ANSON IS NOT IN NEED

TENER SAYS 'CAP.' REQUIRES NO PENSION AS YET.

Talk That National League Should Care for Famous Veteran Groves Tiresome to New Head.

NEW YORK, Dec. 19.—Governor John K. Tener, of Pennsylvania, the new president of the National League of Professional Baseball Clubs, announced today through Secretary William H. Chase, that he is not in need of a pension and he saw no reason why one should be granted. A proposal to pension Anson was discussed at the recent meeting of the league during the week of December 8. Secretary Heydler's statement follows: "Governor Tener was asked today if he was in favor of pensioning Captain Anson and if he would have the National League take some action in the matter. In reply he said: "Speaking as president of the National League, I will say that I see no reason why a pension should be voted Captain Anson. The captain is strong physically and mentally and is appearing weekly on the vaudeville stage. He is entirely satisfied with the remuneration he is receiving for his talent. In common with his many friends I am in favor of the continued reference to the National League's failure to provide a pension for the captain's support."

INDOOR YACHT CLUB IS PLAN

Landlubber Sailors to Meet and Prepare for Winter 'Cruise.'

Portland soon is to number among its quasi-feral organizations an Indoor Yacht Club, similar to the organization that has proved so highly successful in San Francisco. While the basic of the plan are working quietly and refuse to permit their names to be used, a meeting soon is to be called at the Imperial Hotel, when a membership list of eligible landlubbers will be prepared, and constitution and by-laws framed. The plan calls for a couple of annual "cruises" one in mid-winter either to the mountains or to the beach, and another during the summer in Portland, a "midnight" cruise, as it were, to San Francisco's Indoor Yacht Club. San Francisco's Indoor Yacht Club has a special train and the whole outfit "sailed" to Sisson, half way to Portland.

RINGSIDE BRIEFS

Frank Conley is reported to be one of the richest of ring men. His fortune is estimated at \$50,000 and he has been won in the last year. He is now in New Orleans, Conley beat two nights after the match Conley was out with a party of friends, when they ran across Attell, who suggested a fight with small bets. Attell losing to Conley, Conley became careless and when the evening was over Abe announced: "Well, you see, I believe, I now have \$7000, which, I believe, was the sum of your purse last night." That ended Conley, and he has never since touched the cards when there was money on the table.

SPORT-NEWS POT POURRI

BASEBALL "POME" by George J. B. Martz, third baseman Detroit Tigers. A wily man is Connie Mack—a crafty M. G. R. He gathers bushers by the pack and makes each one a star. A clever scout is Connie, too—the small leaguer he can roam, and sign up youngsters who can bring the bacon down in Kokomo. He has pitched a winning game, you might say, in Milwaukee. He is proud to learn that Connie knows his name. When Connie made his first visit here in and Baker made his bow, he wasn't worth his weight in tin. Connie says: "I'm a B. B. now! Young Eddie Plank was on a farm, his George Moriarty job was pitching hay, but Connie saw his pitching arm and signed him right away. Chief Bender in a Wild West show, shot arrows round a tree, till Connie came and said, "Heigh-ho, your arm looks good to me." If games were played in China's climate, it would be nothing new for Mack to show a contract signed by Pitcher Ching Ling Fong. It should be guarded, for it might lead the American League to vote that Ty Cobb is a '12 hitter.

Mugsey McGraw, of New York, has no pity on his castoffs. Devore tarried awhile at Cincinnati and then passed on. Ames and Grob are still there, while Herzog and Hartley sailed during the week. The Northwest League is coming soon. And mighty things are planned, as magnates stand around and talk. Or talk around and stand. The following are the world's tennis ranking of "The Field," the official paper of English lawn tennis: A. F. Wilding, N. E. Brooks and M. E. McLoughlin, J. C. Parke, A. H. Gobert, O. Frubelheim, R. N. Williams, M. Deburgie, C. P. Nixon, H. Roper Barrett. American Lawn Tennis ranks J. C. Parke and N. E. Brooks ahead of Wilding, although the New Zealander holds all three world championships in tennis, these being the grass court, dirt court and covered court titles. McLoughlin and Williams are ranked fourth and fifth, with Dixon sixth.

NEW CHARTER IS PROPOSED

Committee at Eugene Will Meet December 26.

EUGENE, Or., Dec. 19.—(Special.)—After having spent nine months in preliminary work, the general committee on the revision of the charter of Eugene has decided to meet December 25 to determine whether the general form of city government, under the proposed charter, should be continued as at present, or should be changed to the commission or managerial form. FUNERAL PLANS MADE

MISS OPAL HALL WILL BE BURIED AT BUENA VISTA.

MISS Mabel Cooper Tells of Short Illness and Friend With Kidney Disease in New York. Smith disposed of Wells and punch to the stomach took all the courage out of him. It was the general opinion that if his nerve had stayed a little bit better he would probably have defeated Smith.

Were it not for the fact that Carpenter is under a ban in France, his home country, the now popular boy would come to America and take a try at some of the heavies. However, by an agreement with the New York boxing commission, any man who is under a ban in New York also is on the black list in France and vice versa. According to Carpenter, he cannot appear here. He has talked California, but when Ledoux went to California and was licked in turn by Williams and Campi he took back such stories of both the "robbers and pirates" of the Far West that the French boxers have had an aversion for Los Angeles and San Francisco ever since.
