

REBEL ARMY DRAWN UP IN BATTLE LINE

Villa Returns to Juarez for Food and Ammunition and Promises to Fight.

GARRISON IS REINFORCED

Deserters From Federal Ranks Tell of Soldiers Locked in Boxcars at Night to Keep Them From Running Away.

EL PASO, TEX., Nov. 23.—General Francisco Villa will depart from Juarez early tomorrow on a special train to join his troops, which are below Tierra Blanca, 26 miles south of Juarez, and on arrival will give the order for the march against the federal army.

The train will include 10 cars of provisions and supplies for the rebel soldiers and horses and several thousands of rounds of ammunition. Part of the ammunition which will be carried on the train for the rebel troops was captured by Juarez outposts last night from federal smugglers. "If the federal army does not join their present positions, I will probably begin the battle tomorrow morning," General Villa said tonight. "If they do run my troops will chase them back to Chihuahua."

Chihuahua to Be Attacked. From deserters from the federal ranks General Villa said he learned that General Pascual Orozco and General Mercado, with only 2000 men, are defending the City of Chihuahua. He said his men under General Urbina possibly would move north from Santa Rosalia to attack the city.

Villa's troops in Juarez were reinforced today by 500 rebels from Tlaxcala, Chihuahua. The reinforcements were commanded by Colonel Carlos Carranza, a nephew of the commander-in-chief of the rebel forces of Mexico. The Ofina rebels will be sent south to assist in the impending battle with the Chihuahua federalists.

Villa returned to Juarez today after spending the night in the field, and says he came back to send food south to his fighters, and that he will rejoin them tonight. If the federal army does come forward and attack, he declares, they will soon be starved out. He declares that a deserter from the federal army whom he captured Saturday, told him that the federalists had no food, had not been paid in a month and have to be locked in boxcars at night to keep them from running away.

Army in Battle Line

General Villa said the extreme right wing of his battle line rested at Baudela, on the Mexican Northwestern Railroad, 12 miles south of Juarez. The extreme left is at Mesa, 13 miles from here on the Mexican Central Railroad. "Between Baudela and Mesa, the cavalry, artillery and infantry are camped along the line between these points," said Villa, "supported by cannon captured from the federalists at Torreon and Juarez. The country is hilly and admirably fitted for a defensive stand. I have left my army 12 miles outside of the city to that I can bring it to families living here and across the river. After a battle fought along this line, only the victor will enter Juarez. I do not know whether or not the enemy will come to attack us. In case they do not I intend to starve them out."

OLDEST EX-OFFICER FOUND

"Uncle Frank" Nichols Says He Was Sheriff 67 Years Ago.

BERND, Or., Nov. 23.—(Special).—The oldest living official in Oregon in point of time elapsed since he was a public servant is the distinction E. F. Nichols, of Laiflaw, says tonight. Mr. Nichols was a Sheriff 67 years ago. Today he is better known about his home town as "Uncle Frank," and is a venerable figure and one always willing to discourse of the bygone days. "I was elected Sheriff under the provisional government of Oregon for Polk County the first Monday in June, 1846," says Mr. Nichols. "That was 67 years ago. Again in 1852, under the territorial organization, I was elected Sheriff, served two years and then was re-elected, serving two consecutive terms."

Bulgaria Willing to Submit Question to President Poincare.

SOFIA, Nov. 23.—Minister of Foreign Affairs Guenadief has proposed to the French Charge d'Affaires here that the differences between Bulgaria and Greece concerning prisoners of war be submitted to arbitration by President Poincare. M. Guenadief said Bulgaria would accept M. Poincare's decision unreservedly.

RUNNER TO TEACH CHINESE

Illinois Sprinter Will Try to Produce Speed in Orient.

CHAMPAIGN, Ill., Nov. 23.—James Hunter, member of the relay team at the University of Illinois, which won the National championship in Philadelphia and established a new collegiate record at St. Louis, will try to teach his skill in the Orient. He announced today he would leave in February for Peking, where he will become director of athletics at the Y. M. C. A.

HUERTA'S CASH ALL GONE

Field has depleted the military stores. A circular was sent out from the Austrian Legation today urging all Austrians to co-operate with the German and other European colonists in organizing for defense. In this circular it is set forth that the troops in the city are so few and the possibility of uprisings against foreign residents so apparent that the legation deemed it wise to adopt measures for defense.

Accompanying the circular was another issued by the Germans detailing the plan of organization. Men who served in the German army have been placed in command and will direct affairs. The Germans have a fair supply of rifles and ammunition and two machine guns.

The Americans have made no sys-

tematic attempt to protect themselves. It seems to be the disposition of the majority to trust to General Huerta and his forces or to luck.

BRITON CALLS ON WILSON

Sir Edward Grey's Secretary Confers on Mexican Affairs.

WASHINGTON, Nov. 23.—Sir William Tyrrell, private secretary to Sir Edward Grey, the British Foreign Secretary, had a brief conference with President Wilson tonight at the White House. He declined to reveal the subject discussed, saying it was personal and private. Sir William has been here for several weeks and on account of the illness of Sir Cecil Spring-Rice has interested himself considerably in the Mexican situation.

It became known that tonight's conference was his second with the President and that on the first occasion he had a frank talk on Mexican affairs. It is known that the confidence of the Washington Administration in ultimately enforcing the retirement of Huerta is based largely on the friendly attitude of the great powers abroad, who are declining to assist the Mexican government financially or otherwise.

Henry Lane Wilson, ex-Ambassador to Mexico and a critic of the Administration's policy, delivered a paid lecture on Mexico tonight at a theater a stone's throw from the White House.

REBELS LOOT LUMBER CAMP

Aguilar Continues to Demand Money From Oil Companies.

VERA CRUZ, Nov. 23.—A small band belonging to the force of the Constitutional General Aguilar has broken up the camp of the Electric Mills Company, a lumber concern at Saladero, taking everything it contained. General Aguilar is still demanding money contributions from the oil companies. The refugees colony in Vera Cruz was considerably diminished tonight by the return to Mexico City of about 600 men of the 12th Cavalry. Many of them had fled here at the first alarm, and being weary of the suspense, decided to return to the capital and look after their business interests.

ALBANY GREETES TEACHERS

Linn and Benton County Institutes Convene Today.

ALBANY, Or., Nov. 23.—(Special).—With approximately 400 teachers in attendance and many of the leading educators of the state present as instructors, the annual teachers' institute of Linn and Benton counties will begin a three days' session in this city tomorrow morning. Under the present law attendance at the annual institute is compulsory. Accordingly all the public schools of Linn and Benton counties will have a vacation for the remainder of the week. The institute will be in charge of W. L. Jackson, County School Superintendent of Linn County, and R. A. Cannon, County School Superintendent of Benton County. R. W. Kirk, superintendent of the Corvallis public schools, will have charge of the departments of superintendents, principals and high schools. Joseph Benner, of Lebanon, and P. E. Baker, of Brownsville, school supervisors of Linn County, will have charge of other departments. Charles H. Jones, of Salem, and Miss Emma A. Rice, instructor in music in the Albany schools, will have charge of the music of the institute. J. A. Churchill, State Superintendent of Public Instruction, and E. F. Carleton, Assistant Superintendent, will take part. Joseph Schaefer, of the University of Oregon; Edwin T. Reed, of the Oregon Agricultural College; M. S. Pittman, of the Oregon Normal School; H. M. Crooks, president of Albany College, and H. C. Seymour, of Dallas, County School Superintendent of Polk County, and Dr. Calvin S. White, of Portland, secretary of the State Board of Health, will attend.

SCHOOL RAISES PIANO FUND

Philomath High Profits \$55 at Entertainment—Grades Help.

PHILOMATH, Or., Nov. 23.—The Philomath High School, assisted by the grades, gave an entertainment yesterday to raise money for the purchase of a new piano for the school. Two interesting programmes were rendered in the afternoon and at night and the entertainment was well attended. The proceeds were in the neighborhood of \$55.

CITY MAY COMPETE SOON

for all places where liquor is sold and he proposes he will recommend this feature before very long. It is probable that the only obstructions allowed will be such as will make it impossible for children to look in. There will be much activity in the liquor license business now, as all applications for renewals for 1914 must be filed in the office of Licenses, Inspector Hutchinson by December 1. When they are all filed, Mayor Albee, as Commissioner of Safety, will investigate each and will make his reports and recommendations on each to the Commission, which is the final authority.

4 CAVALRY TROOPS GO AFTER NAVAJOS

Expedition Near Albuquerque Is Equipped to Prosecute Winter Campaign.

GENERAL SCOTT ON WAY

Expectation Is That Peace Will Be Restored Upon Arrival of Troops on Scene of the Disturbances.

ALBUQUERQUE, N. M., Nov. 23.—In two special trains four troops of the Twelfth United States Cavalry, accompanied by a detachment of the hospital corps and a commissary wagon train, passed through here today on the way to Gallup, where tomorrow the troops will detain and march 100 miles overland to Shiprock agency, on the Navajo reservation to quell an incipient uprising among the Indians there.

The troops are equipped to spend the winter on the reservation if necessary. It is believed, however, that peace will be restored on the arrival of the cavalry. General Hugh L. Scott, ordered to the reservation by the War Department, reached Gallup today and joined Deputy United States Marshal Galusha. The two started overland by automobile for Shiprock, where General Scott will confer with Agent Shelton and map out a campaign for subduing the renegade band of Navajos encamped on Beautiful Mountain.

For several weeks the Indians have defied the authorities to arrest several of their number on charges of bigamy, rioting and assault.

RELIEF SOCIETY DISBANDS

Women Aides to Soldiers of 1898 Unable to Procure Help.

SALEM, Or., Nov. 23.—(Special).—Because of inability to obtain the necessary assistance, the Salem Ladies' Relief Corps, organized for assisting American soldiers during the Spanish-American War, has disbanded. The organization provided clothing and other articles for the soldiers, and at the close of the war, the members decided to continue the charitable work by making donations to the worthy poor. It has expended since 1908 more than \$1000 for food and other necessities for the poor of the city.

Among those who were faithful to their work to the last were Mrs. John A. Carson, president; Mrs. A. N. Gilbert, treasurer, and Mrs. M. L. Meyers, secretary. Mrs. Meyers was elected about six months ago, on the resignation of Mrs. E. Y. Chase, who had been secretary of the society since its organization.

A heating proclamation

Our thousands of new customers who remember their experiences with old-fashioned heating during the zero days of last winter (with the excessive coal-bills, lifting and lugging of coal-hods and ashes, and the strain of constant cleaning drudgery and "minding the fire") have good cause to proclaim a heating-Thanksgiving upon having this Fall escaped to

AMERICAN & IDEAL RADIATORS & BOILERS

part can warp or strain, corrode or rust out; no coal-gases sent to rooms above; woman's cleaning work cut in two. The former old-fashioned heating with its greedy appetite for coal, and head-butting pipes are gone—and in their place the IDEAL Boiler stands as a reliable, safe and noiseless all-iron servant, responsive, cleanly and obliging.

The proclamation of thanks also includes recognition of the neat, tight, dust-free AMERICAN Radiators, which, like sentinels stand at the exposed points in each room and beat back every advance of chill, keeping the entire house cosy and warm—each room under separate control.

Then, there's the increase in the value of the home. The value of the new outfit will all be there twenty, thirty, or more years' after (while the old-fashioned outfit might be all used up—burned or rusted out in ten years.) This counts in renting or sales value, so your money is not gone—it is there substantially, like an investment.

IDEAL Boilers and AMERICAN Radiators are also made in right size types for churches, schools, hotels, stores—all buildings, city or country. Modern fitting puts them into OLD structures as easily as in new.

May we send you our free book: Ideal Heating?—Your inquiry does not obligate. Write us today.

This proclamation of thanksgiving includes these benefits: the IDEAL Boiler (from less coal than the old outfit burned) sends heat to all rooms irresistibly, steadily—winds cannot force it back. The boiler is so hardy that no

A No. 2118 IDEAL Boiler and 270 sq. ft. of 38-in. AMERICAN Radiators, costing the owner \$140, were used to heat this cottage. At this price the goods can be bought of any reputable, competent fitter. This did not include cost of labor, pipes, valves, freight, etc., which are extra, and vary according to climatic and other conditions.

ARCOWAND Vacuum Cleaner—built into the house. We also make the ARCOWAND Vacuum Cleaner, connected by iron suction pipe to various floors of houses, flats, schools, churches, hotels, etc. Through a light-weight hose ALL the dirt, cobwebs, lint, threads, moths, etc., are drawn with lightning rapidity down the iron piping into big, sealed dust-bucket in cellar. No dragging around a clumsy, inefficient portable cleaner—instead, the outfit is part of the building—like radiator heating. Shall we send new catalog?

In the Packard cars of today is found the answer to the demand of the discriminating public for finality in an automobile.

- Left Drive—Entrance from either side. Centralized Control Board—A real electrical outfit that is the final answer in convenience. Pressure Oiling—Meets the requirements of six cylinders. A Self-starter That Starts. Magneto Ignition—Greatest possible insurance against electrical trouble.

When you drive a Packard you will appreciate its points of merit which appeal so strongly to experienced users.
