HOME DISCIPLINE IS NEEDED

JUDGE GATENS TELLS HOW MOVIE SHOWS MUST
Evil suggestions in pictures lead to delinquency and amusement men approve.

Evil suggestions gained from attendance upon moving picture shows were cited by Judge Gatens as one of the things that lead to delinquency on the part of children in his address before the Rotary Club at its luncheon yesterday at the Oregon Hotel. He urged enforcement of the curfew law and more rigid discipline in the home as a remedy for or preventive of delinquency in minors.
Following Judge Gatens' remarks M. G. Winstock, of the People's Amusement Company, agreed with his statements and said:
"I heartily agree with the speaker that a closer supervision of children is necessary to counteract the many evil influences of city life. I think I hardly need to state my position. I have cooperated without exception in the cause of clean amusement, not only with the local censorship board, but with the public authorities. I always have and always in the future, will stand for complete co-operation with the National, state and municipal authorities in any reasonable provision that will safeguard the young."
The Rotary Club voted to participate in the movement in behalf of means for deepening and maintaining depth at the Columbia River bar and appointed to attend to the matter the following committee: Marshall Dana, N. G. Pike, Fred Spoerl, Phil S. Bates and M. G. Winstock.

UNION PROPOSED BY CITY

Consolidation of Hospital Work With County Is Desired.
City Commissioner Brewster appeared before the County Commissioners yesterday to confer regarding the proposed consolidation of the city and county hospital work. Commissioner Brewster was requested to put his recommendations in writing and submit them to the county board, when action will be taken.
A consolidation of the various health departments of the city and

county was suggested by the municipal experts who were here last summer and by the county budget committee, but the first step toward bringing the two departments together was taken on the initiative of Dr. Marcellus. At present city patients are cared for at private hospitals.

ALLEN EATON IS HONORED

Eugene Man Named as Advisor in Big Fair Decoration.
Allen H. Eaton, of Eugene, has been appointed by the Panama-Pacific Exposition Commission of Oregon to assist without pay in an advisory capacity in the preparations for both the treatment of the art room and the grounds of the Oregon building at San Francisco. He will secure the co-operation of clubs, schools and other organizations throughout the state in mapping out a plan for the work.
Mr. Eaton probably will be appointed later, when the plans on the building have progressed further, to superintend the furnishing of the art room and the arrangement of the grounds and floral features of the building. He has assisted the commission for several months in planning for these features, without salary.
The University of Oregon, the Oregon Society of Artists and the Oregon Agricultural College will be asked each to appoint a representative to serve on a jury of three to select the paintings which are to be used in the Oregon building.

AUSTRIANS TURNED BACK

Government Declines to Add to Army of Unemployed.
Twelve Austrians landed at New York from a Hamburg-American liner, reputed to be heading for Oregon to establish themselves, are doomed to return to the land of their nativity as R. P. Bonham, acting in charge of the Portland office of the Immigration Department, has declined to forward assurance to New York that the men can be given work here.
They were alleged to have been employed by a Portland firm that employment was awaiting them, but Mr. Bonham was told by members of the firm that laborers were not wanted in view of the number of idle men available.
The Austrians were ordered deported by the Immigration Board of Inquiry at New York, but their counsel attempted to upset the proceedings on

the plea that work was to be had here. Mr. Bonham says that had any Portlanders assumed the Austrians of work as a means of getting them to this country the move would have been a violation of the contract labor law and subject to a fine of \$1000 for each man.

EASTERN OFFER REJECTED

Pittsburg School Officials Want Local Y. M. C. A. Instructor.
L. L. Hartley, principal of the commercial school of the Portland Young Men's Christian Association, has received an offer of a position as supervising principal of the department of commerce of the high schools of Pittsburg, Educational Director French announced yesterday that Mr. Hartley practically had decided to decline the offer.
The work of the Portland Y. M. C. A. is so well known in the East that hardly a month passes without an offer being received by one or more of the secretaries from some other association or school. In some departments the Portland association is recognized as leading all of the Y. M. C. A.'s in the country.

BUNCO MAN AGAIN JAILED

Old Offender Advertis for Women for Kismet Wardrobe.
Wheaton Raymond, who six months ago buncoed a number of teamsters by hiring them for jobs for the Water Board, with which he was not connected, inserted an advertisement in a newspaper last week, calling for three extra women to handle wardrobes in the Kismet company, then playing at the Hellig. When the women appeared in response to his advertisement he is said to have tried to get fees from them.
Detectives Smith and Hammersley arrested him and he was fined \$50 and sentenced to 30 days at the rockpile yesterday. Raymond, who is a compulsive, has been in the police limelight for the past two years on account of similar offenses. This is his third offense.
For Dry Feet
people all say the use of the well-known Webfoot Shoe Dressing is most satisfactory. This wonderful shoe grease prolongs the life of leather by keeping it soft and pliable and makes shoes absolutely waterproof. Can be found at most dealers.---Adv.

APPRAISAL CHECK SOUGHT

Mr. Daly Plans to Continue Fight for 6-for-a-Quarter Rides.
City Commissioner Daly will at today's meeting of the City Council, probably ask to have the city make an appropriation to make a check of the property appraisal submitted to the Council by the Portland Railway, Light & Power Company. The check is intended as a preliminary to appealing to the State Railroad Commission, which is headed by Robert Livingston, receives a large number of subscriptions.
An interesting feature of the report is a few excerpts from letters of subscribers who comment happily on their contributions to the current expense fund of the association. Every year at this season the finance committee, which is headed by Robert Livingston, receives a large number of subscriptions.
Mr. Daly says he is not satisfied with the appraisal presented to the Council by the company and believes

MORE TIME GIVEN CONWAY

Men in Land-Fraud Case Allowed 10 Additional Days to Appeal.
J. T. Conway and Frank Richet, convicted recently in United States District Court of fraudulent use of the mails in connection with their activities as officers of the Oregon Inland Development Company, a real estate concern, were allowed 10 more days in which to file a motion for a new trial by Judge Bean Monday.

Y. M. C. A. ACTIVITY GAINS

Subscribers to Expense Fund Find Pleasure in Contributing.
Continued activity in the several departments of the Portland Young Men's Christian Association was reported at the monthly meeting of the directors yesterday. A large part of the report is taken up by the financial statement for the month, which reflects much work accomplished along the different lines.
An interesting feature of the report is a few excerpts from letters of subscribers who comment happily on their contributions to the current expense fund of the association. Every year at this season the finance committee, which is headed by Robert Livingston, receives a large number of subscriptions.

DUO ORDERED FROM TOWN

Ida Vinto and Hilma Helmo, Alleged Thieves, Fined \$30.
A \$30 fine, orders to leave town and allow the detective bureau to take their photographs for the police files, was the sentence imposed on Ida Vinto and Hilma Helmo, two alleged women thieves who were arrested in Meier & Frank's store Monday afternoon, when they appeared in Municipal Court yesterday.

OLD RESIDENT STRICKEN

Isaiah Buckman in Serious Condition After Stroke of Paralysis.
Isaiah Buckman, a well-known early resident, is in serious condition at his rooms in the Peninsula apartments, 113 1/2 Albina avenue, near Killingsworth avenue, as the result of a stroke of paralysis a few days ago.
Mr. Buckman will be 73 years old next Sunday. He has been a resident of Portland for the past 40 years, and is a large property owner, mainly on the East Side of the river.
This pint of cough syrup is easily made at home and saves you about \$2.00 as compared with ordinary cough remedies. It relieves obstinate coughs---even whooping cough---quickly, and is splendid, too, for bronchial asthma, spasmodic croup and hoarseness.
Mix one pint of granulated sugar with 3/4 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup, if desired. Shake every one, two or three hours. Tastes good.
This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative, both excellent features.
Pinex, as perhaps you know, is a most valuable concentrated compound of Norway white pine extract, rich in guaiacol and the other natural healing pine elements.
No other preparation will do the work of Pinex in this mixture, although strained honey can be used instead of the sugar syrup, if desired.
Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup remedy. This wonderful combination has never been equaled. Its low cost and quick results have made it immensely popular.
A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not send to The Pinex Co., Ft. Wayne, Ind.
