## Portland Troop Gives Oregon Guard All Branches of Service.

### TEBBETS CHOSEN CAPTAIN

#### Colonel Jackson Administrators Oath for Third Time to Similar Organization—Seventy-Three Members on Roll.

Troop A, First Squadron Cavalry, Oregon National Guard, was mustered into the state militia service Thursday night at Kramer's Riding Academy, Sixteenth and Jefferson streets, by Colonel James Jackson, inspector-general of the Oregon National Guard and a veteran regular Army cavalry officer.

Seventy-three men responded to the oath administered by Colonel Jackson and a few more will be mustered in in the next few days.

This gives the Guard all four branches of the service in Oregon—infantry, cavalry, field artillery and coast artillery.

Immediately after the ceremony of mustering in Colonel Jackson called for nominations for captain of the troop. There was only one name proposed, that of Frank P. Tebbets, who has been largely instrumental in the organization of the troop, and his election was made unanimous.

Captain Tebbets announced that the appointments of the First and Second Lieutenants and the non-commissioned officers will be made at the first meeting of the troop, Monday evening, December 22, at the sawdust ring of Kramer's academy.

#### Howard to Be Lieutenant.

J. G. L. Howard, who saw service as a Major of Engineers in the Philippines and who has had much military experience in other parts of the world, is slated for the First Lieutenancy.

W. M. Coplan, who was Captain and organizer of Troop A at Lebanon, the last attempt to have a citizen cavalry organization in Oregon, will be Second Lieutenant of the troop, it was said last night.

Colonel Charles A. Martin, Third Regiment, Oregon National Guard, witnessed the ceremonies, as did also Adjutant-General Finzer and other Guard officers.

# PRESIDENT WILL GO SOUTH ON VACATION

## Quiet Spot on Gulf Coast in Vicinity of New Orleans Believed Chosen.

### COMPLETE REST DESIRED

#### Absence From Washington Will Be Longest Since Inaugural—At Planting of Elm Wilson Makes Dirt Fly.

WASHINGTON, Dec. 19.—President Wilson will take a three weeks' vacation immediately after he signs the currency bill, which he is expected to do on Monday or Tuesday. Where he will go has not been announced, although it is believed that he will select a quiet spot on the coast of the Gulf of Mexico near New Orleans. It will be the longest absence of the President from the Capital since he was inaugurated.

The President has been suffering from an attack of grippe for nearly two weeks, but the announcement of his intended vacation was made some time before he became ill. His physician had advised a halt in the President's labors which have continued without any material interruption for a year.

As President-elect Mr. Wilson returned from a month's vacation in the Bermudas last December and in the succeeding three months was under the double strain of his official duties as Governor of New Jersey and preparation for the Presidency, since taking office he has been in Washington almost constantly, being occupied with the tariff, the currency, the Mexican question among other pressing administrative affairs.

Inasmuch as the President intends to be away until about January 12 the diplomatic reception planned for January 8 will be postponed to the following week, and the dates in the entire social schedule of state dinners and receptions at the White House for the winter season will be revised.

The President was well enough today to take a long automobile ride, and on his return helped plant an American quince among other big family trees. He received a spade, decorated in red, white and blue bunting, from his aide, Colonel W. W. Harris, superintendent of the grounds, and the President shovelled vigorously and as if he enjoyed the exercise. A crowd looked on. In a recent storm the elm, destroyed, and its place taken by the "Wilson elm."

SEATTLE, Wash., Dec. 19.—(Special.)—President Dugdale will demand 17 weeks of baseball in Seattle for the season of 1914. He is sick and bedridden, but he will make strenuous effort to get out in time to tell the Northwestern League magnates in Portland what he wants in the way of amusement for his fans.

"Seattle is entitled to continuous ball," said Dugdale, "but last season only 15 weeks. With the new plan our expenses have been greatly increased. Seattle requires more baseball. The directors will not have the slightest difficulty in understanding what I shall have to say on the subject."

"If the schedule does not suit me, I shall take up the project of organizing a new league. With the new plan our expenses have been greatly increased. Seattle requires more baseball. The directors will not have the slightest difficulty in understanding what I shall have to say on the subject."

## SOCIETY VISITS COURT

### MURDER TRIAL IN NEW JERSEY ATTRACTS ATTENTION.

Woman, Believing Stenographer Held for Killing Mrs. Turner Is Innocent, Puts Up Money for Defense.

TOMS RIVER, N. J., Dec. 19.—Society people of the Lake Wood colony here, interested in the sensational murder case of Mrs. Turner, who was shot in 1911 in being supported by Mrs. Jasper Lynch, who, believing in the prisoner's innocence, has employed counsel to present his case.

The prosecution had not concluded its case last night. No one saw Mrs. Turner killed. Two physicians testified yesterday that death was due to suffocation, not to blows from a club, as the authorities believed at the time.

Moriarty's defense, it is understood, will be that a party of automobilists killed Mrs. Turner and carried her body into the woods, where it was discovered. Testimony was introduced yesterday to show that Moriarty quarreled with his wife on the night of the murder. Moriarty was seen in the house when she called the police, and investigators of Mrs. Turner's death found near Moriarty's home the lid of a pasteboard box which the woman had carried away. The box was found at a spot where the prisoner is alleged to have told witnesses he hid while the police were at his home.

## AMERICA MAY BAR POTATOES FROM INFECTED COUNTRIES.

### Pathological Experts Advise Embargo On Tubers From Districts Where Disease Exists—Britain Protects.

WASHINGTON, Dec. 19.—Whether common Irish potatoes from Canada, Newfoundland, Great Britain, Ireland and Continental Europe shall be barred from the United States because of the danger of importation of dangerous plant diseases or shall be admitted under the same restrictions as apply to nursery stock, was the subject of a hearing today before the Federal Horticultural Board at the direction of Secretary Houston.

Senators and Representatives from several governments, and to pathological experts of various states. It then took the question of enforcing the embargo on potato importation under discussion.

The state pathological experts advised a strict embargo for a period of years on the ground that potato diseases are known to exist in certain portions of every foreign country included in the Department of Agriculture's notice on the subject.

Lord Eustace Percy, third secretary of the British Embassy, expressed regret that the United States should have suggested an embargo on English potatoes, and the entry of foreign potatoes of co-operating with agricultural experts of that country in their investigation of conditions. To impose an embargo suddenly, he said, would be a disturbing factor in the scientific work of the nations. Great Britain, he added, wished to co-operate with the United States and other nations in the general policy of agricultural education.

CHICAGO, Dec. 19.—The number of workers on employment this winter is not greater than in other years, according to facts brought forward here yesterday in the deliberations of the heads of the labor departments of six states, who met to plan co-operation in giving employment to surplus labor. To secure National labor laws and National co-operation, he said, would be the chief objects of the meeting, it was said.

"None of the speakers of today made the assertion that the unemployed problem is any bigger than usual," said P. H. Hart, secretary of the Illinois Labor Commission.

"It does not appear that any more men are out of work this winter than any other winter."

The Labor Commissioners are meeting this year for the first time to open the subject of co-operation. They have not been brought together by unusual lack of work among laborers.
