-It is well to remember that this store protects its customers, not only in QUALITY but also in PRICE, so that you may feel satisfied on this score. Nowhere else, under any circumstances or under any other trade condition, is it possible to match the prices marked throughout this great jewelry store for the balance of the Christmas shopping season.

-For months preparations have been made to gather together the best examples of both foreign and American jewelers and silversmiths. The major part of our stock is distinctly individual, many articles being shown exclusively at this store. Then again this store buys upon a different basis than most exclusive shops, buying greater quantities, paying spot cash, buying from first hands only. This in itself is a prestige which it is difficult for most exclusive shops to overcome, who secure most of their stock on memorandum, on long-time payments, which naturally means a higher cost.

-For Tuesday and Wednesday you will find immense assortments awaiting your inspection. We ask you to post yourself, become familiar with prices asked elsewhere. IT IS THEN THAT THE POWER OF THIS GREAT JEWELRY STORE WILL MANIFEST ITSELF TO YOUR ENTIRE SATISFACTION.
