

STRIKERS AS WINTER FALLS

Blizzard Is Accompanied by Break in Union Ranks at One Michigan Town.

EVICION SUITS BROUGHT

Humors of Disagreement Between Miners and American Federation of Labor Are Quickly Denied by Officers.

HOUGHTON, Mich., Jan. 12.—Fourteen fresh eviction suits, coupled with a blizzard and the first break in union ranks at Ahmeek village in the northern part of the strike district, caused Western Federation of Miners leaders to shake their heads dubiously today.

Union stores, especially the one in Hancock, were crowded today and requests for increased fuel and food supplies were met. Charity workers and Salvation Army officers also found calls awaiting them.

Dan Sullivan, president of the district council of the Federation, said the closing in of Winter was something for which he and his associates were anything but anxious.

Desertions at Ahmeek village were 14 and half a dozen other union members were reported to have turned in their cards to the management of the Mohawk mine. Both companies are in the district that has caused the most anxiety to operators and the last of the state troops in that neighborhood left today.

Fears that trouble might arise from the withdrawal of the troops and that non-union men might be afraid to continue work without the moral support of the bayonet had been expressed by officials of Keweenaw County. The blizzard, however, solved the question, at least for today.

Rumors that a break is impending between the Western Federation of Miners and the American Federation of Labor were given considerable publicity today, but were at once denied by labor officers.

MINNE REPORT CALLED FALSE Statement of Federal Investigators Declared Highly Colored.

BOSTON, Jan. 12.—Federal investigators who conducted an inquiry into the "Minne" report, which stated that "highly colored statements in favor of the strikers" it was charged tonight by Quincy A. Shaw, president of the Calumet & Hecla Mining Company, one of the affected properties in the strike zone.

Reports of the Federal investigators were "grossly unfounded and containing many misstatements," Mr. Shaw said. Continuing he said in part: "After Secretary Wilson's speech in Seattle, it was to be expected that his subordinates would make a report which would be highly colored in favor of the strikers. The publication of the report is also well timed to assist strike leaders in arousing false sympathy through misrepresentations. Extracts from the report which appear in papers, if correctly quoted, contain many misstatements."

The report is grossly unfair when it states that so-called strikers have been or are being imported. The company cannot afford to and will not employ men who will be a burden on Moyer and the Federation of Miners."

LABOR LEADERS TO CONFER Gompers and Mitchell to Attend Meeting in New York.

LANSING, Mich., Jan. 12.—It is expected that President Gompers, of the American Federation of Labor, and President Mitchell, of the United Mine Workers of America, and five vice-presidents of the American Federation of Labor will attend the latter conference to be held here January 23 for the purpose of discussing the copper strike.

President Walker, of the Illinois Federation of Labor, and President Fitzpatrick, of the Chicago Federation of Labor, have signified their intention of attending the meeting.

RECALL MEETING IS HELD R. Duncan, Chief Speaker, Would Change Whole City Government.

A "taxpayers' recall" meeting was held last night at the Public Library. The call was issued by J. O. Stearns, an attorney of this city, who acted as chairman. The principal speaker was Robert G. Duncan, who said that he was in favor of recalling the entire commission form of government in Portland.

George W. Gordon made a long talk on street paving, but the chairman thought he was getting off the track, and shut him off after he had been talking for a half hour. E. W. Goldup found fault with the size of the police and the fire departments and picked flaws in the street-cleaning and the water departments.

Two of the members of the recall committee, Dr. Cora Talbot and Emmett Callahan, called up Mayor Albee yesterday afternoon and told him that the use of their names as members of the committee was without their authority. Both said they had never heard of the proposition before and were in no way interested in the recall movement. The names of the committee were given out by J. O. Stearns.

GOVERNOR'S COUNSEL

Punishment of Governor for Copperfield Acts Declared Matter for Voters.

ATTACK ON FOES IS BITTER

Civil Suit for Damages Held Refractory of Saloonmen-City Officials, by Attorney Collier if Executive Is in Wrong.

BAKER, Or., Jan. 12.—(Special.)—Following a fervent flight of oratory by Attorney James H. Nichols, counsel for the Copperfield city officials, Frank T. Collier, attorney for Governor West, Lieutenant Governor K. L. Lewis and Miss Fern Hobbs, opened his argument in opposition to the demurrer in the famous Copperfield injunction proceeding today.

In his address, Collier denunciated the action of William Wiegand and H. A. Stewart, Copperfield saloonmen who are members of the City Council, with a bitter attack on District Attorney Godwin, who he charged with neglect of duty, and with a warm defense of Governor West's action in declaring martial law at Copperfield and his subsequent action in ordering the removal of liquor by the militia.

On Saturday, there was a packed courtroom during the proceedings. The attorneys today filed a stipulated agreement of facts on which there has been virtually no controversy so that the court can rule solely on the points of law involved.

Power Declared With Voters. Mr. Collier declared that if Governor West is guilty of any offense it is political offense. He said: "If the people have any grievance they have the vote of three remedies, the recall, impeachment or refusal to re-elect him."

He declared that the District Attorney could, with the information in his possession, indict the Mayor of Copperfield, H. A. Stewart, for malfeasance of office, and declared that the only reason that he did not do so was because he would not.

The Governor's reason in calling out the militia, he said, "was to show to the people of the state of how ridiculous it is to have to do that when the District Attorney can do it and will not."

Mr. Collier based his strongest attack on the jurisdiction of the court. He declared that certain things among which were calling martial law and the grand jury drawing indictments, were forbidden to the executive department of the state, and he declared that, while the executive is forbidden to interfere with the judicial power, the judiciary is likewise forbidden to interfere with the functions of the executive department.

Oregon Code Is Cited. Carrying out this argument he cited the code which permits the Governor to call out the militia on the "reasonable apprehension that there may be obstruction to the laws," and pointed out that the whole matter is left to the discretion of the Governor as to whether this reasonable apprehension exists.

He showed that the Governor had the Governor to call out the militia before any overt act of violence had been committed.

Then, continuing, he declared that the court had no jurisdiction, holding that the Governor cannot be coerced or forced to exercise his jurisdiction and he further declares that if the Governor had abused the power put in his hands that it does not give courts the right to take that power away from the Governor.

He said, by civil action against the Governor in case he abuses his power and he has power to enjoin the Governor that if the Copperfield saloonmen have been illegally damaged they can secure civil redress from the Governor.

He quoted authorities from various sources in support of these contentions. Mr. Nichols, in closing, declared that the Governor had not abused his power and as such as have never been determined of by any other state executive.

ANIMAL HUSBANDRY GETS MOST ATTENTION at Opening Session, but Crowds Hear Other Discussions.

MOSCOW, Idaho, Jan. 12.—(Special.)—When the "farmers' week" of lectures and demonstrations began at 1:30 o'clock this afternoon at the University of Idaho, more than 50 farmers representing nearly every county in the state, were on hand. Some came from as far south as Caldwell, Pocatello and Boise and some from nearby points in Washington. Others arrived on all afternoon trains and many more are coming in from the general country. It is expected that no less than 200 will be in attendance before the end of the week.

A today's session, lectures in animal husbandry attracted a majority of the crowd, although horticultural lectures were well attended. Most of the women who attended home economics lectures this afternoon came from Moscow or the immediate vicinity.

On animal husbandry the lecturers are Acting President Carlisle; Professor W. H. Olin and Professor E. J. Iddings. They discussed the general subject of livestock on the farm, focusing particularly on the importance of the livestock industry in Idaho, the adaptability of various sections of state to raising livestock on the farm, the general principles of feeding pasture grasses, the time and rate of seeding for pasture and forage crops and the yields of different pasture crops. The possibilities for the beginner also were discussed.

The horticultural programme was opened with lectures by Professors W. H. Wicks and C. C. Vincent, of the department of horticulture, and Professor E. P. Taylor, field horticulturist for the university. Professor Wicks discussed the horticultural status of the state, showing that already Idaho grows well adapted leading fruit producing states of the Union.

BARB'S TERRIBLE SKIN HUMOR CURED

Milk-Crust Formed a Solid Scab, But Resinol Cured in Four Days.

Detroit, June 21, 1913.—"About a year ago my two-months-old baby was troubled with what they call milk-crusts. The lower part of her body was a mass of sores. It began with small pimples, then they turned to one whole scab. The scab would break open and then it would bleed. She suffered much, for she cried night and day. For one month I tried everything, but without relief, until I sent for a sample of Resinol Ointment and Resinol Soap. Upon the first application I noticed a change, and after four days my baby was entirely cured. I cannot praise your remedies too highly, and recommend them to all my friends." (Signed) Mrs. Henry Mosher, 154 Lewerenz Ave.

You need never hesitate to use Resinol. It is a doctor's prescription that has been used by other physicians for eighteen years in the treatment of eczema, ringworm, pimples and all sorts of skin affections. It contains absolutely nothing that could injure the tenderest skin. Practically every drug-gist sells Resinol Ointment and Resinol Soap. For free trial write to Dept. 40-R, Resinol, Baltimore, Md. that I was not going to be a candidate for re-election I was going to have a rest, at least for a time.

"The statement as to my strained relations with Chamberlain is all tommy-boy. Our relations have always been, and are now, most cordial. I have always been, and am today, deeply interested in his success, and have nothing but the most kindly feeling towards him.

"The statement as to my being a Senatorial candidate, attributed to Miss Hobbs, is absolutely without foundation—first, because I never suggested to Miss Hobbs nor any one else that I might become a candidate; second, had I ever intimated to her that I was a candidate, no newspaper reporter nor anyone else would ever have gotten the information from her.

UMATILLA WANTS NO AID

GRAND JURY INSTRUCTED IN ITS DUTIES BY JUDGE PHELPS.

Order Is That No Expense Need Be Spared in Probes and All Who Are Guilty Must Be Indicted.

PENDLETON, Or., Jan. 2.—(Special.)—There should be no occasion for outside assistance in law enforcement in Umatilla County, declared Circuit Judge Phelps, in delivering instructions to the grand jury drawn before the Circuit Court this morning. Continuing, the Judge said:

"It is your duty, gentlemen, to investigate every alleged violation which may be brought to your notice, regardless of the nature of the law or the offense. If you find there have been any violations of the law, you are to return indictments against the offenders. You have the necessary authority to incur expense against Umatilla County by securing witnesses and making whatever investigations may be necessary to ascertain the facts."

It was the opinion of those in the courtroom that the Judge had in mind the recent military activity of Governor West in other portions of the state and that his instructions to the grand jury were intended to forestall a possible invasion by the Governor.

STATE BEGINS TO PROBE

WASHINGTON OFFICIALS INVESTIGATE SPOKANE TREASURY.

Mystery Surrounds Presence of Assistant Attorney-General, and Statements Are Refused.

SPOKANE, Wash., Jan. 12.—(Special.)—From two different directions the State of Washington today began investigation of persons in the County Treasurer's office under the administration of Zachariah Stewart, who is on bond awaiting trial on a criminal charge.

Scott Henderson, Assistant Attorney-General, returned today to take up a line of investigation whose purpose and direction he declined to state. C. F. Watson and N. G. Hawkins, examiners for the State Bureau of Supervision and Accountancy, arrived today and began work on the records in the Treasurer's office.

All of the men concerned refused to be quoted, and merely stated that they were seeking information and not giving it out.

George H. Crandall, Prosecuting Attorney, is now in Olympia.

The delinquent tax certificates, which are being taken up by accountants hired by the county, formed the first portion of the material which the examiners sought. Treasurer Evenson assured them.

The visit of the Attorney-General's agent is more or less mysterious. Rumor said it was due to the fact that Prosecutor Crandall, in his last attempt to get the Superior Judges to call a grand jury, had declared a state officer to be implicated.

Mr. Stewart Saturday issued a statement to the effect that he was glad to see a thorough investigation of the books of the office formerly controlled by him.
