

DECISION OF BOARD  
HAILED AS VICTORY

Governor Anticipates Return  
of Money Spent in Anti-  
Vice Crusades.

EXPENDITURE QUESTIONED

Lawyers Doubt Right of West to Ad-  
vance Cash for Purity Cam-  
paign When Vouchers Didn't  
Pass Regular Channel.

SALEM, Or., Sept. 28.—(Special.)—  
Governor West looks upon the results  
of the meeting of the Emergency  
Board Saturday as a "victory." The  
board created a deficiency of \$5000  
for use as rewards for the capture of  
felons, and another of \$1000 for the  
by the Governor in his vice crusades.  
Unless something unexpected happens,  
it is believed that at its meeting next  
Thursday a motion recommending that  
the Legislature reimburse the Govern-  
or for the \$1500 he spent personally  
in the anti-vice crusade will be passed  
by the board. Mr. West promised all  
the members itemized bills of his ex-  
penditure and invited them to come  
to his office and look over any papers  
he may have in connection with the  
work.

President of the Senate Maloney, at  
the meeting Saturday, intimated he  
would vote for the motion if the bills  
and other papers were found to be  
satisfactory. Senator Perkins made a  
motion at the meeting that a defici-  
ency be created so the Governor  
could have his bills and other papers  
representative Abbott did not make his  
position clear, but even should he vote  
with Treasurer Kay, who is opposed  
to making the recommendation to the  
Legislature, the motion will carry.  
Four favorable votes would be suffi-  
cient for a majority in all that is  
necessary in making recommendations  
to the Legislature. Governor West  
and Secretary of State Olcott will  
vote for the motion, so only two more  
votes will be necessary.

**Vouchers to Be Examined.**  
Messrs. Maloney and McArthur, after  
the meeting Saturday, said they would  
make a thorough examination of bills  
and vouchers before the meeting Thurs-  
day. Mr. Maloney said he was not  
sure he had no doubt that the Governor  
had acted purely from philanthropic  
motives, and while deploring the fact  
that the meeting had not been called  
when the appropriation of \$1000 for  
carrying on the moral crusades was  
exhausted, seemed to favor recommend-  
ing that the Governor be reimbursed  
provided the records were all right.

Mr. West says he can show where  
every dollar was spent, and that it was  
for a good purpose. If he does  
this to the satisfaction of Messrs. Ma-  
loney, McArthur and Abbott and the  
President of the Senate and the  
Speaker of the House are of the same  
opinion they were Saturday. It is be-  
lieved that the recommendation will  
be made.

There is a question as to whether  
Governor West had a right to spend  
part of the money in the payment of  
Special Prosecutor Ringo for making  
an investigation of alleged frauds in  
the petition to refer the workmen's  
compensation act. The Governor says  
he had, for it was reported to him that  
many of the signatures were fraudulent,  
and he had a right to spend the  
money to ferret them out. Also, it  
is charged that if the board recom-  
mends that the Legislature reimburse  
the Governor, it will be violating the  
law, inasmuch as the deficiency would  
be the direct result of the Governor  
having advanced the money.

It is contended, if he can spend more  
than an appropriation for certain work,  
why could not the men in charge of  
the state institutions do the same, and  
then have the Legislature reimburse  
them?

**Office-Holders Made Liable.**  
A clause in the bill creating the  
emergency board and bearing on this  
phase of the case is as follows:  
"Any officer, trustee, manager, director,  
superintendent or commissioner enu-  
merated or mentioned or referred to  
in section 1 of this act who shall  
violate the provisions of this act by  
creating a deficiency, incurring a li-  
ability or expending a greater sum than  
is appropriated by the Legislative As-  
sembly for any public institution or  
department which is mentioned in this  
act shall be individually and with  
the sureties on their official bonds  
be liable," etc.

It is contended, if he can spend more  
than an appropriation for certain work,  
why could not the men in charge of  
the state institutions do the same, and  
then have the Legislature reimburse  
them?

Governor West admitted that, after  
coming to the conclusion it might be  
wrong for him to put the vouchers  
through the regular channels, he kept  
them in his pocket, and thus thwarted  
men who were "trying to send him to  
prison."

INGLIS IS NEW PRESIDENT

Seattle Man to Lead Amateur Ath-  
letic Association.

SEATTLE, Wash., Sept. 28.—(Special.)—  
Colonel William M. Inglis, of the National  
Guard of Washington, a well-known  
athletic man of long residence  
in this city, was unanimously chosen  
to head the Pacific Northwest Amateur  
Athletic Association at the ninth an-  
nual meeting of that organization held  
at Seattle Athletic Club today.

Those present were: Colonel Inglis,  
F. J. Garner and L. L. Goldsmith, of  
the Seattle Athletic Club; Edgar Frank  
and T. Morris Dunne, of the Multnomah  
Athletic Club, of Portland; H. J.  
Campbell, of the Spokane Athletic Club;  
W. H. Davies, of the James Bay Ath-  
letic Club, of Victoria; R. Scragg and  
Harry Skuce, of the Vancouver Athletic  
Club, and J. D. Moon, of the Norwegian  
Turners' Society, of Seattle.

Awards for the various champion-  
ships were given as follows:  
Boxing and wrestling to the Van-  
couver, B. C. Athletic Club; outdoor field  
meets to the James Bay Athletic Club,  
of Victoria; indoor track and field meets  
to the National Guard Association; out-  
door and indoor swimming to the Mult-  
nomah Athletic Club, and the squash  
to the Multnomah Club.

Dr. Edward H. Todd,  
WILLAMETTE UNIVERSITY,  
Salem, Or., Sept. 28.—(Special.)—  
Edward H. Todd, vice-president  
of Willamette University, has  
been offered the presidency of  
the University of Puget Sound,  
at Tacoma. It is hoped that  
Dr. Todd will remain at Willamette,  
but it is generally believed  
he will accept the offer from  
the Northern institution. Dr.  
Todd came to Willamette three  
years ago, during which time he  
and President Honan have ad-  
vanced every line of work here  
and at the same time raised a  
half-million-dollar endowment  
fund for old Willamette.

RAILROAD IS PROJECTED

TIMBER COMPANY TO OPEN UP  
TERRITORY AT THE DALLES.

Sawmill With Capacity of 100,000  
Feet Also to Be Built, Adding  
Largely to City's Payroll.

THE DALLES, Or., Sept. 28.—(Spe-  
cial.)—After two years of speculation  
as to the meaning of several survey  
lines up the Mill Creek and Chenoweth  
Creek valleys, local people have been  
informed that C. D. Wise, of Portland,  
and S. S. Fair, of Detroit, who are in  
the city, represent capitalists that will,  
within the next few months, commence  
the construction of a sawmill and  
one of the two valleys, to tap the  
rich timber belt at the head of Mosier  
Creek, and at the same time start work  
on the erection of a sawmill in The  
Dalles, at the terminus of the railroad.

This company has extensive holdings  
of timber, while tributary to the pro-  
jected railroad are millions of feet of  
logs that probably will be handled by  
the concern. The mill will have a  
capacity of 100,000 feet, and there is tim-  
ber enough in the tract to be  
tapped to keep it running for 50  
years. It is expected that at least 500  
men will be employed.

The railroad to be constructed pri-  
marily for the carrying of logs from  
the forests to the mill in The Dalles,  
but it may be decided later to accept  
general traffic, and the line will  
run through the country through which  
the line will be built. This road will make  
two of the finest farming sections of this  
county immediately accessible to the  
Dalles, the Government Flat and the  
upper Mill Creek Valley. These localities  
have always been handicapped by a  
lack of transportation.

ENTRIES BREAK RECORD

WASHINGTON STATE FAIR WILL  
OPEN TODAY.

Horticultural Inspectors Will Hold  
Meet at North Yakima—Amuse-  
ment Features Many.

NORTH YAKIMA, Wash., Sept. 28.—  
(Special.)—The gates of the seven-  
teenth Washington State Fair will open  
tomorrow with the largest list of en-  
tries in all departments, the buildings  
and grounds in better shape and with  
better facilities for handling the crowds  
than ever before.

The 1913 fair is the first under the  
direction of the newly-created state  
agricultural department and is more  
nearly representative of the entire  
state than ever before. Entries in the  
dairy department exceed those at the  
Yakima-Yukon-Pacific show, according  
to Commissioner J. H. Perkins, who has  
brought the entire force of his office  
from Olympia and augmented it by  
George Everett, an expert accountant  
in the executive office of Governor Lister  
to handle the fair accounts next  
week.

Nearly 600 babies were entered in the  
better babies contest, with representa-  
tives from all over the state.

The State Horticultural Inspectors  
will hold their annual meeting today  
at a parachute drop from the Coplan  
and Wednesday on the grounds. The  
race programme includes five or six  
running races each afternoon, with two  
automobile races Saturday, a cowboys'  
relay race, Indian and square races.

Among the amusement features will  
be a light balloon ascension, an aero-  
plane flight each day and one evening,  
with a parachute drop from the Coplan  
Wednesday, a sham battle between In-  
dians from the Yakima reservation and  
two companies of the National Guard  
Friday night, and many other fea-  
tures.

and Northwestern United States.

"Do you know that within the last  
seven years more than 750,000 of our  
best citizens have crossed the border  
into Canada? It is estimated that each  
year the United States loses \$750,000,000

is an aggregate of \$750,000,000. Figure  
the economic loss.

"The patriotic and a sentimental  
standpoint we regret to see the Cana-  
dian inroads upon the American farm  
settlements. I think the Northwest can  
stop it for the advantage of the West  
far superior to those in Canada. The  
only possible advantage on the other  
side is the price of land.

BRUSH FIRE IS FOUGHT

PHONE DISTRESS SIGNAL CALLS  
AID NEAR ALBANY.

Incipient Forest Blaze Burns Over Ten  
Acres and Imperils Sawmill  
and Three Homes.

ALBANY, Or., Sept. 28.—(Special.)—  
Through use of a distress signal on a  
rural telephone line, 25 men were sum-  
moned Saturday afternoon to fight a  
brush fire eight miles east of Albany,  
and after more than four hours' work  
succeeded in saving a sawmill and three  
dwellings, which were endangered by  
the flames.

The fire occurred on the farm of  
Frank M. Powell, deputy postmaster of  
Albany, and burned the sawmill and  
three dwellings in its course approxi-  
mately 50 cords of white fir wood,  
which had been cut preparatory to  
shipment to pulp mills.

The sawmill of the Copeland Lumber  
company adjoins this timbered tract  
and three farm houses situated not far  
apart on the old Marshall donation  
land claim also adjoin.

That these buildings were saved is  
due to the fact that the residents  
along the rural telephone line in that  
vicinity had arranged a distress signal,  
which when sounded called everyone to  
their phones. This call was sent out  
when the fire began to spread rapidly  
and neighbors came quickly.
