

FRIENDS PAY HONOR AT BIER OF GAYNOR

Youth Defended From Persecution of Police Is Among Mourners in Line.

WOMEN MURMUR PRAYERS

Mother Says Mayor's Order Closing Saloons at 1 o'Clock Saved Son From Evil Companions. Taft Tribute Read.

NEW YORK, Sept. 21.—In a double line that never seemed to decrease in length, as the day wore on, thousands of persons today filed through the flower-filled rotunda of the City Hall and past the body of William J. Gaynor, lying in state.

About a fifth of the crowd were women and children. Mayor Elms issued an order to keep the rotunda open until 4 o'clock tomorrow morning if necessary, so that all who came might pay their personal tribute to the memory of his predecessor.

All last night the police on guard around the City Hall park had difficulty in keeping the crowds moving, as many tried even at an inordinately early hour to get in line to view the body. Three policemen and three firemen in relief of a half-hour stood rigidly at attention during the night beside the coffin, which was draped in the Stars and Stripes and the Mayor's flag, while beneath the canopy of the rotunda of the Union Jack, placed there at the request of the Gaynor family in recognition of the courtesy extended by the city of Liverpool.

Bier Rests on Historic Spot.

The bier rests on the same spot where the bodies of many famous men have lain in state.

Pathetic incidents were numerous during the day as men and women whom the late Mayor had befriended looked on the bier. Everything was a Brooklyn youth whose part Mayor Gaynor took when he was being persecuted by the police and which resulted in an investigation and also the removal of the boy's picture from the rogues' gallery.

An old lady was heard to murmur "God rest his soul," as she passed beneath the canopy. Explaining that Mayor Gaynor's order closing the saloons at 1 o'clock had saved her boy from evil companions, with whom he loafed in these places. Two aged women, who hobnobbed in the City Hall on crutches delayed the movement of the line several seconds as they said a prayer.

Flowers Fill Rotunda.

The rotunda of the City Hall was almost filled tonight with floral offerings from individuals and organizations from all parts of the United States and foreign countries.

At Grace Methodist Church the Rev. C. P. Reiser, the pastor, read a letter from ex-President Taft, in which he said:

"I count it a great honor that Mayor Gaynor regarded me as his friend. There was no place in New York state or city, judicial or executive or legislative, which his qualities did not fit him admirably to fill. Everything he did and said had the flavor of an attractive, aggressive and broadly liberal personality that will be and ought to be long remembered."

The public funeral services for Mayor Gaynor will be held from Trinity Church at 11 o'clock tomorrow.

WILD SHOTS HIT DOCTORS

Two Seriously Wounded When They Interfere in Fight.

CHICAGO, Sept. 21.—Dr. Boris de Bogan, ex-superintendent of the United Hebrew Charities, and Dr. Saul Brucker, ex-superintendent of the Jewish Orphan Home, were seriously wounded last night by stray shots from a revolver fight between two Italians. Dr. De Bogan was shot in the right hip and left side. Dr. Brucker received a bullet in the left leg.

The two physicians were on the street when Samuel Correto and Horanai Tetekki suddenly rushed toward them, shooting at each other. Correto was shot twice in the chest and probably will die. Tetekki was wounded in the abdomen and his condition is critical.

The physicians were taken to a hospital, where it was found that Dr. Brucker had a bullet in his abdomen as well as his leg. Dr. De Bogan said he and Dr. Brucker were trying to prevent the two Italians from shooting a third man when they were shot down. "I think there were three or four men shooting at each other after we fell," Dr. De Bogan said. "I could not be sure of the exact number. We first saw two men with pistols running after a third. Each of us made an attempt to seize the men."

MAIL USED FOR FREIGHT

Town Within Second Parcel Zone Requires Haul of 700 Miles.

DEATH, Nev., Sept. 21.—An eight-mile team was used today to transport parcel post mail which has been accumulating here for the past 10 days to its destination at Jarbridge, Nev. The mail is sent from Boise, Idaho, by a wholesale grocer and is addressed to a grocery firm at Jarbridge, in the extreme northern edge of the state. It is the most inaccessible town in Nevada and within the second zone from Boise. A Jarbridge merchant is taking advantage of the zone rate and is shipping groceries to his store at considerably less than the regular freight rates.

37,275 TO DRAW FOR LAND

Registration for Fort Peck Reservation Comes to Close.

GLASGOW, Mont., Sept. 21.—Promptly at the stroke of 12 midnight, Frank J. Wood, assistant to Judge Witten, announced that the terms of President Wilson's proclamation closed the registration for Fort Peck lands at 12 o'clock midnight, September 20, and the registration passed into history. The last person to register was John C. Duncan, County Treasurer of Valley County.

A tabulation shows the registration to be as follows: Glasgow, 11,513; Millet City, 629; Havre, 889; Great Falls, 14,923, making a grand total of 37,275. The drawing is to be held Tuesday.

JUNCTION CITY LAD SCORES .99 IN EUGENIC CONTEST

FRANCIS WARD O'CONNOR. JUNCTION CITY, Or., Sept. 21.—(Special.)—Francis Ward O'Connor, winner of the eugenic contest at Junction City, is three years old and is almost a perfect boy. For his years he scored a trifle over .99 per cent. He is the son of Attorney F. N. O'Connor. He will compete in the state eugenic contest at the State Fair.

GIRLS GET NEW AID

Travelers' Society to Meet New Canal Situation.

MISS DODGE IS SPONSOR

Official Reports Show 1700 Young Women Missing in Year on Way From New York to West and Danger Is Increasing.

NEW YORK, Sept. 21.—(Special.)—A new foe has entered the lists to combat the white-slave traffic. Unheralded, but with systematic deliberation, there is being organized in this country the National Travelers' Aid Society, which is the outgrowth of the society organized in this city by Miss Grace Dodge, a philanthropist and foremost figure in the Young Women's National Christian Association, who always has had the aid of travelers as her special interest. In the National organization the movement is expected to grow until it is international and traveling will be made safe for women and girls in any part of the world.

1700 Girls Lost in Year.

Seventeen hundred girls, according to official reports, disappeared in one year en route between New York City and points west. The ugly fact that the white-slave trade is a reality is coupled with the knowledge that travel has become more dangerous for unprotected women and girls.

Canal Emergency to Be Met.

The main factor in bringing to an issue the new protective federation is the fact that the Panama Canal will open in 1915, and at the same time the Panama Exposition in San Francisco will get under way. Women interested in the movement declare they must have their organization complete by that time, as the tide of travel will be extraordinarily great.

OUTDOORS TO BE HEATED

ORANGEGROWERS LAY OUT EXTENSIVE CAMPAIGN.

Direct Flame to Be Relied On Next Season in California, Smoke Theory Being Abandoned.

SCIENTIST HOLDS JUBILEE

BRUSSELS, Sept. 21.—Ernest Selway, the discoverer of a process for the manufacture of soda, celebrated the 50th anniversary of that discovery yesterday by giving more than \$1,000,000 to educational and charitable institutions and the employees of his firm. The universities of Paris and Nancy each received \$100,000. Many scientists, representing all nations, are attending the jubilee celebration.

weather arrives, and the "smudge pot" salesmen are rushing through the citrus fruit regions, holding nightly and daily sessions with the growers and demonstrating their wares. When the growers are not counting the oranges of the coming crop, to determine whether it is really true that this year California will harvest 75 per cent of a normal orange production, they are attending demonstration parties to decide which heater can keep the frost the farthest away.

Smudging, under the theory that dense smoke will keep out the cold, was tried in some districts last winter and it became evident that frost could be defeated. Many acres in the coldest districts were saved by smudging. Inventors immediately jumped into action after the frost, and there have been marked strides in the perfection of heaters. The smoke idea, however, has been largely abandoned and directly from the flame is coming the heat in which the growers place their hopes of routing the frost. Nine or 10 different makes have withstood tests, and it is now demonstrated that with each tree supplied with a heater the temperature can be raised from 12 to 18 degrees.

Plans for heating the outdoors of Southern California are extensive. One individual grower has bought 53,000 heaters. The heaters cost about \$1 each and the growers' heating bill this winter will be about \$5,000,000, plus the cost of the fuel used.

LUMBERMEN TO CONVENE

Monthly Meeting of West Coast Association to Be Held Tomorrow.

The West Coast Lumber Manufacturers' Association will meet in Portland tomorrow. The association is composed of lumber manufacturers of Oregon and Washington. Many of the manufacturers from Puget Sound, Grays Harbor and Willapa Harbor are expected to be present. W. D. Mackay, of the North Pacific Lumber Company is president of the association. Lumber conditions generally will be discussed at the meeting.

The regular meeting day of the association is the fourth Friday of the month, but on account of the Pacific logging contest being held at Spokane September 24 to 27, the day of the meeting has been put ahead to Tuesday so as to permit of attendance at the logging contest.

JAMES CRAIG IS BURIED

Masons From Silverton Attend Funeral of Brother.

The funeral of James Craig, the Silverton flax grower who died in the Portland Commercial Club rooms, September 18, was held yesterday at 1:30 P. M. from the chapel of Dunning & McEneaney. Interment was at Riverview Cemetery.

SCIENTIST HOLDS JUBILEE

BRUSSELS, Sept. 21.—Ernest Selway, the discoverer of a process for the manufacture of soda, celebrated the 50th anniversary of that discovery yesterday by giving more than \$1,000,000 to educational and charitable institutions and the employees of his firm. The universities of Paris and Nancy each received \$100,000. Many scientists, representing all nations, are attending the jubilee celebration.

War against fuel waste

The Balkan war with all its waste and destructiveness does not equal in cost the annual expense bill to the people from the wastes of old-fashioned heating. The one best way to rout this army—the army of excessive coal-bills, repair bills, redecorating and refurnishing bills, which are always found in the camps of old-fashioned heating, is to install an outfit of

AMERICAN & IDEAL RADIATORS & BOILERS

yield only the most genial, cleanly warmth and distribute it steadily and uniformly throughout all rooms, bays and halls.

There is comfort, health-protection, household cleanliness, least care-taking and safety. Fire once started need not be rekindled in the whole heating season. So simple a child can run the outfit—which will, without repairs, last as long as the building in which it is put. Because of the economies and sure comfort guaranteed by IDEAL Boilers and AMERICAN Radiators, they are specified, used and endorsed by the leading engineers, architects and building contractors of America, Europe and Australia. Their annual sales are increasing mightily!

A No. 1, 22-W IDEAL Boiler and 400 ft. of 38-IN. AMERICAN Radiators costing the owner \$190, were used to heat this cottage. At this price the goods can be bought of any reputable, competent fitter. This did not include costs of labor, pipe, valves, freight, etc., which are extra and vary according to climatic and other conditions.

IDEAL Boilers and AMERICAN Radiators will solve your heating problem—solve it for the rest of your days—get the most heat out of the least coal. With these outfits there is no "undigested" coal—nor is the heat wasted up the chimney—nor the rich fuel-gases allowed to pass off unconsumed. These outfits

feature in any building—whether cottage, farm house, store, school, church, public building, etc. Ask for free, valuable book: "Ideal Heating." Prices now most favorable.

No need to burn high-priced coals—IDEAL Boilers are made to get the maximum, smokeless results from burning even the cheapest screenings, slack, pea-coal, run-of-mine, low grade soft coals, lignite, slabs, natural gas, coke, oil, etc. These outfits are a dividend-paying investment—not an expense. Buildings thus outfitted sell quicker at the higher price or bring 10% to 15% higher rental.

Whether owner, tenant or intending builder, do not delay investigating this best-paying feature in any building—whether cottage, farm house, store, school, church, public building, etc. Ask for free, valuable book: "Ideal Heating." Prices now most favorable.

IDEAL Boilers are safer and easier to run than stoves, and their cleanliness reduces housework one-half. They will last as long as the building and need no repairs. Accept no substitute.

ARCO WAND Vacuum Cleaner—built into the house

We also make the ARCO WAND Vacuum Cleaner, connected by iron suction pipe to various floors of houses, flats, schools, churches, hotels, etc. Through a light-weight hose ALL the dirt, cobwebs, lint, threads, moths, etc., are drawn with lightning rapidity down the iron piping into big, sealed dust-bucket in cellar. The ARCO WAND is a practical outfit that is a part of the building—like radiator heating.

AMERICAN RADIATOR COMPANY

Public Showrooms at Chicago, New York, Boston, Providence, Philadelphia, Washington, Baltimore, Buffalo, Pittsburgh, Cleveland, Cincinnati, Detroit, Atlanta, Birmingham, New Orleans, Indianapolis, Milwaukee, Omaha, Minneapolis, St. Louis, Kansas City, Denver, Seattle, Portland, Spokane, San Francisco, Los Angeles, Toronto, Brantford (Ont.), London, Paris, Brussels, Berlin, Cologne, Milan, Vienna.

SULZER TO TESTIFY

Governor May Compel Murphy to Defend Himself.

WIFE ALSO TO BE CALLED

Testimony in Chief Will Take Form of Narrative, Telling of Tammany's Efforts to Dictate, and of Final Break.

ALBANY, N. Y., Sept. 21.—Nothing short of death can prevent Governor Sulzer and his wife from testifying in his impeachment trial, if the constitutional objections of his attorneys to the proceedings are overruled.

This statement came tonight from an unquestioned source. It followed speculation whether either of them would testify.

Mrs. Sulzer's testimony has been considered too vital to the case of the defense to permit her to remain silent.

The Governor has made the most extensive preparations for the presentation of his testimony. It will take the form of a narrative from the time soon after his election, when he entered the Albany Hall and others began to bring pressure on him to do his bidding. He hopes to show, it is understood, that gradually he incurred the enmity of many of the men back of the proceedings and that the first break came when he refused to be a tool.

Amazing revelations, which will involve a score or more of widely-known Democratic politicians, are predicted. It is declared to be the Governor's purpose to compel Charles F. Murphy to make the stand if possible. This, it is said, will be brought about by putting Murphy on the defensive through the Governor's testimony.

At the time the Governor's so-called break with Murphy last June, the Tammany leader was behind a conspiracy to blackmail his character because I refused to do his bidding.

When the court convenes tomorrow the Governor's attorneys will continue their legal fight, started Friday, on three objections raised against the legality of the impeachment charges. Mr. Marshall's argument and the answer of counsel for the prosecution are expected to occupy most of the day.

Should the court rule adversely to the defense, the Governor's attorneys then will move to strike out three of the articles of impeachment which have to do with the receipt and expenditure of moneys by the Governor.

Bay State Primaries Tuesday.

BOSTON, Sept. 21.—The officially recognized political parties, Democratic, Progressive and Republican, will

hold primaries Tuesday for the selection of all state officers, members of the Legislature and county officials to be voted on at the election November 4. David R. Walsh will receive the Democratic nomination for Governor and Charles S. Bird will be named by the Progressives. Neither has any opposition been made. The Commissioner for the nomination are Colonel Everett C. Benton and Representative A. F. Gardner.

AKED PRAYS FOR GAYNOR

People Urged to Keep at Task of Cleaning Up City.

NEW YORK, Sept. 21.—(Special.)—Dr. Charles Aked, of San Francisco, formerly of the Fifth-Avenue Baptist Church, this city, which John D. Rockefeller attends, included the family of the late Mayor Gaynor in his prayer in the Madison-Avenue Reformed Church today, but dwelt longest and with greatest emphasis on conditions in cities that need improvement.

Dr. Aked sought to strengthen the wills of the Christian people to keep at the task of cleaning up the city. He had no doubt, he said, that New York reformers, like all others, weary in well-doing, and felt at times like washing their hands of the whole business and allowing the famous evil organizations of this city to have their own way. He hoped the churches of New York and the preachers would be equal to the task of bringing about better civic conditions.

Eight-Hour Law Violated.

EUGENE, Or., Sept. 21.—(Special.)—State Labor Commissioner Hoff inspected a number of cases in Eugene yesterday and found that several contractors employed on municipal work had kept men at work in excess of the maximum eight hours. Overtime had been paid at double rates, the Commissioner found. As it appeared that the contractors had attempted to obey the law, but had misinterpreted it, no arrests were made. The Commissioner explained, however, that men could not be worked in excess of the eight hours a day if other help could be secured.

50,000 Trout Liberated.

INDEPENDENCE, Or., Sept. 21.—

FATAL TO GOOD LOOKS

Thin Blood and Nervousness Will Quickly Wreck Beauty.

Pale people are generally nervous. Thin blood not only affects the complexion by robbing cheeks and lips of color, but it also weakens the nerves robbing them of nourishment.

When you have so far lost control of your nerves that you "fly to pieces" over the least little noise or excitement, it is high time to give your nerves a rest and to build up your blood. The drawn look, the sunken eyes, the deepening lines about the mouth and forehead, the loss in weight are plain signs that the nerves and the body are being poorly nourished.

Don't put off taking Dr. Williams' Pink Pills any longer. You may be nearer a collapse than you think. Start on the road to health now by getting a box of Dr. Williams' Pink Pills from your druggist.—Adv

King Craft

JUST the chairs you want in your home—King-Craft Chairs—beautiful, serviceable, right in price. Made right here in Oregon of the best oak obtainable. At your dealer.

Oregon Chair Company

PORTLAND, OR.

THE IDEAL HOME BEVERAGE LIGHT, SPARKLING, PLEASING

It is a comfort to know that those much-talked-of pains that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

This is a penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous, twitching spells, but there is an entire freedom from nausea, discomfort, sleeplessness and dread that so often leave their impress upon the babe.

The occasion is, therefore, one of unbounded, joyful anticipation, and too much stress cannot be laid upon the remarkable influence which a mother's happy, prenatal disposition has upon the health and fortunes of the generation to come.

You will find it on sale at all drug stores at \$1.00 a bottle. Write to-day to the Bradford Regulator Co., 290 Lanthier Bldg., Atlanta, Ga., for an instructive book.
