BANK BOOK WINS CREDIT

C. B. Smith, Who Three Years Ago Married Lebanon Girl, Said to Have Been Captured in Flight by Auto Near Woodburn.

ALBANY, Or., Sept. 9.—(Special.)—Securing credit through transferring an account from Eugene to Albany before checks he had issued against the former city in the Eugene Loan and Savings Bank at noon today with diamonds and other articles of the value of more than \$800, leaving in payment checks for which he displayed funds. Upon word sent out from this city a man answering his description was arrested this afternoon at Woodburn, and Albany men have gone to that city to identify him.

Officers here have learned that Smith went to Eugene four or five days ago and deposited in the Eugene Loan and Savings Bank a check for \$1100 on a bank in Oroville, Cal. He came here Sunday night from Eugene in an automobile, for which he displayed a bill of sale from the Booth-Kelly Lumber Company, and yesterday deposited with the First National Bank here a check on the Eugene institution for \$811, claiming that to be his balance.

With a bank book showing this credit he was successful in making several purchases here. Today he went to the bank here and endeavored to get a draft for his balance, then over \$700, but was refused, as, in the meantime, officers of the bank had become suspicious and had telephoned Eugene, finding that his balance there was only \$400.

By the time the checks he deposited here had reached Eugene, other checks he had behind had come in and his deposit there had dwindled to \$123, which was secured by the local bank. It now appears that he had drawn several large checks in Albany before he tried to get a draft.

Evidently becoming alarmed when his request for a draft was refused, Smith left Albany in his automobile. Uncashed checks he is known to have left here include one in payment for \$250 worth of diamonds, purchased from P. M. French and one for a suit of clothes bought from the Blaine Clothing Company.

Smith passed two months in Albany about three years ago and while residing here married a Lebanon girl. His wife and their two small children accompanied him here from Eugene, leaving for Portland last night by train. He is about 28 years old and a good machinist. He claims to have been living in Oroville, Cal., since leaving Albany.

HOW I MADE MY HAIR GROW

Woman With Marvellously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, and for the purpose of keeping the hair and scalp in the best condition. It also makes the hair easier to comb and arrange. It is used in the following manner: Use it two months and during that time it has not only stopped the falling of hair, but it has practically increased its growth, and it practically restored all of his hair to its natural color. This mixture was a revelation for making this wonderful preparation from almost any drugist. The prescription is as follows: Bay rum, 6 oz.; Menthol Crystals, 1/2 oz.; Castor Oil, 1/2 oz.; If you like it perfumed add a few drops of Tokalon Perfume, which mixes perfectly with the other ingredients. This, however, is not necessary. Apply light and morning; rub thoroughly into the scalp.—Adv.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded and used, is a natural color restorer and luster to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Weth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.—(Adv.)
