

DEMOCRATS REFUSE TO DESERT CAUCUS

Currency Bill Withstands All Efforts to Amend in Stormy House Session.

CRY "GAG LAW" IS HEARD

Republicans and Progressives Plead With Majority Members to 'Break Shackles' - Changes Are in Wording Only.

WASHINGTON, Sept. 15.—With well-orchestrated legislative machinery working smoothly, the Administration currency bill rolled steadily toward completion today, under consideration in the House.

The debate bristled with charges of "gag law" and "caucus rule" from the minority, but when the vote was needed the line held firm behind Chairman Glass, of the banking and currency committee.

"Break Shackles" Is Plea

Representative Mondell, of Wyoming, and Progressive Leader Murdock devoted considerable time to pleading with the Democrats to "break the shackles" and desert the caucus pledge.

Caucus Rule Is Quoted

"What could they do if they were here?" demanded Representative Murdock. "The caucus has foreclosed all action on this bill."

An attempt was made to write into the bill a provision forbidding officers or directors in National banks from holding similar places in other National banks or in any other financial institutions. The amendment was rejected, 21 to 40.

NEW RATE GRANTED FRUIT

Storage-in-Transit Will Apply on Shipments to California.

Storage-in-transit rates on fruit moving from Hood River and other points in Oregon and Washington east and north of Portland to California have been granted a railroad rate which will be applied in time for handling this year's crops.

This, it is declared, will widen the market for Northwest fruit growers and will enable them to enter actively into competition with other districts now selling apples in California.

MOOSE OUTLINE CAMPAIGN

Progressives in Congress Plan to Have 435 Candidates in 1914.

WASHINGTON, Sept. 15.—An aggressive campaign to increase the Progressive party strength in the House was planned at a conference today when a Progressive congressional campaign committee was organized and the 19 Progressive members of the House and Senator Miles Poindexter were named on it.

INDIGENTS TO SMOKE, CHEW

County to Provide Tobacco for Inmates at Poor Farm.

The County Commissioners decided to answer favorably the prayer of succeeding grand juries and the inmates themselves that the inmates at the County Poor Farm be supplied with tobacco in reasonable quantities.

EDITORS INVITED TO FAIR

World's Congress to Be Held at San Francisco in 1915.

SACRAMENTO, Cal., Sept. 15.—The California State Press Association will invite the editors from every nation in the world to attend a world's congress of editors, to be held in San Francisco during either April or May in 1915, while the Panama-Pacific Exposition is under way.

PORTLAND GIRL WHO IS CANDIDATE FOR PORTOLA TOUR.

Hazel McGuire

MISS M'GUIRE TO WIN

Native Portland Girl Determined to Make Trip.

TEN-DAY TOUR IS PLANNED

Young (San Francisco Resident, Born in Oregon Metropolis, Is Nominée of Bankers' Investment Building in Portola Contest.

SAN FRANCISCO, Sept. 15.—(Special.)—A native daughter of Portland has taken a leading place in the Portola Girls' Tour Contest, which is to decide the 12 most popular girls employed in San Francisco and vicinity that they may be sent on a 10-day tour of the Northwest as the guests of the Portola Festival committee.

Miss Hazel McGuire, who was born in Portland 22 years ago, is determined to be one of the party to make the trip, which will include two days enjoyed in the Oregon metropolis.

Miss McGuire, whose campaign is making all the other contestants sit up and take notice, is the nominee of the Bankers' Investment building.

"It's a long time since I was in the city of my birth," she said today, "and this is a good time for me to go back. I'm out to win—and I will."

Like the other candidates and their managers, as well as the members of the Portola Festival committee and other leading San Franciscans, Miss McGuire is delighted with the plans being made for the reception of the Portola Girls by Portlanders, especially the Royal Rosarians.

The itinerary of the big trip, which will start about October 10, is rapidly being arranged. It is so timed that the girls will reach San Francisco in their private car on the Shasta Limited on the eve of the festival, which, running from October 22 to 24, is the Pacific Coast's celebration of the discovery of the Pacific Ocean by Vasco Nunez de Balboa.

MAN HURT BY CAR DIES

JOSEPH E. ADCOX CRUSHED ON UNITED RAILWAY.

Young Woman Passenger Alighting to Hear Cause of Delay Finds Father Fatally Injured.

Joseph E. Adcox, a jeweler, 65 years old, was fatally injured yesterday afternoon by a United Railways car on which Miss Ola Norman, his daughter, now the adopted daughter of a Linnton family and principal of the Linnton school, was riding. When the young woman alighted from the car to learn the cause of the stop at Whitwood Court, she learned of the injury.

Deputy Coroner J. J. Dunning was unable yesterday to find eye-witnesses to the accident, but will go to Linnton today to make further inquiry. He announced last night that an inquest will be held.

It is thought that Mr. Adcox, who lives at Linnton, was trying to board the train at Whitwood Court, and was thrown underneath it. Miss Norman has not been in touch with her father for some time, and did not know that he was in Whitwood Court.

The train brought him to Twenty-second and Pettygrove streets. There an Ambulance Service Company man came in a waiting and pushed him to St. Vincent's Hospital, where he died less than an hour later. He was a widower.

HARRY THAW PROTECTED

(Continued From First Page)

handed it to the Sheriff in person on his return here tonight.

Thaw spent an uneventful day. Only once did he leave his hotel and that was to get shaved. He heard with interest tonight that John Andrews, the Coastcook Constable who arrested Jerome, on the charge of gambling, of which he was subsequently acquitted, had run afoul of the United States immigration law. Tonight Andrews was held here in the custody of Charles Kelly, Colbrook's chief of police, pending the arrival of George R. Allen, a United States immigration inspector, stationed at Island Pond, Vt.

Allen telephoned that he had a warrant for the arrest of Andrews, charging him with assisting a pauper woman

KNOW PROBLEMS IN TARIFF SOLVED

Schedules on Wool and Paper Disposed Of at Senate and House Conference.

YARN RATE COMPROMISED

Upper Body Recedes From Amendment to Free List Cheap Blanket and Accepts 25 Per Cent Duty. Delayed Speech Heard.

WASHINGTON, Sept. 15.—Many of the knotty problems in the wool and paper schedules were disposed of today by the House and Senate conferees on the Democratic tariff bill and a good start was made on the sundries schedule.

One of the important agreements of the day occurred when the Senate conferees receded from the amendment to free the other grades of woolen blankets and accepted the House paragraph making them dutiable at 25 per cent ad valorem. The paragraph on woolen yarns was compromised by splitting almost equally the difference between the two houses, the House having voted a 20 per cent and the Senate a 25 per cent duty. Similar treatment was given the duty on tops, made dutiable by the House at 15 per cent duty and by the Senate at 5 per cent.

Stocking Rates Changed. Slight changes were made in the Senate schedule and declared that much of the House paragraph on Oriental rugs was adopted. Angora goat and mohair were passed over, the conferees not being able to agree.

Slight reductions were made in the Senate rates on paper. The only paragraph in this schedule not disposed of was that dealing with picture cards and booklets, which will be taken up when it is passed by for further consideration.

A delayed speech in support of the tariff bill was made in the Senate today by Senator Thomas, of Colorado, a Democratic member of the finance committee. The Senator had prepared his speech for delivery in the tariff debate, but was prevailed upon to withhold it so that passage of the bill might not be delayed.

Sugar Schedule Defended. He warmly defended the sugar schedule and declared that much of the agitation against free sugar by the beet sugar interests was based on a misapprehension.

The Senator also defended the tariff bill against charges of favoritism and discrimination. He said that the tariff bill was not a protectionist measure, but was necessary to get equitable freight rates for the Government ownership of railroads.

SUGAR SHUNTS CHANGE

FEDERAL COMPANY WITHDRAWS STOCK QUOTATION.

President Says Disinclination to Divulge Inside Information to Competitors Principal Cause.

NEW YORK, Sept. 15.—The stockholders of the Federal Sugar Refining Company, at a meeting this afternoon, unanimously requested that the stock of the company be withdrawn from quotation on the New York Stock Exchange. In a statement explaining this action, A. S. Sprockels, president of the corporation, said:

"We think that the step which has been taken is proper, inasmuch as our competitors are working on our change, and, more important still, the detailed reports which the Stock Exchange asks us to make would divulge to our competitors the workings of our refinery. We don't care to make them public and thus give to our competitors the benefit of the details of our manufacturing costs, pure costs, and the like. We would add that there have been no sales of either the common or preferred stock on the exchange for over a year, and during the past four years the average exchange has been less than 100 shares of each kind per year."

ECONOMIST'S DATA OUT

PROFESSOR GIVES TESTIMONY AT TRAINMEN'S HEARING.

Lines Increase Size and Capacity of Freight Cars Without Adding to Cost of Operation, He Says.

NEW YORK, Sept. 15.—The arbitrators who will decide the wage dispute of the eastern railroad men and the trainmen received statistics today indicating that the roads have increased the size and capacity of freight cars without increasing the cost of operation. The witness was Dr. Frank J. Warne, professor of economy at the University of Pennsylvania. The employees will use his figures to argue that either train crews should have been increased or wages raised.

Dr. Warne admitted that he had had no practical experience in railroading and that his statistics in which he claimed to be an expert. He declared:

"When you see a street dug up, look at the sewer pipe. If it's

PORTLAND GLAZED CEMENT SEWER PIPE

you'll be surprised with the increased hardness. Years of service seem to improve it.

"All is Well That Ends Well"

Along with dyspepsia comes nervousness, sleeplessness and general ill health. Why? Because a disordered stomach does not permit the food to be assimilated and carried to the blood. On the other hand, the blood is charged with poisons which come from this disordered digestion. In turn, the nerves are not fed on good, red blood and we see those symptoms of nervous breakdown. It is not hard work that does it, but poor stomach work. With poor this blood the body is not protected against the attack of germs of grip—bronchitis—consumption. Fortify the body now with

DR. PIERCE'S Golden Medical Discovery

An alternative extract from native medicinal plants, prescribed in both liquid and tablet form by Dr. R. V. Pierce, over 40 years ago.

More than 40 years of experience has proven its superior worth as an invigorating stomach tonic and blood purifier. It invigorates and regulates the stomach, liver and bowels, and through them the whole system. It can now also be had in sugar-coated tablet form of most dealers in medicine. If not, send 50 cents in one-cent stamps for trial box to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

that owing to the great danger to life in the work of moving trains, insurance companies and fraternal societies would accept life risks upon such workmen only to a "definite limit," or at advanced rates.

"Good times are bad times for trainmen," Dr. Warne continued. "That is, when the railroads enjoy good times of heavy traffic, the number of employees is increased, and the increase in traffic means an increase in the number of accidents. Statistics show that when the number of employees is increased accidents increase. This tendency of increased prosperity, resulting in greater risk to the employees, is deserving of serious attention at this time because of the fact that the railroads of the country are entering upon such a period."

ALASKA RAILROAD SOON UP

Senate to Take Up Bill Early in Regular Session.

WASHINGTON, Sept. 15.—Consideration early in the regular Winter session of the bill to authorize the President to construct a Government railroad in Alaska was assured today, when the Senate made the measure its "unfinished business" on and after December 8.

The action followed numerous unsuccessful attempts by Senator Chamberlain to have a day set for taking up the bill.

WRECK LAID TO EMPLOYEES

(Continued From First Page)

train had been stopped) to get away from danger at once, and clearly his duty to have left a competent flagman behind and proceeded at once."

Of Flagman Murray, of the Bar Harbor, the Coroner says:

"It is claimed he did not have time to go back the required distance before being called in by a signal given by the engineer and before he could place his torpedoes and light his fuse. From all the testimony I find directly to the contrary. He did not go immediately out when the train came to a stop. He did not endeavor to go back the required distance and did not set his torpedoes or light his fuse."

RESINOL HEALS ITCHING ECZEMA

Completely Cured When Three Years of Other Treatments Did No Good.

June 14, 1913.—"Four years ago I developed a bad case of eczema on my face, which was not only bad to look at, but extremely annoying by reason of burning and itching. It was in very large sores, looked almost like boils."

"As soon as the disease healed a trifle in one place—always leaving the skin dark—it appeared in another, getting worse as it advanced. After three years' treatment it grew no better, until I found Resinol. I used both Resinol Soap and Resinol Ointment, and after two months not a trace of the eczema remained." (Signed) Miss Reulah Amanda Elliott, Greenwood, Del.

Resinol Soap and Resinol Ointment are also speedily effective in even the stubbornest cases of pimples, blackheads, dandruff, sores and piles. Prescribed by doctors for 18 years, and sold by every druggist in the United States. For free trial, write to Dept. 16-R, Resinol, Baltimore, Md.—Adv.
