New Christmas Books

Illustrated in Colors

—Beautiful color pictures illustrate a wonderful collection of books in our book store.

—The faithful reproduction of color was until recent years an unknown art. But so rapid and so marked has been its progress that today the original colorings, the identical tones, the same feeling that the artist has put into his canvas are reproduced so that each illustration becomes a work of art.

—In this great book store are many books from Europe, showing masterpieces from the Louvre, illustrating the richness of a Rembrandt or the dainty brush work of a Greuze. In "The Heart of England" the artist has caught the charm of the countryside with effective realism. Many a fading memory of an enjoyable trip to Europe may be revived by these color illustrations. Maxfield Parrish, Harrison Fisher, Arthur Rackham and many other artists known the world over have contributed to make this collection of beautiful gift books the most beautiful and the most complete ever gathered.

—A very brief selection is here given—not including any of the hundreds of juvenile books.

BARTHOU IS BEATEN

French Cabinet Resigns When Outvoted in Chambers.

RADICALS JOIN SOCIALISTS

Combined Forces Defeat Plans of Government to Tax New Renters. Sitting Uproarious—Result of Ballot is Checked.

PARIS, Dec. 2.—The government of Premier Barthou was defeated by a vote of 290 to 265 in the Chamber of Deputies tonight on the question whether the loan of \$260,000,000 should be subject to taxation or immune, like the existing rentes. As soon as the vote placing the government in the minority by 25 was read, the ministers left the chamber in a body and proceeded to the Elysee Palace, where they handed their resignations to President Poincare. The ministry, headed by J. Louis Barthou, after a long and vigorous defense, fell before the combined attacks of the recently organized Radical party and the Socialists, led by M. Jares. The government was victorious in a trial of strength against the opposition, the new loan being approved. The debate today was on the question of extending to the new loan the same immunity from taxation as enjoyed by the old rentes and the government again made it a question of a vote of confidence. The opposition urged that to exempt the new rentes would

GROSSCUP IS CRITICISED

JUDGE CONDEMNS EX-JUDGE FOR WRITING LETTER TO COURT.

REV. F. S. BECK IS DEAD

Funeral of Oregon City Priest to Take Place in Portland.

CHICAGO, Dec. 2.—Ex-Federal Judge Grosscup was sharply criticised by Judge Pettit of the circuit court here today for writing a letter to Judge Pettit in reference to litigation over the \$2,000,000 estate of W. T. Baker, ex-vice-president of the Chicago Board of Trade. Judge Pettit read the letter to attorneys in his chambers and then introduced it in evidence. "There is no justification for Mr. Grosscup's writing a letter to a judge in connection with a suit before him," said Judge Pettit. "It is absolutely unjustifiable. The letter would not have any effect in this court if it were written by 10 Judge Grosscups."

OREGONIAN NEWS BUREAU, Washington, Dec. 2.—Representative Humphrey, of Washington, ranking Republican member of the river and harbor committee, who has just returned from a trip to the Pacific Coast, expresses the belief that Congress will incorporate in the forthcoming river and harbor bill the full \$1,000,000 recommended by the Army engineers for the north jetty work at the mouth of the Columbia River. The manner in which local interests have raised funds to help meet the cost of this work, Mr. Humphrey says, will
