations and be graded accordingly to their merit.

THAW ENJOYS OUTDOORS

(Continued From First Page.)

of course, is ridiculous. They have a right, however, to lay any grievances they have before the Attorney-General.

Mrs. Mary Copely Thaw, mother of Harry K. Thaw, accompanied by a

trained nurse and a maid, arrived here today and immediately announced that she was too ill to see visitors. Even counsel for her son were denied admittance to her.

Attorneys Grossman and Selig, of New York, engaged to represent Thaw, left Montreal tonight for New York. They will return Saturday. William Travers Jerome also is expected here Saturday or Sunday.

THAW LAWYER WANTS \$53,000

Gleason Rates Services for Defense at \$80,000.

NEW YORK, Sept. 9.—John B. Gleason, one of the lawyers who defended Harry K. Thaw for the killing of Stanford White, filed today in the Federal Court a suit against Mrs. Mary Thaw, mother of his former client, in which he asks judgment for \$53,000, with interest since June, 1907.

Gleason says that Mrs. Thaw agreed to pay a part of the cost of her son's defense. Gleason says his services were worth \$50,000 and he made disbursements of \$10,115. He says he has received \$36,800, leaving \$53,000 unpaid.

APPEAL TO LONDON POSSIBLE

Delay of Two or Three Years Foreseen by British Journal.

LONDON, Sept. 9.—The Standard suggests the possibility that Thaw's appeal against deportation might be referred eventually to the Privy Council, which is the final court of appeals on points of law arising in the colonies.

It says that should the case thus be transferred to London it might involve a delay of two or three years.

PILLOW SLIP IS CLEW

POLICE WORK ON MYSTERIOUS MURDER OF GIRL.

Eccentric Letter Writer Wanted in Case Disappears as Strangely as He Was Found.

NEW YORK, Sept. 9.—Inquiry into the murder mystery uncovered by the finding late last week of parts of the dismembered body of an unidentified girl along the New Jersey shore of the Hudson River centered today in the upper West Side of this city, where the pillow slip wrapped about one part of the body was bought. From a druggist near the furniture establishment where the pillow slip was bought. It was learned that a man in his shirt sleeves and apparently greatly excited had bought two sheets of tan paper similar to that with which parts of the torso were covered.

This development caused the detective bureau to work on the theory that the murder was committed in that locality and a thorough search is being made for further clues. Detectives also are investigating the cases of many girls who have disappeared.

Peter H. Sternemann, the millinery salesman and eccentric letter writer, who has sent many rambling missives to the police, was reported as having mysteriously disappeared as he was found today by city detectives.

A city detective, who was sent to apprehend Sternemann at Jamaica, Long Island, as a material witness, was told by his landlady that early today three men, who resembled themselves as detectives, awoke Sternemann and took him away. Neither the Brooklyn, the Manhattan nor the New Jersey police know anything about this affair.

Sternemann in his letters declared that his daughter, Ella, has disappeared. Acquaintances of the man, however, say Ella has been missing for five years and that another daughter is a patient in a sanitarium.

New Sash Fashions From Paris

—The vogue of the girle and sash is the most interesting feature of Paris fashions this season. Its importance in the costume is unprecedented. Some of them are very long and not very wide, wrapped several times around the waist with long tasseled or fringed ends. Sometimes a wide girle is used and stretched to its full width, making a yoke to the skirt in the Premier manner, and giving a new line.

—Not only every new gown, but every new suit has a ceinture usually with the sash ends. Silks of all sorts are used, but the greatest vogue is for wide ribbons.

—These new, wide sash ribbons come in all the new colors in Cubist effects; ribbons of soft velvet velour, in heavy raised patterns—peculiarly woven ribbons with stripes running across in striking combination colors—floral and conventional patterned ribbons and ribbons in moire effects; also plaid and Roman stripes.

—All these ribbons are to be found here in the greatest assortment and sell from \$1 up to \$5 a yard.

—Another model is in checked gingham, black, blue, Navy and lavender and white checks. High neck, turndown collar, long sleeves, with pipings of checked gingham. —The third model is of percale, striped and figured. High neck, three-quarter sleeves, turndown collar. Trimmed with attractive self-border. Comes in navy blue, black and white, and cadet and white.

An Extraordinary Corset Sale A New \$3.50 Fall Model W. B. Corset for \$2.29

—Correct corseting counts for more in the realm of fashion than any other one item of dress, for it is the foundation upon which the perfect whole is built, and it most naturally follows—a poor foundation, an imperfect whole; a good foundation, a perfect whole.

—These W. B. corsets, new and graceful Fall models, came to be ours at less than usual cost—comfortable, fashionable and reliable in every way.

—These corsets are fashioned of a splendid quality corded coutil, in medium bust style, extremely long lines over the hips and back. A feature is the lacing over the thighs, which insures perfect comfort in sitting. They are trimmed at the top with wide embroidery, satin ribbon run, and have three pairs of heavy webbing supporters attached.
