

VETERAN TRAVERS LOSES TO OULMET

Youthful Golfer Adds to Recent Laurels by Outnerving Experienced Opponent.

BITTER FEELING AROUSED

Outburst of Cheers When National Amateur Champion Makes Shot Which Loser Described as "Disgrace to Sport."

BROOKLINE, Mass., Sept. 26.—Champion national amateur golfer, Francis Oulmet, added to his recent laurels by vanquishing Jerome D. Travers, the National amateur champion, in the final round of the Lesley cup, in the finals tomorrow.

Oulmet's victory marked a clean sweep for the players of the Boston district against those of New York in the singles division of the preliminary play for the Lesley cup. The local team will meet Philadelphia, the present holder of the Lesley cup, in the finals tomorrow.

A gallery of 1000 persons which followed the Oulmet-Travers match became so overwrought at the twentieth hole as to commit what President R. C. Watson, of the United States Golf Association, declared to be the "worst exhibition of partisan feeling in American golfing history and a disgrace to the sport."

Clapping Anxiously Travers. The outbreak followed Travers' ill-fortune in driving into a trap beyond the twentieth hole on his approach. Travers' mishap was appreciated to be the deciding break and a small portion of the gallery gave vent to its feeling by clapping hands. When Travers came on the green he looked the crowd in the face for a moment and then turned to the business of extricating his ball. He almost tripped himself again, then failed on a 12-foot putt, and saw the match go to Oulmet when the latter sank a two-foot putt, after failing to run down one of eight feet for a three.

Oulmet's Mother Greets Him. Oulmet's mother greeted him on the sixteenth green, which had been the last of the match. He had been apparently assuring his parent that he had not lost his spirit. Travers' defeat was a surprise. For the home hole Oulmet outdrew his older opponent and lifted to the green in two. Travers' ball on the second shot fell in front of a bunker and on the third shot Oulmet ran the green into the crowd. It was Oulmet's hole and the match was tied. Both players required five on the nineteenth but victory came to Oulmet on the twentieth.

10,000 SEE RACES AT EUGENE

Dr. Wayo in Free-for-All Leads in All Three Heats.

EUGENE, Or., Sept. 26.—(Special.)—Dr. Wayo in the free-for-all race aroused great enthusiasm at the Lane County fair meet today when he led all three heats, even though starting from the outside. Sporting Sparks

THE feat of swimming from the battery to Sandy Hook has been accomplished for the first time by several persons this year. The latest to make the swim is Samuel Richards, Jr., the third man of the year.

Manager Johnston, of the St. Nicholas Athletic Club, Brooklyn, N. Y., read of W. J. Bryan's financial stringency and immediately offered the Secretary of State \$300 for a 15-minute talk from the ring to be made on the night of the Palmer-Miller go. However, Mr. Bryan was booked for an appearance for more money and courteously side-stepped the offer.

Word comes from Philadelphia that Jack Coombs, in all probability, will be unable to get in the world's series. Dr. I. W. Brown, an attending physician, gives out little hope for the bad arm and back.

Professor John Stuart White, a medico of Chicago, comes to the front with the real reason for the campaign against the spitball. It seems that it is not the sanitation of the ball, but the nauseating effects experienced by a "hi-brow" who reads of the saliva twister in the account of the game.

P. S. Hughes claims the moonlight golf title of the country. He made a nine-hole course in 42 in his last match.

Jack McKerron, a Cleveland trotter, has been sold and will be sent to Moscow, Russia. Russia takes away Yankee horses and sends ballet dancers to America. Judging by the last crop seen in these parts, Russia is getting the best of the deal all around. Our horses are much better steppers.

Evansville, tall-ender in the Central league, is second in finances. It was a cellar team through practically the whole race, but its gates were always good.

Manager Ebbs, of the Brooklyn team, was after four Pacific Coast league stars. Ebbs thought Lober, with his hit, would come in real handy, and put in a draft for him. The others he wanted were Johnny Williams, of Sacramento; Johnson, of Los Angeles; and Johnston, of San Francisco. Brooklyn also put in a "front" for Derrick, of the Baltimore Association team. This Derrick is a brother to the Beaver player.

SEASON NOW HERE

Big Football Teams to Have First Tests Today.

HARVARD UNDER SCRUTINY

Crimson to Meet Maine; Pennsylvania Will Clash With Gettysburg, While Princeton Will Battle With Rutgers.

NEW YORK, Sept. 26.—Football teams representing the leading universities of the country will swing into action tomorrow and before dusk King Football will have made his 1913 debut on many a gridiron.

Although several of the smaller college eleven appeared in easy games last week, the majority of the big teams reserved their initial appearance for the last Saturday of September. In the East, Pennsylvania, Princeton and Harvard all step from the practice to the actual playing stage, while in the Middle West, Minnesota will lead the way for the other conference college teams.

Tomorrow's results will be watched closely as giving an indication of the teams' possibilities. The results of the slight changes in the playing rules also will be watched, so that coaches may be familiar with the new developments possible under the 1913 code.

Harvard to Have First Test. Much interest will naturally attach to Harvard's opening game. The Eastern championship eleven of last year, while not intact, still has many representatives upon the crimson squad of this year. Many promising players also are seeking places. Captain Storvick undoubtedly try out a number of men during the game with the University of Maine and a better idea of the ranking of the present squad will be obtainable by nightfall.

Princeton appears to have one of the hardest games of the day in the East against Rutgers, as favorable reports have been heard regarding the latter's football prospects. Pennsylvania faces Gettysburg, but the latter is expected to be more formidable than last year, when it was defeated by a 35-10 score.

Cornell Faces Hard Game. The same statement does not hold true in reference to Cornell, however, for the Ithaca team must face Colgate, which defeated Cornell, 13 to 7, last year, and a better idea of the ranking of the present squad will be obtainable by nightfall.

answered that he is eager for the match.

Tokio.—The University of Washington baseball team defeated the Keio University nine Friday by a score of 9 to 0.

San Francisco.—Jimmy Power, the prominent distance man of the Boston Athletic Association, has accepted the invitation to be a member of the all-American team on its tour of Australia and New Zealand. Power will also participate in the athletic event held here during the Portola Festival.

BEZDEK LINES UP TWO SQUADS

First Team and Freshmen Clash for 40 Minutes at Eugene.

UNIVERSITY OF OREGON, Eugene, Sept. 26.—(Special.)—The University of Oregon football squad is getting down to hard tasks these days. Yesterday Coach Bezdek lined up his vanguard first team and his freshmen eleven against each other for the first scrimmage. It was a hard session for a starter, lasting more than 40 minutes. Several players came out somewhat the worse for wear, although no one was injured.

The feature of the scrimmage was the work of the freshman aggregation, which is scheduled to meet Oregon Agricultural College beginners October 1. At times the first year men played rings around the veterans. Predictions are afoot that several of the freshman stars will fill places in the variety line-up before many more nights.

Questionable Finish Causes Judges to Hesitate in Awarding Prize in 2:11 Grand Circuit Pace.

COLUMBUS, O., Sept. 25.—All three of the class races, which, with the finish of the 2:09 trot that was started on Thursday, comprised the program of the last day of Columbus Grand Circuit racing, were split up so that 14 heats were raced during the afternoon. Grand Marshall took the one heat needed to settle the 2:09 trot. Blamie, of the Proctor stable, from Readville, Mass., was favorite in the 2:19 trot and won after the first heat had been taken by Marta Bellini, the second choice.

Judges hesitated about declaring the 2:11 pace completed after the fifth heat, done in 2:18 1/2 with a sprint through the last quarter in 28 1/2 seconds, had been won by Colonel Franklin Hyde. Hyde won the fourth heat, but was outstruck in the fifth. After a delay the race was declared over. Great Scott had little trouble in leading the 2:18 pacers home. He was second choice, Lady Richmond being the favorite.

In the semi-final Earl Williams, of Cleveland, was outpointed by Chick Simler, of Scranton.

OREGON KID UPSETS

Mishap Spoils Chances of Portland Boat in Race.

BROCK THROWN IN WATER

Fast Motorboat Is Poor Third in Championship Contest as Result of Spill—Baby Reliance Is First in Fast Time.

KANSAS CITY, Mo., Sept. 26.—The Baby Reliance, driven by Jay Smith, of Algonac, Mich., won the first heat to top of the seven and one-half mile National speed contest for motorboats, the principal event of the two days' regatta of the Kansas City Yacht Club. The Baby Reliance swept across the finish line five lengths in front of the Tango, while the Oregon Kid finished a poor third after her driver, S. F. Brock, of Portland, Or., had been thrown into the river on turn in the course. He was uninjured.

The remaining two heats of the race will be run tomorrow. The winner's time was 13 minutes 59 seconds. The Tango finished in 14 minutes and 23 seconds and the Oregon Kid in 35 minutes 54 seconds.

The Baby Reliance sprang into an early lead. Rounding the first turn in the course in her position on the outside, she set up a terrific spray of water and this, with the heavy current of the river, caused the Oregon Kid to career on its side and throw Brock into the river. The engine of the Oregon Kid was damaged and the pilot and the mechanic kept their seats, owing to the speed of the boat, and no damage was done.

In the trial runs for the big race the Oregon Kid hit a large wave and rolled completely over. However, both the pilot and the mechanic kept their seats, owing to the speed of the boat, and no damage was done.

Drafts Help Colts to Pay Dividends Again

McCredie Sees Profits for Club in Calls for Heilmann and Mays, but Margin Will Be Small.

PORTLAND'S Northwestern League Club Will Make Money This Year.

The drafting of Harry Heilmann by Cincinnati last week poured \$1250 in the barren coffers and Carl Mays' draft by an American Association team has added \$750 more.

Checking the two and entering same on the books yesterday, W. W. McCredie, owner of the B league franchise, made the startling discovery above propounded.

Quod erat demonstrandum, the Colts will again pay dividends. "Eddie Mensor's sale for \$3000 to Pittsburgh last year gave us a small surplus and these two drafts this year will turn the trick again," I guess," said President McCredie. "I don't know just how big the profit will be, but it will pay for a few gallons of gasoline this winter."

The McCredies do not count ground rent against the Colts, so an independent club here would not break even. While Secretary Farrell telegraphed McCredie Tuesday that Mays had been drafted, W. W. McCredie received word from a private source yesterday that a draft had also been entered for Callahan. This being true, it may take a drawing to decide whether Mays or Callahan goes East.

The AA clubs are allowed only one man from class B clubs already touched by the majors.

BANKRUPT STOCK IS SOLD

Merchandise of Barde & Levitt's Four Stores Is Bought.

OREGON CITY, Or., Sept. 26.—(Special.)—B. N. Hicks, of Cleveland, bankrupt, has awarded the bankrupt stock of Barde & Levitt to the highest bidder in each of the four stores that were a short time ago declared insolvent. The bids are awarded as follows: D. Sondheim, for the Salem store, \$13,630; Matt Mosgrove, for the Corvallis property, \$12,875.50; M. Bloom, for the Hood River store, \$5935.62; L. E. Karo, for the Oregon City store, \$16,260.

Many of the merchants through the territory where these stores were located filed bids with the referee, but these highest ones were declared the best and the property given to the bidders. In the semi-final Earl Williams, of Cleveland, was outpointed by Chick Simler, of Scranton.

WORLD'S SERIES NOVELTY TO MURRAY

New York's Spectacular Outfielder to Be Seen in Third Great Event.

NAME OF IRELAND UPHELD

E. Murphy, Who Will Cover Right Garden for Mackmen, Is Serving First Full Season in Fast Company—Burns Gets Chance.

(This is the second of a series of articles analyzing the playing strength of the Philadelphia and New York baseball teams, rival in the world series games slated to begin early in October.—Sporting Editor's note.)

Article 2—Outfielders. Murray, Murphy, Burns and Walsh. To Jack Murray, New York's spectacular outfielder, world's championship games will be no novelty. The forthcoming series will be third in which "Red" has participated. In 1911 he found the curves of Coombs, Bender and Plank so deceiving that he failed to secure a single hit in six games but, in the Boston games last Fall his work was so extraordinary that he convinced most observers that he should not be judged by his performance of the year before. His record this season against the all-star National League sextet is shown in the table.

Murray vs—	G.	A.	R.	H.	P.	E.
Cheney	6	19	1	4	103	
Perdue	4	15	1	4	231	
Seaton	13	13	1	8	231	
Alexander	4	15	1	4	308	
Salles	4	13	0	5	231	

Totals 37 82 6 22 239
Murray's showing against such good twirlers as Perdue, Alexander and Adams who have been pitching to the year's end is an impressive one. The Athletics have no one whom Mack is likely to work whose style of delivery can be compared to Adams but, in the light of his performance against Alexander and Perdue, Bender, good as he is, can hardly hope to equal the record of 1911. Murray should find Brown and Plank hard to lead.

Murray Hits Near 275. Murray's very close to 275 year by year, has a wonderful arm and knows how to use it and is one of the brilliant fielders of the National League.

Eddie Murphy, who will cover right field for the Mackmen, is serving his first full season in the American League. He was obtained in August, 1912 to fill the vacancy caused by the injury to his namesake, D. Murphy, and made good so thoroughly that all Dan has to do now is to captain the Athletics. Murphy is a good fielder, but cannot cover the acreage that Olding does.

He has hit thus far this year at a .309 clip, but does not arrive his powers back as far or as often as old Dan was wont to do. He is a fairly fast base runner and thanks to the driving power behind his lucky young man when he is scored more runs (95) than any other American League player except Collins and Baker.

Murphy's record against the selected list of American League pitchers shows him to be a consistent hitter against all styles of pitching.

Only Break Is Found. The only break in his good work is found in the games where he faced Scott, and this may be accounted for by the well-known fact that nearly every player finds a pitcher here and there that he cannot hit.

Murphy vs—	G.	A.	R.	H.	P.	E.

Totals 37 100 11 33 230
Ladies Murphy is a good fielder, the Athletics, George Burns, of New York, is getting his first chance to break into a championship series. Also like them, he may be accounted a lucky young man when the number of great players that have worked years and finally passed out, without a chance at the great prize is taken into consideration.

Joining New York in the Spring of 1912, he showed such class after a year of careful tutelage that Manager McGraw felt justified in placing him in the present campaign in dispensing with the services of Becker and Devore. Up to September 15 he had hit at a .275 clip for the season and had pilfered 23 bases. A glance at the table shows that he has battled consistently against all the prize pitchers except Perdue, who seems to be his jinx as Scott is for Murphy.

Burns Brilliant Fielder. Burns is a brilliant fielder, a remarkably strong and accurate thrower and gives promise of becoming a real star, and that soon.

Jimmy Walsh came to the Athletics with E. Murphy from Baltimore a little more than a year ago. He looks like a better fielder than Olding and that is strong praise. His ability to come in for short drives or Texas League flies and to him in what he touches is not surpassed by any fielder playing ball. He also can go back far and fast and is consequently strong on the defense.

His hitting does not class with his fielding, however, and as a result he may make the bench to make way for Strunk when Mathewson and Tarsus pitch. He has hit .243 this season and stolen 13 bases.

Hyland and Thompson Fight Draw. WALLA WALLA, Wash., Sept. 26.—(Special.)—Fighting Dick Hyland and Maurice Thompson fought four rounds to a draw last night before a small house, the recent ban against fights of longer length keeping the fans at home. Hyland goes to Butte to meet Freddie Welsh, October 8.

Confederate Veterans Invited North. MOLINE, Ill., Sept. 26.—The Greater Moline committee voted today to invite the United Confederate Veterans' Association to hold their next reunion as guests of the tri-cities—Moline, Rock Island and Davenport. It is believed that the Rock Island Arsenal and the cemetery where thousands of Confederate prisoners have their graves would prove of great interest to the veterans. The co-operation of the War Department will be sought to bring the reunion here.

SEATTLE, Wash., Sept. 26.—Henry W. Pohlman swore that the stenographer had been employed by the National headquarters of the steel workers, and that the enemy, represented by a detective agency, was trying to induce her to testify against the union men. To Pohlman, he said, was assigned the task of taking the stenographer to theaters, parties, dances and even making love to her to keep her loyal to the union.
