BANANA RATE OPPOSED

KANSAS AND NEBRASKA POINTS Charge Discrimination.

Interstate Commerce Commission Agent Considers Complaints of Commercial Organizations.

KANSAS CITY, Oct. 20.—Evidence to support the complaints of various associations and commercial organizations in Kansas that the freight tariffs on bananas shipped from New Orleans and Galveston to Topeka, Wichita and Hutchinson are discriminatory as compared with the rates to Nebraska, Iowa and South Dakota points, was submitted here today at a hearing before C. R. Marshall, special examiner of the Interstate Commerce Commission.

The specific complaints under consideration were one filed by the Traffic Association of Topeka to the effect that the railroads had discriminated against Topeka in favor of Lincoln and Beatrice, Neb., and another in which commercial organizations of Wichita and Hutchinson charged that the rates on bananas from the Gulf of Mexico to those points were both discriminatory and unreasonable.

Another complaint pending before the commission was filed by jobbers of Lincoln and Beatrice, who objected to the action of the railroads in raising

CHARGES MAY BE FILED

Man Who Shot Brother Liable to Be Prosecuted.

MEDFORD, Or., Oct. 20.—(Special.)—In spite of the finding of the coroner's jury today that Elmer Conger met his death from a gunshot wound inflicted by his brother, A. P. Conger, Saturday, and that death was accidental, the case will be brought before the grand jury at Jacksonville Wednesday, and a charge of criminal carelessness probably will be entered against the brother. In the opinion of the prosecuting attorney, such action is necessary, as the evidence at the coroner's inquest showed that it was a noise that A. P. Conger shot at, and not the figure of his brother which he mistook for a deer.

Friends of the family have urged the authorities to drop the case, in consideration for the young man's feelings, as he is wrought up over the tragedy, but they will not be dissuaded. The funeral of Elmer Conger will be held at Jacksonville tomorrow.

CLETON MAY SEEK POST

Portland Judge Thinks Multnomah Should Have Place in Court.

Many of the friends of Circuit Judge Cleton, presiding judge of Multnomah County, are urging him to become a candidate for the supreme court, and he is considering the matter and will make a definite announcement in the next few days. Judge Cleton has been probate judge in Multnomah County for many years, and recently was promoted to the circuit bench. In discussing his probable candidacy, Judge Cleton said:

"There is not and has not been a Multnomah lawyer on the supreme court. More than one-half of the litigation that goes to the court for final determination arises in Portland. Under these conditions it seems that Multnomah should have at least two of the seven members of the court. I am considering seeking a place and will make a definite announcement in a few days."

Celebrated Rate Case Ends.

WASHINGTON, Oct. 20.—The Interstate Commerce Commission ordered today that for two years the railroad rates on imports westbound from New York and Boston shall be the same.

So ends the celebrated import rate case in which the two cities fought for advantages.
