of the Journal. John L. Travis, the retiring presi-dent, had previously put himself on record as vigorously opposed to a sec-ond elective term. He was nominated for director, but declared that he wanted to get back to private life again with nothing more strenuous than editing to disturb his peace.

Myers Pushed Forward,

Backers of Charles W. Myers, of The Oregonian, put over something new in politics when they successively nomi-nated him for every office in the list from president down to director, with the single exception of the treasurer-ship, which Carl S. Kelty has held since the formation of the club. Myers successively declined each nomination until the one for director came his way. As that was what be had been after all the time, he gracefully ac-

epted. Great preparations are under way for the annual election, which takes place next Monday. An unusually heavy vote is expected, as yesterday's nominating meeting was one of the best attended the club has had. The new officers will take over the affairs of the club immediately after their election

tion. The annual meeting of the club members will take place the Sunday following the election, or November 5, at 12:45 o'clock P. M. At that time the reports of the retiring adminis-tration will be presented. The club was never in a more flourishing con-dition.
