DEMAND FOR HOPS IS CHECKED German Markets Are Again Advancing, bu London Is Lower.

The hop market is still quiet and con-ditions are more or less unsatisfactory. The demand at last week's prices has ceased and present values are nominal. More growers are ready to sell now, but the English buyers are without orders, and the market is being allowed to drift in an aimless man-ner. There were numerous rumors yester-day of offerings at reduced prices, but no business is known to have been put through in this state. Hugh Herrin bought the Kupher lot of

ACTIVE ONLY AT OPENING

Missouri Pacific Is Exception to General Trend, Advancing on Favorable Showing Made by Annual Report.

NEW YORK, Sept. 29.—Active movements of stocks today were confined to the first hour, when prices declined abruptly. Openingtrading was slow, with a slight drift downward, except in the cases of Reading and Union Pacific, both of which advanced fractionally. Union Pacific, at 162%, reached a new high mark for the present movement, which was within % point of the year's best figure. On heavy offerings of favorite stocks, the market fell rapidly. Union Pacific dropped back more than two points from its high figure. Canadian Pacific lost nearly three. Other representative issues lost one to two.

Steel was watched more closely than any other stock as a guide to market conditions and its heaviness exerted a depreasing influence.

and its nearwhese and its nearfluence.

Missouri Pacific moved against the market. Buying of this stock was prompted
by the road's annual report, which revealed
a surplus of \$1.502.000 for the year, as compared with a deficit of over \$2,000,000 inthe preceding period.

The bond market was easy, with increased
activity in some speculative issues. Total
sales, par value, \$1.525,000. United States
bonds unchanged on call.

Ashland Man Writes Fish Story. ASHLAND, Or., Sept. 29 .- (Special.)-

ASHLAND, Or., Sept. 29.—(Special.)—
In the current number of the Outing magazine F. D. Wagner, editor of the Ashland Record, writing under the nom de plume of Charles Barnette Wolf, has a humorous descriptive article entitled "The Hopeful Fisherman," which pur ports to be "a true tale that reflects the experience of many more men than the author." The plot of this fish story is laid at the base of Table Rock, a favorite angling resort on the Rogue River, and the dramatis personae include familiar local personages.

Big Movement of Northwestern Wheat Is Over.

CHICAGO MARKET FIRMER

Gains for Day Range From Five Eights to Three-Quarters Cent. Plenty of Buying Orders. Corn and Oats Higher.

CHICAGO, Sept. 29.—Bellef that the crest of the big movement of wheat in both the American and Canadian Northwest had gone by had a bullish effect today on prices here. Largely in consequence the market closed firm at \$\frac{1}{2}\$c to \$\frac{1}{2}\$c higher, and oats with a gain of \$\frac{1}{2}\$c to \$\frac{1}{2}\$c higher, and oats with a gain of \$\frac{1}{2}\$c to \$\frac{1}{2}\$c. In provisions the outcome was irregular, strung out from 5 cents decline to a rise of 80 cents.

Despite the fact that wheat arrivals at Winnipeg, Minneapolis and Duluth since Saturday aggregated about 5,000,000 bushels, the greatest run on record for an equal period, all markets seemed to find plenty of buying orders at very moderate reactions. Wet weather that tended to delay farmers deliveries helped to encourage the buying of corn. CHICAGO, Sept. 29 .- Bellef that the crest

Idea of Course Is to Familiarize Children in Practical Way of Officials' Duties.

raduate in February they probably will have a pretty fair knowledge of how their city is governed. With the approval of L. R. Alderman, Superintendent of City Schools, the principal, L. A. Wiley, has instituted a course in city government, with the Portland Commission Charter as the textbook.

"It is surprising," said Mr. Wiley, "how little the majority of citizens know about the government of their city. Too many of us have an idea that he city's business is everybody's business but our own, except when it comes to criticising. When we wish to have a treet paved we don't even know what

"The idea of the course simply is to familiarize the children in a practical way with the form of government, the duties of the Commissioners and other officials and the procedure followed in putting through public improvements. St. They will be taught, for example, to know the different kinds of pavement, Sar of sidewalks and their constituents, how assessments for such improvements are made and other business of the municipality."
