Fine Stock and Creditable Products of School Children Attract Attention.

SANDY, Or., Oct. 5.—(Special).—The Sandy District Grange Fair closed its two days' session yesterday, and was a great success in point of attendance, interest and the variety of exhibits in the adult and juvenile departments. About 2000 persons attended. In the parade the Sandy school district won the first prize of \$5 for the best float. It was a unique arrangement and attracted much attention. The other school floats were creditable. The business men's prize of \$5 was won by Fox & Co., and consisted of a dog team. Yesterday the main attractions were the horse and foot races held on Main street. A fine exhibition of bronco busting was given by "Happy Jack"

from Pendleton, who rode a lively animal from the Roundup. The exhibits in the juvenile department would have been a credit anywhere, and represented the product of the boys and girls of the school districts of the Sandy Valley including all kinds of farm produce. Domestic science was well represented. Some fine specimens of sewing were shown. Bread baked by the girls was exhibited. Also there were cakes, jelly, canned fruits and vegetables. In the livestock department some fine animals were shown.

### NEW LINE TO BEGIN SOON

MILWAUKEE WILL RUSH WORK ON OLYMPIA & SOUTHERN.

Operation of Trains to Centralia by First of January Is Forecast.

CENTRALIA, Wash., Oct. 5.—(Special).—It was reported yesterday that within two weeks there will be 500 men and teams in Centralia to begin work on the first lap of the Olympia & Southern, a branch of the Milwaukee, from Maytown to Centralia. Maytown is located about three miles south of Rainier on the present main line of the Milwaukee. The logging roads of the Johnson Creek Lumber Company and the Blumauer Lumber Company of Tenino will be utilized as part of the extension. It is now generally conceded that both the passenger and freight depots of the new road will be located on

West Main Street on a site recently purchased by the road from Clayton Troth, the passenger station to be on the north of the street and freight depot and sheds on the south side. It has been asserted by those in a position to know that Milwaukee trains will be running into Centralia from the north by January 1. The vast area to the East of Centralia is still unopened to railroad facilities, and by running a line across the Northern end of Lewis County to connect with the Tacoma & Eastern, another Milwaukee branch, the big system would hold undisputed sway in one of the richest districts of the state.

### LANE OPPOSES SPOILS

SENATOR WROTH AT LETTING CIVIL SERVICE BARS DOWN.

Democrats Declared to Have Blundered in Deputy Collector and Marshal Amendment.

OREGONIAN NEWS BUREAU, Washington, Oct. 5.—Senator Lane, of Oregon, is unusually emphatic in his opposition to the amendment to the deficiency bill, which removes Deputy Marshals and Deputy Collectors of Internal Revenue from the civil service. The Senator declared today that the Democrats of the Senate made a serious blunder in adopting such spoils legislation. Senator Lane voted against this amendment and opposed it on the floor. "I believe the civil-service system, properly administered, to be preferable to the spoils system," he said, "but I believe also that it has not been and is not being administered in the interests

of the people-at-large. The law governing the regulations and the manner of administration should be remedied soon. "At the same time I prefer, even as it exists now, the civil-service system to any return to the spoils system. I am, as a Democrat, a bit jealous of any effort made to break up the system piecemeal. I think it is poor policy for the party. I believe there is a system of sabotage, if you please, being practiced upon the party now in power by many persons employed under the civil service, who are protected by these regulations from treatment which they properly deserve, but I am against this amendment on principle. I believe it to be a wrong method of correcting the evil. "In my opinion, the law should be changed so as to give to all executive officers the power to remove any appointee who does not do his full duty; nothing short of that will remedy the conditions that exist." Senator Chamberlain was paired and did not vote on the amendment, which was supported entirely by Democratic Senators.
