Governor Does Not Commit Himself to Statement Men Shall Hang.

EXECUTION SET TODAY

Fifteen Guests Are Invited to Witness Passing of Men Who Have Embraced Catholic Faith and Say They Fear Not Death.

SALEM, Or., Oct. 30.—(Special.)—"I see no reason now why the law should not be allowed to take its course."

This statement was made by Governor West late tonight in regard to Mike Spanos and Frank Seymour, sentenced to be hanged at 10 o'clock tomorrow morning at the State Penitentiary for slaying George Dedasklou at Medford, September 22, 1912.

The penitentiary authorities are ready for the double execution and 15 persons have received invitations to be present.

Spanos, Seymour and Dedasklou met on the night of the murder at a pool-room in Medford. The prosecution alleged that Dedasklou had money and the other two planned to knock him on the head and rob him.

A watermelon was purchased and the melon repaired to an old box factory on the outskirts of the town.

Spanos, Seymour and Dedasklou were in the room in Medford. The prosecution alleged that Dedasklou had money and the other two planned to knock him on the head and rob him.

The strongest evidence against the men, outside of their confessions, was the finding of a club carried by Spanos and the piece of gas pipe used by Seymour when the men said they had hidden them.

CHURCH FOLK SHOCK

Y. M. C. A. Man Protests Against Wiggles in Playlet.

TANGO CHORUS IS SCORED

Cabaret Scene, Even to Cloud of Cigarette Smoke, Reproduced in Home Talent Show, Brings Threat From Official.

NORTH YAKIMA, Wash., Oct. 30.—(Special.)—Wiggles and twigs in a cabaret scene, the tango chorus and other parts of "The County Fair," a home-talent show being rehearsed by 300 of the young people of North Yakima, under the sponsorship of St. Michael's Episcopal Church, so shocked the secretary of the local Y. M. C. A. that he threatened to stop the dress rehearsal last night.

The Y. M. C. A. auditorium had been hired for the final practice before the show was presented to the public tonight. The cabaret scene not only calls for some intricate wiggling by two dozen young persons, but has a background of cigarette smoke. When its rehearsal was at its height one of the association officials looked in and declared that the rules of the Y. M. C. A. did not permit cigarette smoking and the tango. In the discussion he threatened to turn out the lights, but was restrained and the rehearsal completed.

The show was presented tonight at the Yakima Theater and will be repeated tomorrow night.

WORK HOUR TEST IS ON

COMPLAINT FILED AGAINST INSANE ASYLUM HEAD

Special Legislative Session May Be Necessary if Labor Commissioner Wins in Court.

SALEM, Or., Oct. 30.—(Special.)—To test the eight-hour law regarding the application to employees of state institutions, Labor Commissioner Hoff today swore out a complaint against Dr. R. E. Lee Steiner, superintendent of the Insane Asylum, Mr. Hoff, to facilitate the adjudication of the case, has requested that Dr. Steiner sue out a writ of habeas corpus, so it may be appealed to the Supreme Court at once.

The board, in a written statement several days ago, declared that the law only applied to persons working for another who is under contract with the state. Mr. Hoff, however, insists that it applies to persons directly employed by the state. The board suggested that he take legal action to settle the question.

Should the Labor Commissioner win, the appropriations for all state institutions would be exhausted before the end of the year, and either the emergency board would be called on to create deficiencies or a special session of the Legislature would be necessary to make appropriations.

PROSSER, Wash., Oct. 30.—(Special.)—For some months past the Northern Pacific Railroad has been struggling to solve and overcome a landslide just beyond the Benson ranch, three miles from the river. At the point where the slide begins the road comes out of a cut onto a hill on the river bank which is precipitous, and the trouble extends for possibly an eighth of a mile. Back of the roadbed 15 or 20 yards on the crest of a small hill the sand seems to have slipped from 10 to 12 inches and at the same place is a large crack. Numerous cracks can be seen between this and

"U" APPROPRIATION URGED

Willamette Valley Men at Albany Adopt Strong Resolution.

ALBANY, Or., Oct. 30.—(Special.)—Representative men from eight Willamette Valley counties assembled here today to consider a Willamette valley exhibit at the San Francisco fair, passed a resolution recommending the approval of the rules of the U. S. C. A. appropriation bills at the polls Tuesday. The attack on the appropriations was characterized as an abuse of the referendum and voters are urged to approve the measures, both because of the needs of the University of Oregon and to rebuke the use of the referendum by those "influenced by passion and prejudice."

The resolution, which was introduced by Walter L. Toose, Jr., of Dallas, asserts that if the voters desire to retain the referendum they must oppose its use in such a manner, as its abuse will discourage its use and lead to its repeal.
