Sipman Wolfe & Co.
Merchandise of Merit Only

Dozens of Styles in Nightgowns at 59c to \$63.50 In the January White Sale

—If a woman wishes to expend only a dollar for a nightgown she will have the largest selection, for at that price alone there are more than 100 styles of the best nightgowns, we think, that have ever been made in America to sell at the price.
—At \$1.95 there are hand-embroidered French nightgowns as well as charming ones from this land.
—Dainty pink and light blue nightgowns of sheer batiste are delights at \$1.25. Indeed they look like negligees. However, we have provided a generous variety at each of the many prices up to \$63.50.
—The V-neck nightgowns that are very low cut, both back and front, are delightful. But the daintiness of every gown is what will appeal to you most of all—those made in America have the tiny pin tucks, flat felled seams and all the touches that make French hand-made lingerie so pretty.

The Below Prices on Lingerie Represent the Greatest Economies

	American.	Extra Sizes.	French.

Semi-Annual Clearance of New COATS

That Sell Regularly From \$25 to \$35
Clearance \$19.45

—This is virtually an unlimited assortment of the very smartest models brought out this season. Coats suitable for street wear and semidress wear—of finest boucle, chevrons, duvetynes, diagonal and Bedford cord.
—In such colors as black, navy blues, browns, taupe and fancy shades as well as two-toned effects.
—They are 45 and 48 inches in length, showing the very latest and correct cutaway and side button effects—also a variety of the new yoke styles with large loose kimono sleeves, a style now shown in the early Spring models.
—The trimmings are of velvet, plush or fur—some of the garments are lined throughout with satin, and others with just the yoke and sleeve linings.
—You certainly could not go amiss in purchasing one of these coats for early Spring wear, in fact they would do service during the Summer for traveling, automobiling or morning wear.
—Again we wish to call your attention to the fact that every garment represents the newest styles of the late Fall and Winter.
—Third Floor.

The First Display of the New Spring Pellard Suits

Will be made in our Garment Salon Wednesday.

—To define the new styles that we are now presenting would be a difficult task, as Fashion has been so generous with her ideas for Spring, and they have been so variously interpreted in these Pellard suits as to make them distinctive as well as distinguished.

—Women who appreciate exclusive clothes will surely be interested in this display, for many of the suits are individual models—and when there are two or three of a style there is only one of a color.

Of Silk and Wool—\$37.50 to \$85.00
Third Floor.

New Wash Fabrics

25c Raynette 19c
—A new fabric in the Panama weave. An excellent substitute for linen. Specially suited for early Spring year. Solid colors, 27 ins. wide. Shown in deft, black, pink, white, tan, navy, light blue and lavender.
35c Silk Finish Foulard 25c
—Looks like the pure silk, feels like the pure silk, wears better than silk and washes well. Dark grounds with choice, neat patterns in browns, black, navy and cadet.
25c Silk Mixed Shantung 17c
—A beautiful lustrous silk and cotton fabric in the shantung weave. Non-crushable. Light blue, navy, black, lavender, pink, golden brown, green, rose, tan, Copenhagen, jasper and deft.—Basement.

—Exclusive Portland agents Pictorial Review Patterns. The February Patterns and Magazines are now on sale.

Stockings of Fine Thread Silk Special, 83c Regular \$1.25 to \$2.50

—This is the opportune time for women to replenish their silk hosiery needs—our regular customers will at once appreciate this announcement, but for those who are not acquainted with the excellent qualities of our hosiery we wish to call their particular attention to the fact that ALL stockings bought here are the very best that can possibly be had—and the hosiery in this sale is of the highest grade silk made on French machinery, knitted close and fine in gauge.
—In various weights, light, medium or heavy, in black, taupe, bronze, tan and various other colors.
—A special purchase from America's leading silk hosiery manufacturer makes this sale possible—First Floor.

Sale \$1 to \$1.50 Brassieres Clearance 69c

—One thousand of these brassieres, which we procured at a special discount for this occasion. Although many are in the style that cross in the back, there is a large number in the hook-and-eye-down-the-front style.
—They are made of the best quality cambric with the neck cut in V-shape, square or round. Trimmed in numerous styles, some having wide open embroideries and embroidery edge, others with Cluny laces and insertions—many with Valenciennes lace and medallions.
—Brassieres that are fashioned for the stout figures, as well as for the medium and slender figures. In all sizes, 32 to 50.
Fourth Floor.

The Spring Season Has Already Opened In Our Millinery Salons

—A display that is of the greatest importance and interest to those women planning a trip South and desire a smart new hat for Southern wear.
—Hats that foretell the correct style trend for the coming season.
—Small shapes of soft milan straws and fancy tagal facings, having soft crowns of moire, panne velvets, taffeta silks and heavy failles, showing various clever and original modes in trimming with the use of feathers, velvets and ribbons, as well as clusters of small, brightly colored flowers.
—You are at liberty to view this early showing at your pleasure with no thought of making a selection.—Second Floor.

Free Demonstration by Miss S. S. Schaefer of Fleisher Yarn

—Experts of the Fleisher Yarn Co. are constantly evolving new uses for their splendid yarns. With yarns so admirably adapted to various needs they have produced designs and ideas that women appreciate.
—In tapestry crochet you will find the best designs for Indian Blankets, Canoe Rugs, Table Covers and Pillow Tops.
—Fleisher Yarns come in all the rich colors that are desirable for any of these.
—This Free Demonstration and these Classes are conducted for your especial benefit and Miss Schaefer will teach you anything you wish to know about knitting and crocheting.
Second Floor.

VICTOR AND COLUMBIA TALKING MACHINES
\$1.00 Down—\$1.00 Week.

We Are Out Today With Our Shoe Announcement Women's, Misses', Children's, Men's Fall and Winter Shoes At Clearance Prices

—WHY is an announcement? There is just a hint of the whimsical in the query. But think it over a moment. Why IS an announcement? WHAT an announcement is, is always clear enough and there is nothing mysterious about it. It is the WHY though, that counts. Why, implies a reason. So WHAT is the reason for this announcement.
—Different stores offer different reasons. Some of them are plausible, others doubtful. With this store the WHY and the WHAT are both emphatic. The "why" stands for a definite store policy—the immediate disposal of new, desirable, seasonable merchandise.
—The WHAT stands for economy, definite and positive. It also stands for satisfaction, and shoe service.
—Thus it is that this shoe sale stands for more than mere publicity.

Wednesday This Sale Starts Women's, Men's, Misses' and Children's Shoes Every Winter Shoe Reduced Every Pair of Slippers Reduced Many at Factory Cost and Less

Sizes 10 to 13, special \$2.45
Basement.

OIL FINDS ARE DENIED

ABERDEEN MAN TELLS LANE THERE IS NONE ON QUINLAULT.

F. R. Archer, for Years Allotting Agent, Says Reservation Lands Do Not Warrant Withdrawal Order.

OREGONIAN NEWS BUREAU, Washington, Jan. 6.—"No oil has been discovered on the Quinault Indian reservation in Washington," says F. R. Archer, of Aberdeen, for some years allotting agent at that place. "Notwithstanding the prevalence of the belief that oil exists, I know positively that none has ever been discovered, nor have any indications of oil been found on that reservation. There is some oil on the Hoh River, 50 miles away, but even there it is not found in large quantities, and there is no occasion, as far as present indications go, to start a rush even to the Hoh River."
Mr. Archer, who is in Washington on various matters of interest to Grays Harbor, had a conference with Secretary Lane and found him firmly of the belief that valuable oil deposits existed on the Quinault reservation. "The Secretary had on his desk a bottle of petroleum, sent to him as having come from the Quinault reservation, and he was disposed to take steps necessary to withhold these oil fields from acquisition until they could be further examined."
Geological experts who have been over the reservation, according to Mr. Archer, have declared that the formation is not one to indicate the probable presence of oil, and their geological

studies, coupled with the fact that no oil has been discovered, lead to the conclusion that first reports were in error. The oil lands along Hoh River are now in private ownership and the Government no longer has jurisdiction over them. It would appear from the news brought by Mr. Archer as if the Quinault oil boom had about petered out. Mr. Archer's report confirms statements received by Senator Jones from other sources.

FRENCH OUT FOR SENATE

Idahoan, Opposing Brady, Says Outlook Delights Him.
OREGONIAN NEWS BUREAU, Washington, Jan. 6.—Representative French, of Idaho, today formally announced his candidacy for United States Senator and declared his purpose to oppose Senator Brady in the Republican primaries this year. French's announcement has been expected for some time. In declaring his intention French says it is the greatest ambition of his life to be elected to the Senate. He says his announcement is in response to a multitude of letters received during the last 10 weeks.
"I am delighted with the outlook," he declares.

Cruiser Boston Hero Commended.
OREGONIAN NEWS BUREAU, Washington, Jan. 6.—Secretary Daniels today publicly commended Oscar B. Peterson, oiler on duty on the Cruiser Boston, at Portland, for risking his life to save an elderly man who was on the point of drowning the night of November 22. On hearing cry, "man overboard," Peterson jumped into the Willamette River and succeeded in rescuing the drowning man.

LANE CHAFES AT DELAY

SENATOR SAYS TREASURY ARCHITECT IS TO BLAME.

Complaint May Be Filed With Secretary of Treasury About Portland Federal Building.

OREGONIAN NEWS BUREAU, Washington, Jan. 6.—Senator Lane was surprised today when it was reported to him that delay was being experienced in preparing the plans for the new Portland public building. Senator Lane said today he was assured some weeks ago that the supervising architect was then collecting data showing the amount of space that would be required for the various offices to be accommodated in the new building, and he furthermore was assured that the appropriation would be adequate to erect a building of the type called for by his amendment to the deficiency bill.
If there is undue delay, Senator Lane says, it is due to the dilatoriness of the supervising architect in not acting promptly in gathering the data necessary for the preparation of the new plans, and if that matter has been allowed to drag for three months without attention he proposes to file a complaint with the Secretary of the Treasury.
He will call on the supervising architect Monday and ascertain what is meant by the delay in the preparation of the plans. From assurances given him when his amendment was agreed to, Senator Lane said, he had reason to

believe new bids were to be called for before the close of last year.

EYE KEPT ON REVOLUTION

United States Survey Ship Ordered to Port au Prince.

WASHINGTON, Jan. 6.—The survey ship Eagle, at Gonaves, Hayti, was ordered today to Port au Prince, a sail of only a few hours, to observe the latest revolution, at the request of the State Department. The warship Petrel of the Nashville will be ordered to Hayti from Dominican waters if the revolution should take on a more serious aspect.
Meager reports to the State Department were summarized in this statement today:
"The State Department is informed of the capture at Thomaseau of one Celestin, a Haytian exile, who was the promoter of the disturbance on the Haytian frontier. Government troops occupied Thomaseau on January 2, and after the capture and execution of several revolutionists quiet was restored.
"A spirit of unrest is said to prevail in the northern part of the country. The town of Trou was seized by rebels on January 4, and the rebels were reported afterward to be marching on Cape Haytien, 20 miles away. Port au Prince is quiet."
Bernard Corrigan Dead.
KANSAS CITY, Jan. 6.—Bernard Corrigan, formerly president of the Metropolitan Street Railway Company of this city and head of a large construction company, died at his home here today of heart disease. Mr. Corrigan was one of the early settlers here and has been prominently connected with public affairs.

\$1,000,000 1913 OUTPUT

WASHINGTON METAL MINE YIELD IN GOLD GROWS.

Decrease, However, Is Noted in Silver and Copper—Stevens County Ships Out Lead Ore.

OREGONIAN NEWS BUREAU, Washington, Jan. 6.—The total value of the metal mine output of Washington in 1913 was slightly more than \$1,000,000, a decrease of 6 per cent from the value of 1912, according to preliminary estimates of C. N. Gerry, of the United States Geological Survey. This was due in part to decreases in silver and copper production and in part to somewhat lower metal prices. An increase of 2 per cent gave a gold output valued at \$64,000, notwithstanding the idleness of one of the cyanide mills at Republic. About 78 per cent of the gold output came from crude ore and concentrates shipped, largely the former, and about 22 per cent from cyanide and amalgamation bullion.
There was a decrease in silver yield of about 21 per cent from 413,538 ounces in 1912 to about 328,000 ounces in 1913. The silver output was evenly divided between the siliceous ores of Republic and the copper ore of Chewelah. The silver content of the latter decreased. The copper output decreased about 9 per cent, from 1,086,010 pounds in 1912 to about 986,000 pounds in 1913, as a result of curtailment of production from Chewelah district during the installation of electric power and improvements to the mill.
No zinc ore was shipped from the state, but shipments of lead ore were

made from Stevens County, giving an output of nearly 300,000 pounds, as against 127,387 pounds in 1912.
New concentration plants were in prospect for the Castle Creek property southeast of Republic and the Lead-Zinc Company at Metaline Falls in Ferry County.
There was little change in the output from the Republic district of Ferry County. The North Washington cyanide mill was not operated and consequently the Republic Mines Corporation produced less gold and silver than in 1912. There were, however, greatly increased shipments from the Ben Hur mine. The producers were the San Hill, Ben Hur, Knob Hill, Republic Mines Corporation, Hope, Old Republic and Quilip. The Knob Hill Mining Company shipped ore to British Columbia smelters and to the San Hill mill, and was the only mining company declaring dividends in the state. The San Hill mine and mill were operated profitably and a new tube mill was added. The Republic mine was operated by the Republic and the North Washington Power & Reduction Company were suffering from lack of funds and a strike of reorganization. It is hoped that with electric power transmitted from Grand Forks both mills of the district will be operated successfully.

There was much activity in the Chewelah district of Stevens County. Initial shipments of copper ore were made from the Copper King mine, and regular shipments of crude ore and concentrates from the United Copper mine went to British Columbia. Production was somewhat curtailed while the mill was enlarged and electric power installed.
Firmation of the selection of Weddell & Harrington, as consulting engineers, despite the fact that the prices of its vehicles have been about 100 per cent, the Zepplin Company, engaged in the manufacture of dirigibles, lost \$375,000 during the fiscal year just closed.

INDIGESTION ENDED, STOMACH FEELS FINE

Time "Pape's Diapepsin!" In Five Minutes All Sourness, Gas, Heartburn and Dyspepsia Is Gone.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.
If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.
Get a large fifty-cent case of Pape's Diapepsin from any druggstore. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.—Adv.
