## FRENCH BUDGET READY

**CABINET EXPLAINS PLANS FOR MEETING REQUIREMENTS.**

Extraordinary Army and Navy Expenditures to Be Met by Several Rapidly Redeemable Loans.

PARIS, Jan. 15.—Joseph Caillaux, the Minister of Finance, presented in the Chamber of Deputies today the new Cabinet's proposed solution of the budget difficulties which have been agitating France and has brought about the downfall of the Barthelemy Ministry.

M. Caillaux proposed to meet the deficit of \$155,000,000 in the 1914 budget, so far as possible, without resorting to the loan of a sum greater than \$33,000,000, the loan to be for a short time.

The extraordinary expenditure for the army of \$282,000,000 and that of the navy of \$84,000,000 would be met by four or five rapidly redeemable loans to be issued separately during 1914 and 1915, thus avoiding the overburdening of the money market with a single issue.

M. Caillaux counts on obtaining \$38,000,000 from the proposed graduated tax on capital, \$30,000,000 from the income tax, \$10,000,000 to \$20,000,000 from new taxation—notably that of petrol—and from economies—to balance the 1915 and future budgets.

## PLATFORM IS ADOPTED

KEYSTONE PROGRESSIVES OMIT TO SUGGEST CANDIDATES.

Liquor Question Is Dealt With in Plank Declaring Initiative Will Offer Remedy.

HARRISBURG, Pa., Jan. 15.—Pennsylvania Progressives closed their conference today, at which the 1914 campaign was outlined, by adopting resolutions setting forth their principles, but without endorsing or even suggesting candidates for nominations for state officers to be elected in November. Among the speakers were James R. Garfield, ex-Secretary of the Interior; United States Senator Clapp, of Minnesota; Gifford Pinchot and several Representatives in Congress.

The resolutions, which were adopted after a discussion over a proposition to declare for equalization of taxation, reaffirm the legislative planks of the platform of 1912, demand amendment of the women's employment law so as to bring about a nine-hour day for women; stringent child labor, minimum wage and corrupt practice acts; a constitutional convention; woman suffrage, the initiative referendum and recall of decisions on constitutionality of laws and of executive officers.

The liquor question was dealt with by a plank declaring that the initiative would offer a means of starting legislation to provide for regulation or

## FAIR JURORS KEEP SECRET

SAN FRANCISCO, Jan. 15.—(Special.)—San Mateo County's grand jury, composed principally of women, will be discharged at Redwood City tomorrow. All the women members are enthusiastic in their support of the jury's work has proved that women really can keep a secret.

It was declared that the report will censure a Supervisor for turning in duplicate bills for work done the county. It will urge salary increases, but will tell county officers their "overhead expenses" are too high. The women jurors will object specially to the use of automobiles by the Sheriff.

## HUNT FOR WILL FUTILE

FURNITURE OF LATE CARDINAL BEING TAKEN APART.

Writing Desk Found to Contain Secret Drawers—Employe of Household May Be Arrested.

ROME, Jan. 15.—Search of the apartment of the late Cardinal Rampolla for a last testament, bearing a later date than that of 1889, has failed to reveal the testament. It was reported that the authorities are about to take more energetic measures, which will include the arrest of one of the men employed in the Cardinal's household.

The examination of the apartment continued today and most of the furniture of the bedroom was taken apart. The writing desk contained secret drawers, in which were many valuables. In a safe was found an envelope containing \$700, which had been handed to the Cardinal by a foreign visitor to be distributed to the poor.

A complete inventory will be made. In the meantime the investigating magistrate will continue his interrogatories with the object of establishing, if possible, who is responsible for the disappearance of the testament.

## THE SECRET OF SUCCESS

Genuine Merit Required to Win the People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says: "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention The Portland Daily Oregonian.—Adv.
