

PORTLAND GIRL IS SLAVE IS CHARGE

Seattle Chinese Arrested for Alleged Violation of Mann Act.

GOLDIE GOODELL IN CASE

Daughter of Portland Minister Said to Have Been Placed in Resort by Harry Toy, Who Married Christie Goodell, Mission Worker.

SEATTLE, Wash., Nov. 11.—Harry Toy, an Americanized Chinese, was arrested last night by Special Agent Bryon, of the Department of Justice, on a charge of violating the Mann act in making a white slave of Goldie Goodell, 18-year-old daughter of Rev. T. C. Goodell, of Portland. Mr. Toy was arraigned before United States Commissioner Totten today and remanded to the county jail in default of \$5000 bail.

Toy, who has been prominent in Chinese-American activities in Seattle for a number of years, created a sensation in Seattle a number of years ago, when he married Christie Goodell, a worker in a Portland mission, where Toy attended school. Soon after the marriage Toy's wife died and her sister Goldie, grieving over Mrs. Toy's death, entered a convent.

Government agents allege that after months of pleading, Toy induced Goldie to leave the convent and come to Seattle to live with him. After living together for a time it is alleged that Toy placed the girl in an immoral resort. Special Agent Bryon said he had evidence that Goldie Goodell had escaped, but Toy caught her and brought her back, telling her that if she ever left him he would notify the Chinese consuls throughout the country and she would be sent back to him or killed.

The government agents got on Toy's trail through an agent of the Young Women's Christian Association, by a woman in the resort with Toy's slave. The detectives found notes written on scraps of paper among the girl's effects which they believe indicate a plan to ally suspicion if the girl was found dead. One note said "Harry Toy killed me accidentally. Him and I were quarreling about the Mann act. Another note said she committed suicide and asked that her father be notified. Special agent Bryon believes these notes were written by Toy.

GUN FAILS; THROAT CUT

Wealthy Recluse in Blue Mountains Dies Second Trial.

LA GRANDE, Or., Nov. 11.—(Special.)—With a revolver securely set and nailed to a tree and a string attached so that it could be pulled at the necessary moment and send a bullet on a suicide mission, John Richards, a wealthy woodchopper of Kamela, laid down in the snow near his cabin and pulled the trigger. Filled in his attempt to end his life by his arrangement, three bullets from Kamela's borrowed razor, with which he cut his throat. Death probably was instantaneous.

A jury empaneled by Justice of the Peace Williams returned a verdict of suicide.

Richards is little known, though it is thought he has a son in Colorado somewhere, and it is asserted on good authority, that he had plenty of money, but had squandered it in the Blue Mountains for some unknown reason.

EIGHT PIGS SELL FOR \$123

Six-Month-Old Porkers Bring \$15.35 a Head to Farmer.

INDEPENDENCE, Or., Nov. 11.—(Special.)—Eight pigs, six months, 1632 pounds, \$123.

This, in brief, is the story of A. Z. Tetherom, who brought eight hogs into the city this morning and sold them. Each of the hogs was six months old and averaged 204 pounds, or a total of \$15.35 a head. That made them worth \$23.66 a month per hog.

Mr. Tetherom is not the only one who has made good money from hogs. Saturday J. W. Stockholm brought in six seven-month-old pigs and sold them for \$30, or a monthly worth of \$2.14 per pig.

Socialist and Independent Left in Race for Mayoralty.

ALBANY, Or., Nov. 11.—(Special.)—Fred E. Nutting, who, a few days ago,

was placed in nomination by petition for Mayor of Albany in the coming city election, has withdrawn his name. The time for filing nominating petitions has expired and this leaves only two candidates in the race for chief executive of the city. They are L. M. Cull, an attorney and ex-member of the City Council, who was nominated by petition as an independent candidate, and W. S. Richards, the Socialist nominee.

NEW BANK EXAMINER WILL MAKE HEADQUARTERS IN PORTLAND

ASHLAND, Or., Nov. 11.—(Special.)—L. L. Mullit, of this city, appointed in October as National bank examiner for territory embracing Northern Oregon and Southern Washington, is a native of Milwaukie, Ore. He came to Oregon in 1888, and to Ashland in 1901. For several years he was train dispatcher in Southern Pacific offices at Portland and Ashland. In 1902 he was chosen cashier of the First National Bank of Ashland. Elected in 1907 as State Senator from Jackson County, he was author of a resolution calling upon the Federal Government for a forfeiture of the original Oregon and California land grant. He has filled various other political and civic offices, notably the chairmanship of the Democratic Central Committee of Jackson County and City Treasurer of Ashland. In fraternal circles he is prominent as a member of the Masonic order and Elks.

Mr. Mullit will assume the duties of bank examiner about November 15, and will make Portland his headquarters.

SALOON MEN TO FIGHT

SALEM COUNCIL ASKED TO RENEW LICENSES OF BARS.

A conference with the American Refrigerator Transit Company in that city resulted in the officials of that company making the offer of the large delivery of cars.

The refrigerator car shortage is just as serious now as it has been and an effort is being made to relieve it. A consignment of cars was received at Salem a few days ago but the shippers there were notified that the public utilities commission had issued an order that the cars could not be used there but would have to be taken to Twin Falls for delivery to shippers there. When the Commission was notified of this fact a prompt denial was made that any such order had been issued for none had. Just how there happened to be a misunderstanding of this kind is not known. However, the next day the cars were loaded so that there was no further trouble. Refrigerator cars are needed, however, in many sections of the state. The fact that shippers have not adequate storage facilities makes the delivery of cars imperative.

HILLSBORO, Or., Nov. 11.—(Special.)—An interesting family reunion was held at the residence of Mrs. and Mr. Herman Toelle, Sr., of Bethany, when their nine surviving children made the home a visit. BIG ANNOUNCEMENT FROM BUSH IN VIEW

Boise Business Men Expect Western Pacific Head to Give Important News.

CAR SHORTAGE MAY END

American Refrigerator Transit Company Offers Idaho Public Utilities Board Supply to Meet Conditions.

BOISE, Idaho, Nov. 11.—(Special.)—When President Bush, of the Western Pacific Railway, left Winnemucca, Nev., this morning, accompanied by the Gould road bankers and the delegation of representative Boise business men to travel over the surveyed route of the Winnemucca, towards Boise, seven large seven-passenger automobiles left Boise for Jordan Valley to meet Mr. Bush and his party. The railroad men will arrive in Boise tomorrow night.

Information received from Jordan Valley tonight was to the effect that the seven automobiles arrived there safely and expect to be joined by President Bush and his party tomorrow at noon. Accompanying the railroad men is Chief Engineer Sheldon, who made the survey and is familiar with the engineering problems that are presented.

Important News Expected. Vice-President Brown, Assistant General Manager Levey, Colonel Fiance and the delegation of Boise business men are in the party. President Bush is expected to make an important railroad announcement on his arrival here from the trip.

The American Refrigerator Transit Company, of which Mr. Bush is president also, has offered the Idaho public utilities commission and shippers in the southern part of this state 100 refrigerator cars for immediate delivery, 100 additional refrigerator cars within a few days and from five to 25 refrigerator cars daily thereafter until no more are needed.

President John A. Blomquist, now at Salt Lake, has put the proposition of the Oregon Short Line accepting these cars for delivery into Idaho territory to the officials of the Supreme Court today, which held that his will bequesting his property, valued at \$3000, to the institution was legal. It was contested by John E. and Regina Wendt, brother and sister of the priest. Rev. Mr. Wendt went to the abbey in 1908, and according to the evidence, made arrangements to be taken care of there for the remainder of his life and be given a decent burial, in consideration of which he would will the institution his estate.

Engineers, passengers and freight, \$4.24 a day; work train, \$3.75 a day; yard engines, \$3.75 a day. Firemen, passengers and freight, \$3 a day; work trains and yard engines, \$2.75 a day.

The increases, which are in every instance 25 cents a day over the former schedules, are under the agreement to be effective May 1, 1914. The new rules, however, will be effective at once.

The new rules which have been agreed upon provide for proper hearings in case of men who are let out; provide for representation by the men in all disputes with the company, and fix definitely the time when overtime shall begin.

The officials and trainmen then convened to discuss the difficulties which brought about the strike last week. The hearings of the five men who were dismissed were taken up. The contention of the company was that these men were dismissed for cause, but the men maintain that they were let out for having joined the Brotherhood of Railway Trainmen.
