

SCHWERIN'S NEAR SERIOUS INJURY

Pacific Mail Official and Wife and Daughters in New York Auto Collision.

BOTH MACHINES WRECKED

Western Man Attends Woman Who Is Hurt, Then Goes to Night Court to Press Charge Against Reckless Chauffeur.

NEW YORK, Oct. 5.—(Special).—R. W. Schwerin, vice-president of the Pacific Mail Steamship Company, his wife and their daughter, Arabella, of San Francisco, narrowly escaped injury today when an automobile in which they were riding with John Callanan, of the Hotel Van Cortlandt, and Mrs. Katherine Rose, of Denver, was wrecked in collision with another automobile near the Eighty-first-street entrance to Central Park.

Mrs. Grace Mearns, her two young daughters, and Miss Elizabeth Morris, of New York, were thrown from the second machine, in which they were riding. Mr. Schwerin hurried to the aid of Mrs. Mearns, who appeared at first to be seriously injured, and then went to the Central Park police station, where he made a complaint of reckless driving against Goldthwaite, the chauffeur. Later Mr. Schwerin went to the Night Court to press the complaint.

Callanan and his guests were driving south along the western drive, when Goldthwaite's machine, which was to drive from the Eighty-first-street entrance. He appeared to lose control of the machine, and there was a terrific crash as the two automobiles came together. Mounted Patrolman Rolands heard it and came galloping on his horse to find Mrs. Mearns badly cut by flying glass and bleeding from other wounds. Both machines were wrecked and unfit for use. Mrs. Mearns was taken to the Flower Hospital in an ambulance.

Callanan took Mrs. Schwerin, her daughter and Mrs. Rose to a hotel in a taxicab, while Mr. Schwerin went to the police station with Rolands and Goldthwaite. There it was discovered that Goldthwaite had no license and a charge was made against him. In the Night Court, Magistrate Nolan fined Goldthwaite \$15.

BUDDHISTS WANT PEACE

Japanese Address Wilson, Urging Against Racial Prejudice.

TOKYO, Oct. 5.—Buddhists assembled in mass meetings today in the (Hanzan) temple adopted a resolution in the form of a message to President Wilson bearing on the Japanese-American relation. The message, which was forwarded to the President, follows: "For the sake of universal peace and the progress of humanity, which are the ideals of Buddhism, in paying homage to the President, earnestly wish for the development of a friendly relation between Japan and the United States based on liberty and justice, and the exclusion of religious and racial prejudices."

Three thousand Buddhists were present. Mr. Oishi, leader of the Progressive party, declared that there was no doubt that a fundamental solution of the California land question. He urged determination on the part of the nation to back up the authorities.

SURVEY NEARLY FINISHED

Contractors Inspecting Olympia & Southern Line.

CHEHALIS, Wash., Oct. 5.—(Special).—Engineer Osgood, who is in charge of the survey and right-of-way for the Olympia Southern's extension from Maytown through Chehalis to the Willapa harbor, says the three surveying parties in the field between Doty and Maytown are expected to finish their work this week. Several big contractors inspected the route from Maytown to Doty and neighborhood last week, to secure data on which to base their bids.

The company is taking up all of its options in this district, and closing all of its right-of-way deals out of court. Lengthy abstracts and facility titles have caused some of these matters are being adjusted as rapidly as possible, so that when work begins within a few days it will proceed without interruption.

FRUIT SPRAY IS BLAMED

Physicians Think They Have Found Cause of Children's Deaths.

BELLINGHAM, Wash., Oct. 5.—(Special).—An unusually large number of deaths of children here, it is believed, have been caused from poisoned fruit. Physicians at first were of the opinion that an epidemic of cholera infantum had developed, but it is now thought that deaths can be traced to fruit which had been sprayed with arsenic and lead. Within a week 10 have succumbed in one district of the city.

On account of drouth in the interior of the state, it is believed that poison used in spraying fruit trees was not washed off before the fruit was picked and that enough adheres to the skin of peaches to poison a child. The Health Department is investigating fruit shipments.

JURY TO TRY INSANE CASE

L. J. Mintener, of Vancouver, Will Be His Own Attorney.

VANCOUVER, Wash., Oct. 5.—(Special).—For the first time in the history of Clark County a jury will try a man charged with insanity, and the man on trial will act as his own attorney on October 9, when L. J. Mintener will attempt to keep himself out of the State Hospital for the Insane at Stellacoom.

Mr. Mintener, who has considerable means, has the delusion that everyone is trying to rob him, and he can trust no one, so he will try his own case. Judge Back, of the Superior Court, granting him this request.

Inquest Not to Be Held.

VANCOUVER, Wash., Oct. 5.—(Special).—Coroner Limber today decided that no inquest over the body of Albert Roeder, who suddenly died last night, would be necessary. The funeral will be held Wednesday. Mr. Roeder resided here more than a quarter of a century. About 7:30 o'clock last night he went into his room on Third street and sat down in a chair and expired. Pat McNeil was with him at the time.

WIFE OF GOVERNOR OF PHILIPPINES, WHO PLANNED TO DAZZLE EMPEROR OF JAPAN.

MRS. FRANCIS BURTON HARRISON.

GOWN HAS THRILLS

Question, However, Is: Did Mrs. Harrison Wear It?

FRIENDS LEFT IN DOUBT

Splendid Creation Designed for Use at Presentation to Emperor of Japan, but Arrival May Have Been Delayed.

NEW YORK, Oct. 5.—Friends of Mrs. Francis Burton Harrison in New York are much interested in the question whether she arrived in Tokio in time to dazzle the Emperor of Japan with her new gown.

The gown was, according to all accounts, a real "creation"—when her husband was appointed Governor-General of the Philippines she began the designing of it. Before she started with him for his post, she was able to announce that it had come up to her expectations. She knew much would be expected of her in her new place as the wife of the Governor-General, and she was prepared to meet the occasion with a gown that she fully expected to dazzle the Emperor of Japan when she was presented to him at Tokio.

Cable dispatches have told of a breakdown made by Mr. Harrison to Tokio to see the Emperor, arrangements having been complicated by the lateness of Mr. Harrison's steamer and the Emperor's plans to leave on a fixed date. But while it is recorded that Mr. Harrison got to his audience with the Emperor by a narrow margin, that the palace, nothing is said about Mrs. Harrison.

It will be at least a month before her friends have their curiosity satisfied as to whether she reached the palace in time and whether she was able to induce herself in that thrilling gown.

LINE REACHES JUNTURA

OREGON EASTERN CONNECTS VALE AND INLAND TOWN.

Heavy Shipments of Livestock Will Be Made This Week—Native Stone Goes in Depot.

VALE, Or., Oct. 5.—(Special).—The Oregon-Eastern Railroad was completed to Juntura Friday, connecting Vale with that rapidly growing inland town, 62 miles to the east. There have been 2.3 miles of track laid in the past three days. Three bridges, aggregating 350 feet in length, have been built across the Malheur River, and the lining was put in one tunnel during two weeks. A large boulder came down the mountain Thursday, derailing the construction engine and tender and a heavy gondola.

There will be 100 cars of cattle shipped from Juntura this week and two trainloads next week. The Oregon-Eastern Railroad Company has contracted with William P. Harris, of Vale, to sink a deep well on the depot grounds at Juntura, with the purpose of striking an artesian flow. The new depot at Juntura is to be built of native stone, seven acres of ground being used for the depot site, yards, "Y" and a large gravel pit, which is being opened for building purposes and cement work.

PUPILS TO BE INSPECTED

Individual Record of Children Will Be Kept at Walla Walla.

WALLA WALLA, Wash., Oct. 5.—(Special).—Work of inspecting the children in the schools will be commenced tomorrow by Dr. W. Van Patton and an individual record will be kept. The records last year showed that there were 927 children in the schools with defective teeth; 288 with tonsils, 251 with adenoids, 288 with enlarged glands in the neck, but no individual records were kept, so it was impossible to learn whether the children were given proper treatment. The object is to see that those affected get proper attention.

Dayton Books Entertainments. DAYTON, Wash., Oct. 5.—(Special). Bookings have been made for a lyceum

POLK'S RESPONSE IS SLOW

Plan for Valley Exhibit at 1915 Fair Not Entirely Approved.

DALLAS, Or., Oct. 5.—(Special).—The movement started by the Albany Commercial Club to secure united action on the part of the Willamette Valley counties in putting up a joint exhibit, to be known as the Willamette Valley exhibit, for the Panama-Pacific Exposition has not met with the ready response in this county that was expected.

It is believed here that a movement will be started at once looking to the union of Polk and Yamhill counties in a monster exhibit at the big fair. The interests of Polk and Yamhill are almost identical; soil conditions practically the same, as well as climate and products.

It is safe to say that Polk County, in some way, will be represented at the World's Fair, and represented well, for the Dallas Commercial Club is already taking preliminary steps in that direction. More than 100 views of different sections of Polk County have been taken within the last month, and these will be used. Steps will be taken at once to interest the farmer, of this county in the San Francisco Fair, to the end that they will aid in getting exhibits in shape by next fall.

WOMAN SUES FOR RINGS

Ninth Suit Growing Out of Hyde Divorce Case Is Filed.

SPOKANE, Wash., Oct. 5.—(Special).—The ninth suit growing out of the divorce of Mr. and Mrs. E. J. Hyde and the ensuing contest involving the E. J. Hyde Jewelry Company, was started Saturday, when Mrs. Hyde sued C. B. Clausen, receiver for the store, to gain possession of two diamond rings worth \$431 and \$275, or their equivalent in money.

Mrs. Hyde declares that before Mr. Clausen took over the business, first as trustee and later as receiver, she pawned a number of diamonds and two rings to raise money to tide the business over a financial crisis. She claims the diamonds were the property of the E. J. Hyde Company, but that the rings were her personal property. Subsequently, she says, Receiver Clausen hid them, after capturing articles and placed them, including the rings, among the assets of the company.

KLIKIKAT VALLEY WINS

Exhibit Captures First Award at Spokane and North Yakima.

GOLDENDALE, Wash., Oct. 5.—(Special).—The exhibit of Klickitat Valley products, including the Maryhill, Goodnow Hills and Lytle districts, prepared by H. J. Clark, manager of the Golden-dale Fruit & Produce Association, which was entered at the Washington State Fair as a Klickitat County exhibit, after capturing the first prize for the best district agricultural display at the Interstate Fair at Spokane, was awarded first prize at North Yakima. For diversity, quality and number of the exhibit was declared one of the best ever shown in the Northwest.

PAVING PAY IS HELD UP

Fight On at The Dalles Over Work Done by Linden-Kibbe Company.

THE DALLES, Or., Oct. 5.—(Special). Dissatisfied property owners are preparing to file an injunction in an attempt to prevent the City Council from accepting the Linden-Kibbe Company of Portland, \$34,000 due for about two miles of biturcete pavement laid here this summer. It is charged that the pavement is not up to specifications and is defective in many ways. It has not been accepted by the City Engineer and Council.

The Linden-Kibbe Company, according to a communication received by city officials here, will be sued by the Warren Construction Company of Portland for infringement.

Prescott Sisters Brides. WALLA WALLA, Wash., Oct. 5.—(Special).—Marriage licenses have issued to Roy L. Buoy, of Creswell, Or., and Violet B. Linklater, and Fred Raymond, of Prescott, and Sarah Linklater. The brides are daughters of J. O. Linklater, of Prescott, who acted as witness.

At 9 o'Clock This Morning

it starts—the most unprecedented event that has ever occurred in Portland at this time of the year!

TEACHER IS SLAIN

Marks of Fine Cord Indicate Death by Strangling.

BODY FOUND ON PRAIRIE

Identification as Woman Who Was Pupil of Lorado Taft and Sculptor of Ability Is Made From Papers Among Effects.

CHICAGO, Oct. 5.—The body of a woman, her clothing torn to shreds and scattered about her, was found on a prairie near Argo, Ill., a suburb, today. There were no signs of a struggle near the spot where the body was found, but the clothing and the marks of blood on the woman's neck and the woman's neck was the only mark of violence on the body. The cord with which she apparently had been strangled was fine, but strong. The woman had been dead about five hours when the body was found.

Cards and papers found among the woman's effects caused the belief that she was Miss Ida Leegson, who formerly lived at the home of W. K. Morris in this city. Although the body was not viewed tonight by any one who had known Miss Leegson, the notes found in the clothing seemed to make the identification certain. Among them was a telegram from Mason City, Ia., addressed to Miss Ida N. Leegson and signed Hugh H. Gilmore. "Am sending \$665. Come immediately," was the text of the message.

Miss Leegson at one time was an art student of Lorado Taft, according to Mrs. Morris, who said she had much ability as a sculptor.

OLD BUNCO GAME USED

A. C. ASHE, WITH MANY ALIASES, TAKEN AT GRANTS PASS.

Man, Telephone, C. O. D. Package of Papers Trick Hotelkeeper, but Lead to Police Activity.

MEDFORD, Or., Oct. 5.—(Special).—A. C. Ashe, alias Bert Whitney, alias S. Salamon, alias countless other names, now adorning hotel registers from Seattle to San Diego, was arrested at Grants Pass Saturday afternoon for working an old bunco game on Emory Mohr, proprietor of the Hotel Medford.

Friday, a man giving his name as Ashe and representing himself to be a traveling man, called Emil Mohr, of the Medford Hotel, on the telephone, saying that he would be there Monday, but if a package came to the hotel for him with a C. O. D. on it, to pay the charges and hold the package until he came. Mr. Mohr promised to do so. Friday a Postal Telegraph messenger brought in a package for Ashe with a C. O. D. of \$420, which Mr. Mohr promptly paid.

Mr. Ashe proceeded to collect the \$420 from Mohr. In the meantime word reached Medford's Boniface of a similar transaction at Ashland, where the Hotel Oregon had been the victim. A warrant charging him with ob-

LEADING IDAHOAN DIES

RICHARD Z. JOHNSON PASSES AWAY IN GERMANY.

Death Not Announced Until Wife Brings News Across Sea and Tells Two Sons.

BOISE, Idaho, Oct. 5.—Mrs. R. Z. Johnson arrived at her home in Boise unexpectedly today and gave her two sons, leading attorneys, the first news of the death in Germany of their father, one of the foremost citizens of Idaho, who expired September 19, following a paralytic stroke five days before. This action was in accordance with his dying request, to save his sons worry.

Richard Z. Johnson was for years a potential factor in the formation of policies in Idaho Territory and State and was recognized as a leading attorney during his active practice. While he served twice as Attorney-General, he refused to take the office unless it was shown that the public good demanded it.

In the early days of Virginia City he was associated with the group that included Judge Goodwin, of Salt Lake, the Comstockers and others. He came to Idaho in 1864. He was in his 77th year. Of late years he had passed most of his time at his villa on Lake Constance, on the Switzerland border, near the former home of his wife.

Miss Dora Keen, of Philadelphia, the mountain climber, is a slight little woman of much personal charm, about the last one would pick in a crowd as the conqueror of Mount Blackburn, one of the highest peaks in Alaska.

From the time of the earliest Egyptian, Phoenician, Greek, and Roman physicians straight down to the present day, mineral waters have been considered the oldest and ablest curatives known.

Standing alone in its class, the high regard in which WHITE ROCK WATER is held by the doctors of today is attested by its enormous sale.
