MASSACHUSETTS SENATOR AND NEW YORK POLITICIAN WHO ARE SERIOUSLY ILL AT THEIR HOMES.

Timothy L. Woodruff.

ere and Hitchcock, was submitted to Senator Kern, the Democratic leader, tonight. Senator said he was in doubt as to whether the petition bore a sufficient number of signatures and that no action would be taken toward deciding on the validity of the petition until tomorrow.

Reports from the front tonight indicate that the Federals are closing in on the town of Sabinas, from which the Constitutionalists are expected to fall back on either Matamoros, across the line from Brownsville, Tex., or on Piedras Negras.

United States troops are hurrying from San Antonio to reinforce the garrison at Eagle Pass.

W. W. Vaughan, a well-known engineer, and Alfred Williams, a druggist, were ordered peremptorily to vacate their homes with their families on constitutionalist notification that the property would be destroyed...

It was said that the Mexicans were likely to become public charges and that the Japanese had not made proper application.

An appeal to Washington for exception in the latter case will allege that the Japanese are in danger of death from the Federals for having aided the constitutionalists.

Whether the wounded constitutionalists here will be barred has not been decided. Freight cars have been placed in readiness at the hospital to remove them to safety should the federals get in striking distance of the city.

It is reported that many prisoners confined in the jail on sedition charges have been shot, among them Felipe Sanchez, wanted in Carizzo Springs, Tex., as a member of the smuggling band charged with the murder of a Deputy Sheriff.

Rumors of internal dissatisfaction were reflected in the announcement that on demand of the army, Gabriel Calzada, Acting-Governor of Coahuila, had been succeeded by Lieutenant-Colonel Herrera.

About 2000 of the refugees who crossed the International bridge here today were unable to obtain lodging in Eagle Pass tonight and it was necessary to open public buildings and obtain empty boxcars to afford them shelter.

The House to confer with Speaker Clark and Chairman Fitzgerald, of the House appropriations committee, to make sure no opposition will develop in the lower branch of Congress.

LARGE RENTAL TO BE SAVED

Postmaster Myers Suggests Other Offices May Come Here.

Looking into the local situation for Senator Lane, Postmaster Myers ascertained that the Government is paying out about \$20,000 a year in rental for the various offices in different buildings in the city. It is largely to avoid this condition that the movement for centralization of all Federal offices in one building was begun.

The Portland Chamber of Commerce has gone on record as opposed to any alteration in the present plans, preferring that a two-story structure for postal purposes alone should be erected on the new site and suggesting that a central building for other Federal offices can be erected later on the present site of the Federal building.

FLOOD REMEDY IS FOUND

ARMY BOARD WOULD TAKE CONTROL OF BRIDGES.

Abutments Improperly Built Are Decried to Develop Currents of High Velocity.

WASHINGTON, Sept. 30.—Immediate legislation to place under Federal control the construction of all bridges and their approaches, to prevent encroachments on channels in tributaries of navigable rivers, was recommended in a report submitted to Secretary Garrison today by the Board of Army Engineers appointed to investigate the flood which devastated the Ohio Valley last Spring.

Artificial contraction of river channels and their adjacent flood plains which caused the disaster, the Board declared, can be prevented only by systematic, comprehensive control by the central government without interference from the state authorities.

The Board reported that it was not at present prepared to recommend means of preventing the occurrence of high stages in the rivers, due to excessive rainfall.

FINN COUNTY FAIR ENDS

FINE ENTRY LIST AND LARGE ATTENDANCE REPORTED.

Display of Livestock Attracts Attention and Women's Art Department Praised.

SCIO, Or., Sept. 30.—(Special.)—The Linn County Fair closed on Friday after a three days' session. It was declared a success in every way.

There was a large attendance each day. The exhibits were excellent. The farm products were exceptionally good.

Mr. Sherman, of Lebanon, received first prize for best general farm exhibit. Leo Zellers, of Thomas, received second and Thomas Holt was third.

The livestock exhibit aroused great enthusiasm. Mr. Holt, of Thomas, won first prize on cattle, with a herd of registered Jerseys.

The school exhibit was fair. The farm products exhibited by the children were good and the garden products fine. The classroom work was not so extensive. The corn exhibit proved that it can be produced successfully in Linn County.

SUMPTER ROAD WINS SUIT

Supreme Court Rules Lower Tribunal Erred in Instructing Jury.

SALEM, Or., Sept. 30.—(Special.)—Holding that the Circuit Judge erred in instructing the jury, the Supreme Court today reversed the decision fa-

avorable to the plaintiff in the case of Servon & Wright Lumber Company against the Sumpter Valley Railway Company, involving alleged discrimination in freight rates.

The court, however, clearly defines the difference between commerce within a state and interstate commerce, and cites statutes which it would be well for railroads and shippers to heed.

Being engaged in the lumber business, the plaintiff alleged that the defendant charged it for shipping lumber from Deer Creek Spur to Baker City, a rate of \$11 cents a ton a mile, which was \$2 a ton for the entire distance of 23 1/2 miles.

A jury trial resulted in a verdict for the plaintiff of \$3845.73, and the defendant appealed. The Supreme Court, Justice Burnett writing the opinion, holds that the Circuit Judge erred in instructing the jury.

who prosecuted Bixby at the trial just ended, said today that because of the Long Beach millionaire's acquittal the other indictment against him would be dismissed.

BIXBY IS WHOLLY FREE

Other Charges Against Accused Millionaire to Be Dropped.

LOS ANGELES, Sept. 30.—The acquittal of George H. Bixby last night by a jury which had heard his trial on a charge of having contributed to the delinquency of Cino Helen Barker, 19 years old, freed him also from prosecution on an indictment charging a similar offense against Marie Brown-Lavy.

Asa Keyes, deputy district attorney, who prosecuted Bixby at the trial just ended, said today that because of the Long Beach millionaire's acquittal the other indictment against him would be dismissed.

For Sallow, Blotchy, Rough or Greasy Skins (From Woman's Tribune.) Some skins require constant grooming to keep them from becoming oily, muddy, blotchy or rough, or if such condition has developed, to overcome it. In such chronic cases it is particularly inadvisable to keep piling on cosmetics which clog the pores, collect dust and dirt, making the complexion worse than ever.

Apply the wax, like cold cream, before retiring; next morning, in washing it off, you'll wash away fine, flour-like particles of the unsightly scum. Repeat for a week or more and you'll have an entirely new skin—soft, satiny, spotless and beautiful as a child's. One ounce of mercolized wax, procurable at any drugist's, is all you'll need.

If the skin be wrinkled or flabby, here's the best possible remedy: Mix 1/4 pint witch hazel and 1 ounce powdered sorbitol and use as a face wash. It works like a miracle, yet is entirely harmless.—Adv.

The Story of a Million

On Saturday next, October 4th, our prescription file numbers will have reached the One Million mark.

This means that for nearly half a century, during which time we have faithfully pursued our calling as apothecaries, we have dispensed to the public of Portland and the surrounding community, this number of physicians' original prescriptions.

(We do not include prescriptions refilled), and that during all this time no serious error has ever occurred in carrying out this responsible task.

We believe this record, as to numbers and service, is not duplicated by any store on the Pacific Coast, or indeed, west of Chicago.

Mr. Clarke and Mr. Woodward, the owners of this business, have been associated in conducting it for over thirty years and are still actively engaged in serving the public and attending to every detail of their business, no matter how trivial, securing to their patrons every convenience and improvement which their calling may suggest.

We confess to a natural and proper feeling of pride in our record, not of boasting, but the consciousness of faithful service well rewarded by the confidence and patronage of the people whom we serve.

Our new store, occupying the entire building, in its new location, beautifully lighted and equipped, and comprising, as it does, ten selling floors, stands today as an evidence of what hard work and intelligent effort can accomplish—America's Largest Retail Drug Store.

In commemoration of this occasion, we shall on Saturday next, October 4th, present to every patron having one or more prescriptions filled at our store, whether original, refill or family recipe, a beautiful souvenir, attesting our feeling of gratitude to the public for patronage heretofore extended.

These souvenirs, handsomely framed pictures selected from our art section, will be displayed during the remainder of the week, in our Alder street windows. Owing to the necessary limitations, we will be unable to present more than one souvenir to each patron of our prescription department, and as there are a variety of subjects we would earnestly request that a selection be made in person.

WOODARD, CLARKE & CO. Alder Street at West Park.

Flowering Bulbs Hyacinths, Narcissus, Tulips, etc., should be planted now.

in pots for Christmas flowers and in the window and porch boxes and beds outside for early Spring flowers.
