

PARADE FOLK COME FROM FAR AND NEAR

Interest in Bridge Campaign Stretches East and West, North and South.

GOVERNOR WEST TO SPEAK

Banquet Saturday Night Will Mark Climax of Efforts to Portray Urgency of Span on Voters of Multnomah County.

That interest in the campaign in Multnomah County for the bond issue for the Interstate bridge, to be voted upon Tuesday, November 4, extends far beyond the limits of Multnomah County is indicated by the wide range of territory from which delegates are coming to participate in the bridge day celebration Saturday.

Cities throughout Southwestern Washington, even outside Clarke County, which has voted bonds for the Washington share of the proposed span, are announcing their purpose to send floats or delegations to participate. The ferry at Vancouver will be taxed to its full capacity throughout Saturday.

Clackamas County interested. Clackamas County is showing an interest almost equal great, and automobiles will be in evidence from Salem City and other Clackamas County towns. Governor West wired the Interstate bridge committee yesterday afternoon that he would come from Salem Saturday night to attend the banquet at the North Portland Commercial Club and participate in the closing features of the campaign.

A telegram also was sent yesterday to Representative Humphrey, of Seattle, who is coming to Portland Friday to inspect the Columbia River Harbor improvement work, requesting that he participate in the parade and banquet. The Southwestern Washington and the North Portland sections of the parade will form at 10 o'clock Saturday afternoon at Union and Killingsworth avenues and move across the Broadway bridge to join the main body of the parade, which will wind into Broadway from Flanders street.

City will participate. The route of the parade as outlined by W. J. Clements, grand marshal, will cover the business sections of both the East and West Sides and will cross three bridges. It will start at 2 o'clock and it is estimated that it will take at least an hour and a half to pass a given point.

The City of Portland is to take official part in the parade, entering automobile trucks and fire apparatus and donating the services of firemen and police bands. The procession will be headed by Captain Moore, of the Police Department, and the fire commissioners, the grand marshal, and members of the Interstate bridge committee will be in the leading cars. R. H. Brown is assistant grand marshal to have charge of the East Side and Southwestern Washington sections.

Governor West and representatives of the Interstate commission and the Southwestern Washington organizations will be speakers at the banquet under the auspices of the North Portland Commercial Club, which will close the day's celebration. More than 500 persons are expected to attend this meeting.

LABOR FOR UNIVERSITY

Building Trades Council Indorses Appropriations; Urges Support.

The Portland Building Trades Council indicates the favorable attitude of organized labor toward the University of Oregon by adopting a resolution endorsing the appropriations and urging that the university be upheld in the coming election.

The text of the resolution follows: Whereas, a referendum election has been invoked upon the two measures passed by the last State Legislature, the one making appropriations for buildings, repairs, improvements and extensions to the University of Oregon, and the other a ballot as "No. 308" and "No. 307"; and, whereas, it is now and has always been one of the cardinal principles of the labor to promote higher education wherever possible, especially free education, to the benefit of the people, and that the generation of the working class to be better equipped to meet the needs of the future of this great commonwealth;

Resolved, that this Building Trades Council, of Portland, Ore., and vicinity, indorses the appropriations for the University of Oregon and that we urge upon every member of our organization and all whom these resolutions may reach to support the appropriations to the best of their ability by voting "Yes—X—308" and "Yes—X—307."

The Building Trades Council of Portland. T. T. HUNT, T. T. ORR, C. A. SANDEL.

LEAGUE TO DISCUSS ACTS

College Equal Suffrage Body to Meet Friday Night.

The College Equal Suffrage League will meet in Library hall of the new Public Library building at 8 o'clock Friday night to discuss the measures that are to be voted on at the election next Tuesday.

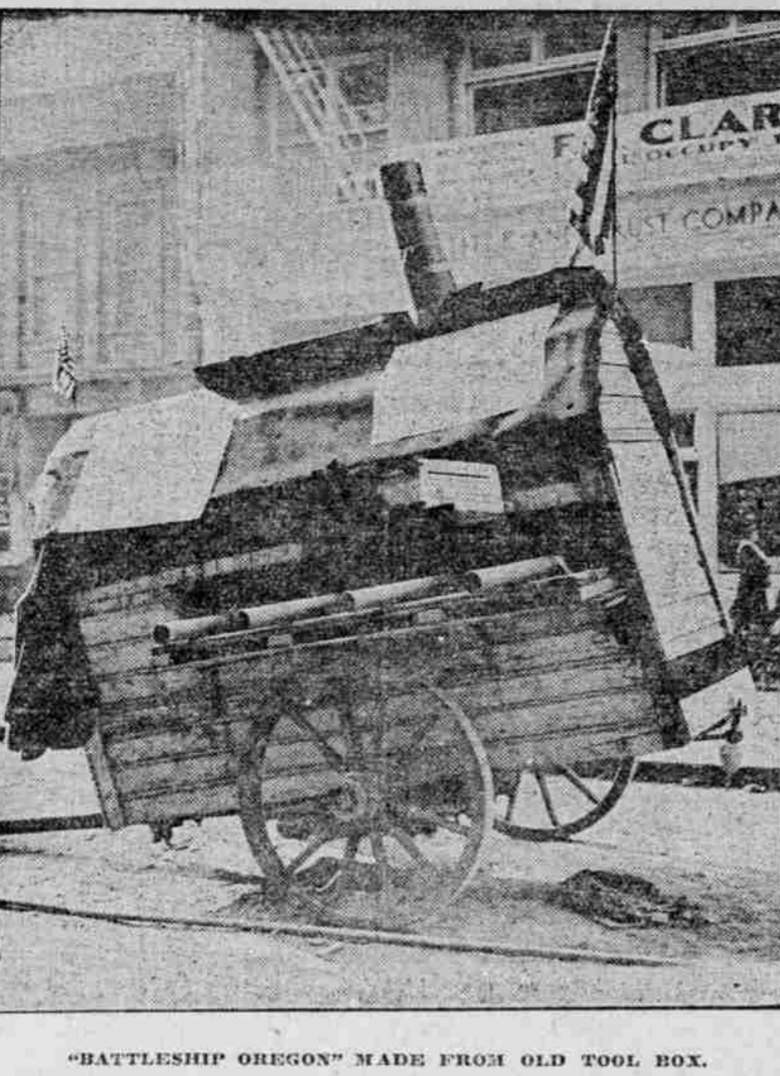

B. F. Irvine and Dr. J. R. Wilson will speak on the University of Oregon appropriation, and A. Madison, international secretary of the Longshoremen's Union, will talk on the workmen's compensation act. The University of Oregon quartet will sing music with the League. The College Equal Suffrage League is a non-partisan organization and has issued an invitation to all citizens to attend this meeting.

BONDS WILL BE OFFERED

City Commission to Arrange to Pay for Auditorium Plans.

To pay off expenses incurred in the preparation of plans and the handling of incidentals in connection with the proposed Public Auditorium, the City Commission will arrange today to sell \$25,000 of the auditorium bonds. The architect of New York, \$16,580. Since the Freedlander plans were selected in competition, the city has paid him \$1000 of the amount due. The rest of the \$25,000 will be necessary to meet incidental expenses, including the making of soundings on the market block and the printing of bond forms. The expenses were all incurred prior to the present city administration.

FOURTH STREET BUSINESS MEN HAVE FUN OVER DELAYS IN STREET PAVING.

DELAY DISGUSTS CITIZENS

Merchants Along Badly-Disfigured Thoroughfare Express Contempt in Many Novel Ways—Contractors Explain Cause.

Delays in completing the paving of Fourth street have become so constantly annoying and so annoyingly constant that merchants and occupants of office buildings on that thoroughfare have begun to treat the entire situation as a joke.

They add something daily to the comedy of seeming neglect. When the busy business man comes down town in the morning, he sneaks out long enough to see what means the Fourth-street fellows have taken with which to poke fun at the people who have kept the street in a state of unattractive disrepair all Summer.

Every-where signs calling attention to the improbability of getting the street into passable shape before the next Rose Festival have appeared from day to day, with entertaining variation.

Now that the raw material for the paving has been distributed more or less promiscuously between Burnside street and the Courthouse, the jokesters have begun to amuse themselves by turning sandpiles, concrete-mixing machinery and wooden blocks into grotesque playthings that serve to express their contempt for the way the street work has not been done.

Yesterday some ingenious persons converted a dilapidated old toolbox into a caricature of a battleship. The "Battleship Oregon" was made from the huge mauling tubes were used as guns. A flag was floated from the gable end and a placard proclaimed that the "battleship" was ready to leave for the procession through the Panama Canal in 1915, if the street is completed by that time.

Believing that the Columbia Crescenting plant is unable to turn out wood blocks fast enough to supply the needs for the early completion of the paving of the street, City Commissioner Dick yesterday requested the paving contractors, Gieblich & Joplin, to send to Tacoma for an order of the blocks for immediate delivery.

The request was submitted to the contractors after an investigation of the Fourth-street work by City Engineer Hanson. It was reported that the cause for delay in the completion of the work has been the necessity of the contractors tearing out a part of the old concrete base in the street and also the inability to get the wood blocks as fast as needed. It is said that practically all the work in the street has been done, except the completion of the paving. The contract for this was let August 6 and expires December 2. It is said the work can be completed before that time if the wood blocks can be secured.

City Engineer Hanson found that the local crescenting plant is able to turn out only 2,000 blocks a day. At that rate, it is said, 37 days would be required before the full order of blocks could be turned out. By sending to Tacoma, it is said the full order can be secured within a few days. The Southern Pacific Company, which has laid double tracks in the street, virtually has completed all its work, including the laying of stone blocks between the tracks.

ELECTION DISPUTE ENDS

COURT GIVES RULING IN HILLSBORO CASE.

Opinion Is County Shall Also Provide For and Conduct Vote on Local Option.

HILLSBORO, Or., Oct. 28.—(Special.)—Judge J. U. Campbell, of the Circuit Court, today decided the Hillsboro local option election dispute by holding that the county, instead of the city, must print the ballots and that the old election boards, appointed by the county, could count both the ballots for the state referendum election and the ballot for election for the City of Hillsboro, who recently was up to the City of Hillsboro to appoint judges and also to print the ballots. The son of the Attorney-General disagreed with his father.

Judge Campbell's opinion sets at rest all questions as to the matter of the election and it will be held without question. The anti-prohibitionists welcome the election, as they are desirous of ascertaining the relative strength of the two elements in city affairs.

The court's holding gives color to the local option qualifications of the electors, and anyone who is a resident of the state for six months and is qualified to vote in either primary or general election on the local option question, provided he or she resides inside the city limits. The anti-prohibitionists will bring forth another question which may be threshed out in the courts, as the city charter prescribes as qualifications to vote that an elector must have resided in Hillsboro six months before acquiring power to vote.

CIGARS ARE TURNED DOWN

Commission Order of "No Tips" Found to Be in Operation.

That the recent order of members of the City Commission that city employees must decline tips or gratuities was issued in all seriousness was demonstrated yesterday when a box of cigars sent to the building inspection department as thanks for a small favor was returned to the donor, J. Heblack, of the Sound Construction Company, with a note saying that the "smokes" could not be accepted.

Recently Mr. Heblack asked for a copy of a report covering the erection of a smokestack. The report was copied and given Mr. Heblack by Harry Wood, of the building inspection department. The box of cigars was sent yesterday morning along with other thanks for the favor.

GRANTS PASS WOMEN DISCUSS BILLS.

GRANTS PASS, Or., Oct. 28.—(Special.)—Saturday will be observed by the women of the Ladies Auxiliary of this city and the Woman's Club from Rogue River, holding a joint meeting to discuss the various bills to be voted upon at the election. The women will have a social and a luncheon at the bad points of these measures will be discussed, as well as how to use the ballot. Several vocal solos and instrumental pieces will help to make up the programme for the afternoon.

MANY SIGNING UP FOR CLATSOP TRIP

Final Details of Excursion to Astoria and Seaside Worked Out.

TRAIN LEAVES 8:10 A. M.

Samuel Hill and Frank Terrace Will Be Speakers at Meetings to Encourage Good Road Workers on Bond Issue.

Final details of the trip to Astoria and Seaside which members of the Columbia Highway Association will take tomorrow to help the good roads workers of Clatsop County arouse further interest in the \$200,000 bond issue for good roads purposes soon to be voted on for that county, were worked out at a conference in the office of Julius L. Meier, president of the association, yesterday afternoon.

The bond issue is to come to a vote November 4. On its success depends in great measure the result of coming bond elections in other counties through which the projected Columbia River Highway is to pass.

Leaving Portland from the North Bank Depot at 8:10 o'clock Thursday morning, the party will go to Seaside by special train. Stops will be made en route for delegations to swell the numbers of the party. Arriving at Seaside, the first meeting of the trip will be held. Samuel Hill will deliver his famous illustrated lecture, Frank Terrace, a farmer living in the vicinity of Seattle, Wash., will also be a speaker. From Seaside the trip to Astoria will start at 5 o'clock. Astoria will be reached at 6 o'clock and the party entertained at dinner. At 8 o'clock promptly the good roads meeting of the trip will begin in the Astoria Opera-House.

Programme is short. Dr. Alfred Kinney, chairman of the committee of the ports of Columbia, is expected to preside. Mr. Hill will give his address again and Mr. Terrace will also speak. There probably will be several other good roads speakers from among the Portland delegates. The programme, however, will be comparatively short, as the Portland delegation must leave Astoria for Portland at 11 o'clock that night. Mr. Meier announced yesterday that arrangements have been made to charter the steamer Harvest Queen for the return trip.

The Harvest Queen will leave her wharf at Astoria at 11 o'clock, arriving in Portland, after a night run up the river, between 8 and 9 o'clock in the morning. Passengers will be able to sleep on the boat until 9 o'clock, however.

Although it was only last Monday that Mr. Meier began making arrangements for the trip, after receiving a telephone call from prominent Astoria good roads workers asking for the help of Portland enthusiasts, nearly 50 acceptances have already been received in Portland alone, and perhaps as many again from points down the river.

OWNERS ASKED TO SIGN

Routing of Portland & Oregon City Line Is Asked.

All property-owners on Union avenue between East Burnside street and Hawthorne avenue will be asked to sign the petition for the routing of the cars of the Portland & Oregon City Railway over Union avenue before it is presented to the City Commissioners. The track is to be a single one, placed in the center of the street, and will have a common user, so that any other railway company can use it.

J. J. Oeder announced that the franchise asked for over Burnside street and on Union avenue will not delay the main franchise of the Portland & Oregon City Railway, but will be in the form of an amendment to that franchise.

TIMBER FIGURES ARE HIGH

Estimate Places Clatsop Body at 17,000,000,000 Feet.

ASTORIA, Or., Oct. 28.—(Special.)—While some time will elapse before exact figures will be available, a careful estimate indicates that the recent county cruise will show approximately 17,000,000,000 feet of merchantable timber standing in Clatsop County and subject to taxation.

This includes all varieties, but the great bulk of it is red and yellow fir.

"DUCKS" ARE DISCUSSED

Meeting Submitted in San Francisco and Another Thought Probable in Portland—Central Pacific May Hold Key.

and satisfactorily separated and segregated. Whatever court action is brought in the future to compel the Southern Pacific to let go of the Central Pacific is a matter in which the Government must take the initiative. If the Southern Pacific is compelled to relinquish the Central Pacific, that line would become the property of the Union Pacific. Outside of that neither road has any interest in the Government's threatened suit.

Meeting With Lovett Surmised. Mr. Kruttschnitt and Mr. Sproule arrived in San Francisco yesterday. It is understood that they met Judge Lovett there.

Just now the Union Pacific and its Western connections—the Oregon Short Line and the O.-W. R. & N. Company—are engaged in double tracking the main line west of Omaha. This work stretches across Nebraska and the major portion of Wyoming with various disconnected links through Idaho and Oregon. The ultimate intention is to have the line double tracked from Omaha to Portland. Mr. Mohler reported that satisfactory progress has been made.

Mr. Mohler called yesterday on J. D. Farrell, president of the O.-W. R. & N. Company, and other officials.

LOVETT DENIES HOLDINGS

Union Pacific Not Interested in Central Pacific, Says Official.

SAN FRANCISCO, Oct. 28.—Robert S. Lovett, chairman of the board of directors of the Union Pacific Railroad, emphatically denied today the reports published recently that the Union Pacific was connected in any business sense with the Central Pacific. Judge Lovett said neither he nor his associates were interested in any way in the affairs of the other road.

In the party that arrived last night with Judge Lovett in his special car over the Southern Pacific Coast Line from Los Angeles, were: R. L. Winchell, Union Pacific traffic director; E. E. Adams, Union Pacific consulting engineer; Chauncey Stillman, member of Union Pacific board of directors, and Fred Wann, traffic manager of the San Pedro, Los Angeles & Salt Lake Railroad.

The party will remain here two days and then continue its Coast tour to Portland.

H. Cohen Convicted on Charges of Buying Stolen Property.

H. Cohen, a pawnbroker and second-hand dealer, was fined \$30 in Municipal Court yesterday on each of two counts in connection with the alleged purchase of stolen property. Detectives Smith and Hammersley said that Cohen had bought goods which had been stolen from the bankrupt stock of a leather company two weeks ago.

Cohen was fined \$20 on a charge of not making a note of the goods when he bought them and \$20 more on a charge of not making a truthful report of the transaction to Chief of Police Clark.

John Rosinsky drew a fine of \$25 a week ago on a charge of buying stolen goods from Jimmie Madonna, a 18-year-old boy.
