

WITNESS TRIES TO INVOLVE ANOTHER

"Ritual Murder" Trial at Kiev Takes Turn of Plot and Counterplot.

DETECTIVE IS ACCUSED

Employer of Prisoner Says Young Jew Was at Work on Day He Is Accused of Crime—Brother Also on Stand.

KIEV, Russia, Oct. 15.—The examination of witnesses was continued today in the trial of Mendel Belliss, accused of having committed "ritual murder." Detective Pollschuk, who was prominent in the early investigation into the murder of the boy, Andrew Yushinsky, virtually charged Krassovsky, the former head of the Kiev detective service, with poisoning Eugene Techeberlak and his little sister, Valentine, who, it was alleged, had seen Belliss dragging off Yushinsky. He said he believed that both died from eating cakes which had been given to them by Krassovsky.

Krassovsky, an inspector of police, was engaged in the case, and in a report drawn up months ago gave it as his opinion that the killing had been done by a band of criminals, the head of which was Vera Techeberlak, mother of the two children, Eugene and Valentine.

Court Adjourns for Cigarette.

Part of Pollschuk's testimony was directed against a previous witness named Shneerson, with the apparent object of implicating Shneerson in the murder. His evidence included stories of Jews of princely blood residing in the lodgings of Belliss and similar incidents.

During his examination the court adjourned 20 minutes to allow him to go outside to smoke a cigarette, which he said would relieve the illness from which he was suffering.

Shneerson, a Jewish hay dealer, who served in the Japanese war, was examined. He is a young man of good appearance and testified without hesitation, in striking contrast to Pollschuk. He lived near the brick works which Belliss was employed and was in the habit of taking his meals with the prisoner. He declared that he had not seen Yushinsky arrested, and that the first knowledge he had of the murder was from the newspapers.

Belliss Owns No Cows.

Questioned regarding testimony given by Vera Techeberlak's daughter, Ludmilla, that the children went to Belliss' house in the night, he replied that it was not true, as Belliss had no cows in 1911, the year of the murder.

A brother of Belliss declared that Belliss had sold his cows before 1911 in order to pay his debts.

M. Zaitoff, president of the brick works where Belliss was employed, testified that the prisoner owned the business, in accordance with his grandfather's will, were devoted to the upkeep of a Jewish surgical hospital.

Eduvic Nakonechny, flat owner, testified that he had seen Belliss kidnapping Yushinsky. M. Zaitoff explained an incident related in the indictment that two strangely clad Jews had been seen about the works on the day of the murder by identifying them as two of his relatives on the spot.

The manager of the brick works testified that Belliss was engaged in his regular employment on the day of the murder, which was not a holiday.

PACKER URGES VEAL FAST

Save Calves and Cut Duty on Beef to Lower Prices, Says Armour.

KANSAS CITY, Oct. 15.—Curtailment of the high price of meat is up to the public, according to Charles W. Armour, president of the Missouri corporation of Armour & Co., packers, who issued a statement on the subject today.

Mr. Armour believes the new tariff, admitting beef free, may bring some relief from high prices if the supply in South America is maintained.

"But with South America now supplying Europe with beef," said Mr. Armour, "if a heavy drain from this country should fall on our Southern neighbors, the supply would be depleted there as it is in this country. In that case, of course, the prices could not drop."

FELIX DIAZ IN DANGER

Cuban Government Discovers Plot to Assassinate General.

HAVANA, Oct. 15.—General Felix Diaz, who now is on his way from Europe to Mexico, is believed to be in danger of assassination on his arrival at Havana. The Cuban government has received information that a band of Mexican conspirators are planning to kill General Diaz as he will reach here Friday night or Saturday on the steamer Corcovado.

The secret police express hope of arresting the conspirators, but the government has issued orders that the utmost precautions be taken to insure the safety of General Diaz.

It is expected that General Diaz, who is a candidate for the Presidency, will remain here, owing to recent developments at Mexico City.

OREGON BAPTISTS MEET

TWO HUNDRED MINISTERS AND LAYMEN AT LEBANON. Church People All Throw Homes Open to City's Guests—Rev. W. O. Shank Is President.

LEBANON, Or., Oct. 15.—(Special).—Two hundred Oregon Baptist ministers and laymen are in Lebanon attending the 23rd annual session of the Oregon Baptist convention. The homes of church people, regardless of denomination, have been thrown open to the visitors.

The convention was called to order yesterday by Rev. H. B. Paskett and Rev. E. H. Hicks was chosen to preside.

Rev. W. O. Shank, of Portland, read a paper upon "Baptist Progress in Eastern and Northern Europe"; Rev. Walter Duff presented a picture of "Baptist Progress in Great Britain and Her Colonies."

Dr. MacCullough, of Medford, pictured the religious conditions of Lebanon and Dr. Rydler, of Oakland, Cal., closed the discussions with a vigorous address on "Baptist Missions in Pagan Lands." A large number of new pastors were introduced.

Rev. Mr. Shank was elected president of the conference for the ensuing year; Rev. R. W. MacCullough, vice-president, and Rev. S. McInnis, secretary-treasurer.

President J. H. Irish, of Eugene, introduced J. L. Underwood, of Lebanon, the Mayor's representative, and Hon. S. M. Garland, of the Commercial Club, who gave addresses of welcome.

President Shank responded, Rev. S. A. Douglass, of Grants Pass, delivered the annual address of all chorals led in the musical services. An excellent male quartet, consisting of F. Kirby, R. F. Jameson, S. Sandstrom and A. H. Carman, rendered several choice selections during the evening.

At the first session of the convention it developed that there would be sharp rivalry for the convention next year, Grants Pass, Medford and Pendleton all seeking to secure the gathering next year. The women's sessions of the convention were held in the auditorium of the Christian Church. Reports were read from state and district secretaries, Messdames Latourrette, of Oregon City, and Jamison, of Portland, and the Misses Weyburn and Millsbaugh, of Portland. The morning session in the Baptist Church was occupied with discussions upon Sunday schools and evangelism. Street meetings are being held each evening by leading evangelists in attendance upon the sessions of the convention.

HOLMAN DENIES O. K.

Commissioner Strikes Items From Claim Sheets.

ULTIMATUM IS ISSUED

Purchases Made Outside Newly-Created Department Ignored, but Auditor Declares He Will Buy Own Supplies in Future.

County Commissioner Holman yesterday struck from the September county claim sheets three items that had been purchased by the purchasing department, but if his approval were necessary to purchase the desired supplies, then the new order, passed by himself and Mr. Hart, must be conformed with.

"This is not my fight," said Mr. Holman, "but Multnomah County's fight. My only desire is to see that the county gets one dollar's worth of supplies or work for every dollar spent. The new order of purchasing agent was created by the adoption of Mr. Sand's administrative code by Mr. Hart and myself. We are now buying groceries for the county for 20 per cent less than four months ago. That is one result of the system that I shall insist be followed in making county purchases."

The controversy arose last Monday when Mr. Holman refused to approve the September claims, totalling more than \$28,000, because there were four items which had not passed through the purchasing agent's hands. These included two items for supplies for County Auditor Martin's office, \$33.50; Sheriff's receipts, for Sheriff Word's office, \$25, and ink erasers for Assessor Reed's office, 50 cents. Mr. Lightner approved the complete budget Monday, but Mr. Holman refused his approval until yesterday when he signed the amended sheet.

Auditor Not to Recognize. Assessor Reed said his purchase, although irregular, was not an intention to defraud the Commissioner and yesterday morning presented a requisition for the 50-cent purchase he had made. This claim was not stricken from the sheet, Sheriff Word could not be reached by Mr. Holman, but Mr. Holman said he believes Mr. Word will

COMPANIES MAY BE SUED

Corporation Commissioner Will Insist on License Payments.

SALEM, Or., Oct. 15.—(Special).—Corporation Commissioner Watson announced today that he would rigidly enforce the law requiring foreign corporations to pay license fees to do business in this state. Mr. Watson has requested District Attorney Evans, of Multnomah County, to file suit against a number of corporations which he says are not observing the law. Among the companies are several which handle textbooks sold in this state.

Mr. Watson says if foreign corporations fail to pay the license fees suits may be started to recover them. The companies also may be fined \$100. J. K. Gill & Co., of Portland, general distributing agents of the textbooks in the state, have refused to comply with the law on the ground that the company is engaged in interstate business. Mr. Watson said he had asked District Attorney Evans to proceed against the following corporations: Capital Security Company, Delaware; National Mercantile Company, Ltd., Vancouver, B. C.; Colorado Fuel & Iron Co., Colorado;

United States Cast Iron & Foundry Co., Northwestern Association, Standard Underground Cable Company and the Crescent Manufacturing Company.

Councilman's Recall Pending. SALEM, Or., Oct. 15.—(Special).—City Recorder Elgin said today that unless Councilmen Stolz and Hatch, against whom recall petitions have been

filed, resign, he will make a ruling that the people vote on the question of their recall at the special election in November. The Councilmen are accused in the petitions of not having served to the best interests of the people. The fight is an outgrowth of a disagreement among members of the City Council, and it is believed that recall petitions against other members may be filed.

TOM GALLAGHER

Is It Possible? How Can You Do It?

Every one of the many customers who called to take advantage of my extraordinary offer to make A SUIT TO ORDER \$25 of genuine Scotch goods, tailored in first-class style

Asked one of the above questions, "How can I do it?" My answer is: I am greatly overstocked with imported goods and I intend to reduce my enormous stock, even though I practically give them away.

But I fully expect to regain my loss by the prestige and advertising which these suits will bring me. My great stock of woollens and tailors' trimmings, and my reputation for honest merchandising for twenty-five years, goes to back up my Ironclad Guarantee that my suits will fit well and wear well.

Bring in a sample of any \$50 suit of Scotch tweed or cheviot and I will duplicate it in quality for \$25.00. Make me prove it.

Every statement in my advertisements is an absolute fact, which may be easily authenticated. Every garment made in Portland by skilled union labor and contains the Journeymen Tailors' Union Label (not the overall label used by the fake, misleading tailor), but the genuine label of quality.

SHIPPING PLANS TOLD

REPRESENTATIVES OF BOSTON LINE GATHER DATA. Lumber Is Proposed as Principal Cargo and Great Distributing Plant Will Be Constructed.

Representatives of the Boston Steamship Company who have been in Portland the past two days in conference with local shippers and who announce that a line of steamships will be operated out of Boston to ports of the Pacific Northwest immediately after the opening of the Panama Canal, will report to the Boston Chamber of Commerce and manufacturing organizations of that city which are backing their enterprise.

Development of the lumber trade between the Northwest and New England is to be one of the first and greatest lines of enterprise in the project of the company. Some of the stockholders in the steamship company are connected with the Boston Warehouse & Terminal Company, which owns a great warehouse and docks in Boston. Two million dollars will be put into a lumber yard, which, they declare, will be superior in size and equipment to any other lumber yard on the Atlantic seaboard.

Within a radius of 20 miles of Boston they say there are 2,000,000 people tributary to the Boston market.

R. C. Emery and Harris Livermore, representatives of the company, who arrived in Portland Monday, were accompanied by H. L. Corbett, W. B. McKay and other prominent business men at a luncheon at the Commercial Club. They left for San Francisco last night.
