

PUBLIC LOCKED OUT OF SULZER HEARING

Testimony of Ryan, Morgenthau and Peck Is Issue in Impeachment.

VERDICT NOT YET REACHED

Crowds Remain About Courtroom After Adjournment Expecting Governor to Appear and Demand to Be Heard.

ALBANY, N. Y., Oct. 13.—The High Court of Impeachment, which is to decide the guilt or innocence of Governor Sulzer, failed today to reach a verdict.

After a session of one and one-half hours, virtually all of which was in secret, the court unexpectedly adjourned until 11:30 o'clock tomorrow to permit further argument by counsel relative to the testimony of Allan A. Ryan, Ambassador Morgenthau and Duncan W. Peck, Superintendent of Public Works.

This testimony had to do with alleged efforts of Governor Sulzer to suppress evidence against him and obtain political influence to stop the trial. The offenses alleged in this connection were not specified in the articles of impeachment, and immediately upon the convening of the court today Judge Miller, of the Court of Appeals, raised the question as to whether they fitted in.

Executive Session Held. The executive session at once followed. When the public again was admitted it was announced by President Judge Cullen that the court desired counsel to argue as to whether the acts and conversations of the Governor testified to by Peck, Morgenthau and Ryan, "can be considered as being acts of misconduct, for which the respondent can be convicted under article 4, or only as corroborative evidence of the other allegations stated in the charges, and whether the court has the power to amend the articles, if they are insufficient to include those acts, so as to include them."

Article 4 is the one dealing with the suppression of evidence, alleging that the Governor tried to prevent Frederick L. Colwell, Louis A. Sarecky and Melville R. Fuller from testifying before the Frayley investigating committee. It mentions neither Ryan, Morgenthau nor Peck, but does include in its text the words "all other persons."

Secret Sessions Expected. Because each of the eight articles is to be voted on separately, it was found that when the members of the court were ready to convene today there was much doubt as to what articles would be considered. It was announced by counsel that ex-Senator Brackett and John E. Strachfield would argue the question for the impeachment managers and D. Cady Herrick and Louis Marshall for the defense. The general belief tonight seemed to be that all deliberations of the court henceforth would be in secret and that the public would only know the result.

Scores of spectators remained around the courtroom until long after court had adjourned. A story was started that Governor Sulzer might appear and demand to be heard and a close watch was kept for him.

MEASURE UP TOMORROW

SUPREME COURT WILL HEAR REFERENDUM CASE.

Signatures of Foes of Compensation Act Attacked in Petition for Injunction.

SALEM, Or., Oct. 13.—(Special.)—The Supreme Court will hear argument Wednesday on complaint of the state in relation of District Attorney Hill to enjoin the Secretary of State from placing on the ballot at the special election, November 4, the title to the workmen's compensation act, passed at the recent session of the legislature. It is charged by the plaintiff that a sufficient number of signatures to throw out the petition to refer the measure are fraudulent. Circuit Judge Gallowsay held in favor of the defendant.

Secretary of State Olcott is represented by Attorney-General Crawford, and Ernest Ringo, Governor West's special prosecutor, represents the plaintiff.

The workmen's compensation act, if the petition is declared to be sufficient, is one of five measures passed at the last session of the Legislature to be referred to the people at the coming special election.

Persons who have made a study of the measure declare there is no reason why any of them should be referred. They were passed by the Legislature after much discussion, and are declared to be laws that probably would be of benefit to the state. The measures and the way they will appear on the ballot are as follows:

State University Building Repair Fund.—Referred by authority of H. J. Parkison, as secretary Oregon Higher Educational Institutions Betterment League, No. 409 Oregonian building, Portland, Or. Its purpose is to provide funds for repairs and additions to the State University buildings, as follows: Library building, \$30,000; engineering building, \$15,000; Deady Hall, \$10,000; heating plant, \$10,000.

Parkison, as secretary Oregon Higher Educational Institutions Betterment League, No. 409 Oregonian building, Portland, Or. Its purpose is to provide funds to construct, equip and furnish a modern fireproof administrative building and to extend the heating plant to the same. The amount appropriated therefor is \$100,000.

County Attorney Act.—Referred by authority of J. E. Crab, No. 481 Worcester building, Portland, Or. Its purpose is to provide a District Attorney for each county in the state and to fix their salaries. In lieu of the present system of having District Attorneys for several counties, clothed with the authority to appoint deputies for other counties.

Workmen's Compensation Act.—Referred by authority of W. E. Parrish, No. 423 Lumbermen building, Portland, Or. The purpose of this measure is to create a State Industrial Accident Commission, composed of three commissioners, to provide a fund for the compensation of injured workmen employed in hazardous occupations, to be raised partly by the state, partly by employers, in part by the amount under the act to be paid any person or persons on account of injury received in the course of his employment.

County Attorney Act.—Referred by authority of J. E. Crab, No. 481 Worcester building, Portland, Or. Its purpose is to provide a District Attorney for each county in the state and to fix their salaries. POTATO FAIR PLANNED

HARRISBURG'S ANNUAL CARNIVAL OPENS TODAY.

Foultry Show and School Industrial Exhibit Will Be Held Also and Prize List Is Long.

HARRISBURG, Or., Oct. 13.—(Special.)—The Third Annual Potato Carnival, Second Annual Foultry Show and the Children's School Fair will be held Wednesday, Thursday and Friday. The potato carnival originally was planned and has been managed by the Civic Improvement Club. It was suggested by Mrs. C. E. Hixson.

Practically every town of any size in this part of the Valley has arranged some sort of annual event to encourage the "back to the soil" movement. Junction City takes pride in pumpkins, Lebanon boasts of its strawberries and Albany exhibits apples.

Although potatoes are given the place of honor at the annual carnival, the exhibit also includes products of the field and orchard. The premium list has grown from half a dozen pages to a pamphlet of nearly 50 pages.

Since the management was so successful in its first exhibit, the men decided to get busy and last year organized the poultry show, which was so successful that this year the County Board decided to aid the management by making an appropriation to swell the premium fund.

The school fair in connection with this year promises to outdo those of former years and will include a display of home industry work as well as school work.

Music will be furnished by the Harrisburg band and complete programmes have been arranged. Excursion rates have been granted and it is expected there will be a large attendance, especially from Junction City and Albany, as Harrisburg sends large delegations to those places during their annual festivals.

WIFE ADMITS POISONING

CANDY MAILED TO SELF, NOT HUSBAND, SHE SAYS.

Package Sent With Suicidal Intent Because of Scandalous Story, Declares Woman.

STOCKTON, Cal., Oct. 13.—(Special.)—Mrs. Mary Hamilton, 25 years of age, a resident of Lockeford, has confessed to District Attorney E. J. Sherwin that she mailed the poisoned candy that came near causing the death of her husband last Thursday.

The woman declared she placed strychnine in a box of candy and then addressed the package to herself, timing it to arrive on her birthday, with no other purpose except that of suicide. She stoutly protested any intention of poisoning her husband, to whom she has been married for five years.

She said she wanted to die because her name had been unpleasantly coupled with that of a married man and a friend of the family who was with her when the poison was placed in the candy.

Mrs. Hamilton's story is singularly at variance with the circumstances surrounding the case. When the candy was brought to the Hamilton residence by a mail carrier, the wife was absent and the husband received it. Later, when she returned, Mrs. Hamilton invited her husband to partake of it. He did so and became violently ill. The wife immediately summoned a physician and turned the candy over to him.

Mrs. Hamilton explained that she chose a roundabout method to end her life through cowardice. Hamilton says he will stand by his wife.
