HANISH GUILTY, HIS TEXTBOOK BRANDED

Federal Jury Finds Teachings of Sun Worshippers Unfit to Be Circulated.

PRISONER OUT ON

Court Instructs Jurors This Is Age of Freedom in Discussing Sex Matters, but Purpose Must Be Serious One.

CHICAGO, Nov. 28. — Ottoman Zar Adusht Hanish, "high priest of Mazdaxnan" and leader of the Mazdaxnan cult of sun worshippers, who number about 14,000 in different cities, was found guilty by a Federal jury here today of sending objectionable literature by express in violation of the interstate commerce laws. He may be sentenced to five years' imprisonment, to

state commerce laws. He may be sentenced to five years' imprisonment, to pay a \$5000 fine or both.

The verdict brands as unfit for circulation the textbook of the cult. The book was read to the jury and almost no other evidence was offered by either side. The book prescribed sunbaths and herb remedies, but its striking features and that objected to by the Government was a frank and lengthy treatise on sex relations.

Judge Counsels Latitude. "This is a day of informational dis-cussions of sex problems," said Judge Mack in his charge to the jury. "There is a freedom in these matters now that never has been countenanced before. These discussions are, however, carried on in a serious manner. If you find that the lessons in this book are intended to discuss serious problems in a serious manner and if you find that the book is not intended for general circulation you are to find the defendant not guilty."

The jury was out three hours

The jury was out three hours.
Hanish was trapped by Dana Angier,
a postal inspector who wrote from
Brockfield, Mo., asking for a copy of
the textbook of the cult, giving the
fictitious name of "Julia B. Gardner."
Hanish sent the book by express to
avoid conflict with postal regulations.

Hanish Out on Bail. Burning of incense, songs to Maz-daznan and alleged Persian hymns by persons supposed to be members of the cult were features of the trial and kept court balliffs busy suppress-ing such demonstrations in court and the corridor outside. Well-dressed women were prominent among the cult devotees and held their places through-out the trial, though Judge Mack suggested that all retire during the read-

ing.

Hanish is at liberty under bonds of \$10,000. Motions will be heard and sentence pronounced by Judge Mack on his return from New York next week. The verdict was returned to Judge Carpenter.

SPRINGFIELD, Mass., Nov. 28 .- The ime has come, in the opinion of Samuel Untermyer, who was chief counsel for the Pujo committee investigating the money trust, to restore confidence in the industries of the United States, in-cluding the railroads. How this could be accomplished he outlined in a spaech tonight before the Economic Club here.

Mr. Untermeyer spoke on "How to Restore Confidence." There had been a sudden and alarming cessation of business activity all over the country, he said, and the consensus of opinion was that it had not been due to changes in the tariff. ALARM FELT OVER GAINS OF CONFUCIANISM IN CHINA.

Missionary Says Step, However, Will Permit Lowering of Country to Plane of Mexico.

NEW YORK, Nov. 28 .- The American Board of Foreign Missions is not alarmed by the effort to make Confu-cianism the state religion of China, according to a statement today by Dr. Woodruff Halsey, secretary of the home department. Cable dispatches yesterday from Pekin told of an anti-Confucianism meeting, attended by American missionaries, at which a league was formed to oppose the adop tion of a state religion by the republic.
"We are opposing the move for the good of China herself, rather than because we believe it hampers the work of our missionaries there." Dr. Halsey said. "As a matter of fact, we do not believe it will hamper their work. It would be a backward step, however, in the progress of China, for it would parmit the shrewd and the progress of the control permit the shrewd and unscrupulous to mix religion with business and poli-tics. It would tend so relegate China to the plane of Mexico.

"An attempt was made two years ago to make Christianity the state religion. We opposed that effort just as vigorously as we are opposing the present effort on behalf of Confucianism. President Yuan Shi Kai is the best possible man for the presidency of China and he recently said to H. S. Lowrie, president of Pekin University: 'I am not a Christian; I am a follower of Confucianism, but only Christian ethics can save China. Our morality is not sufficient for the crisis!'

"The tendency to establish a state religion is, of course, indicative of a crisis in religious matters in China, but it will be a crisis in the internal af-fairs of the republic only and will not be a crists in our work. We believe that will go on as usual."

YouDare—You Daren't Wear Aigrettes

-We have received a telegram from the Secretary of State at Washington, stating that there is no Federal statute prohibiting persons having aigrettes in their possession imported before October 4, 1913, but any aigrette brought into the United States on and since that date is subject to seizure. The telegram also states that the Treasury Department has no jurisdiction over the action of the game warden. It is therefore up to the women of Portland to appoint a committee of young, attractive and charming women to wait upon Mr. Finley and induce him, if possible, to be lenient and merciful, allowing women of Oregon to wear aigrettes in their possession before October 4, 1913.

The game wardens in other states are giving women this privilege. Mr. Finley has already acceded to the entreaties of the fair sex by allowing them to wear Chinese pheasant plumage. Here's the real opportunity for the suffragette.

His Highness sued to recover \$10,000 from the estate of Hovhannes Tavshan-jlan, a wealthy Armenian rug dealer murdered in this city in 1907. This sum was left to Tavshanijan's mother, who died before receiving it. Because she died intestate in Constantinople the Sultan claimed the money.

The suit was decided against him by the Supreme Court and the appellate division today affirmed the decision for example of the jury, because of the illness of his wife, and the substitution of another man on the jury, necessitated the duplication of evidence already submitted.
