## CALIFORNIA STORM

Terrific Deluge Responsible for Drowning of Two Capitalists and Laborer.

DAMAGE TO ROADS \$500,000

Railroads Either Tied Up or Seriously Interrupted by Swollen Streams-Unidentified Boy Reported Swept Away.

LOS ANGELES, Jan. 26.—Three men -two capitalists and a laborer-were drowned; a boy was reported to have lost his life; many people were driven from their homes; buildings were damaged, and steam and electric railroad traffic was either tied up or seriously interrupted in Southern California today as the result of the rain which deluged this section in the last 24

The deaths were those of Louis Jones, a retired banker of Montecito; Hugh Spear Haven, a Chicago capi-talist, drowned near Monrovia, and Rico Rodriguez, who sank in the floodwaters of the San Gabriel River near

Whittier.

Mr. Haven, who had come to Monrovia to pass the Winter with his
wife, was drowned when he attempted
to jump a storm drainage ditch and
fell in. His body was found with his
right hand caught in the woodwork of
a bridge near the scene of his death.
An unidentified boy was said to have
been swept into the Los Angeles River
and drowned when a cable upon which

and drowned when a cable upon which he had been leaning gave way. For ten miles along the Rio Hondo, near Montebello, ranchers were ma-rooned by flood waters which reached a depth of six feet in their homes,

a depth of six reet in their nomes, forcing the occupants to roofs or to second stories. All were rescued.

The Southern Pacific, the San Pedro, Los Angeles and Salt Lake and the Santa Fe all suffered from the deluge of rain which changed ordinarily sluggish streams to swellen and menacing rivers.

Damage to highways in Los Angeles County alone will reach \$500,000.
With the entire countryside literally soaking, the forecast for tonight and tomorrow was "more rain." the precipitation to date is 13.92 inches, or nearly twice the normal rainfall. In the 24 hours ending at 5 o'clock this afternoon the precipitation was 4.60

### STORM HITS NORTHWEST

(Continued From First Page,) worst wind in the history of the town. Ranchers in various sections were, affected by the storm, some losing hay,

The barometer at Astoria dropped to the low record mark, indicating a terrific gale is raging out on the Pa-

west storm warnings were ordered continued at all stations in the district for 24 hours. In Portland the highest wind for 24

hours ending last night was 39 miles, It was from the east and southeast.
According to the reports filed at the
Merchants Exchange, no vessels passed into the river or salled yesterday.

### Rainfall Above Normal,

the past 34 years the record of 10.58 inches, which was reported from the United States Weather Bureau last night, has been exceeded only four right, has been exceeded only four times. These times were January, 1880, 13.27 inches; January, 1887, 12.31 inches, and January, 1890, 11.13 inches.

The normal rainfall for January is 6.50, and the normal for January up to this date is 5.43. The total rainfall since September 1 exceeded the normal several days ago.

At Seattle, Several salling vessels are off the Washington Coast. For many weeks a succession of gales have raged off the Pacific Northwest coast, all incoming vessels reporting trouble. The excess of rainfall at Seattle since January is several as succession of gales have raged off the Washington Coast. For many weeks a succession of gales have raged off the Pacific Northwest coast, all incoming vessels reporting trouble. The excess of rainfall at Seattle since off the Washington Coast. HOMES WRECKED, THREE HURT

Bursting of Gravity Pipe Line Damages Tacoma.

night's storm, succeeding a slight fall of snow early today. For three hours afterward 5,000,000 gallons of water played havoc with nearby homes and streets, and train traffic was tied up seven hours. The city's water supply was for a time threatened but one seven hours. The city's water supply was for a time threatened, but emergency pumps were soon in operation. Two weeks will be required for repairs. Several women and children were rescued under exciting circumstances fro the rush of waters, which wrecked four

Six hundred feet of track of the temporarily. Northern Pacific was covered by cave-ins, shutting off all train service of the Northern Pacific and the W.-W. R. & N. lines south of Tacoma. Five hundred men were put to work to clear the railroad tracks.

Nettie Foster, 2935 South I Airs. Nettie Foster, 2935 South I street and her babe of 17 months were swept into the Guich with the wreckage of their home, but were rescued. Mrs. R. Shade, living in the same home, was beaten down by the water three times and carried to the edge of the Guich.

the Gulch.

Mrs. Mary Classen, living next to Mrs. Foster, was carried across the torrent by neighbors. The home of Frank Linck, 2922 South I street, was washed away and Mrs. Linck and two children were badly bruised. The home of Irving Thompson, 2921 South I of Irving Thompson, 2931 South I street, was swept away. Thompson barely escaped.

BAKER IS BADLY SHAKEN UP

Many Buildings and Residences Damaged by Record Wind.

BAKER, Or., Jan. 26 .- (Special.) --The hardest wind ever recorded in Baker played havor this morning with windows, fences, lumber, signs, chimneys, awnings, telephone and telegraph wires, poles, trees and several roofs.

Reports from the country nearby are that haystacks were blown to bits, fences and telephone and telegraph poles blown down.

About half the roof of the Blue wrecked the 90-fe Mountain Ironworks and part of the brick gable front were wrecked. Lumber in the Shockiey Lumber Yard adjoining was scattered to and fro and the wind took one piece of lumber, one with hot water.

by 12 inches and 12 feet long and car-ried it through a window of the iron-works into the center of the pattern

Nine Western Union poles were Nine Western Union poles were blown down and service was crippled. Seventy-five telephones in Baker are out of commission today and electric light wires also suffered. The cornice was blown from the Courthouse, big plate glass windows were smashed by the dozen, several

were smashed by the dozen, several residences were unroofed, porches were torn from residences and in four cases brick chimneys crashed through roofs. The Standard Oil warehouse was wrecked, the city barns demolished, five cathedral glass windows demolished and trees were uprooted right and left. One residence in South Baker was turned around and blown into the next lot.

One freak was that scores of bulb lenses in a big electric sign were unscrewed from their sockets by the wind and scattered around over a roof.

DRAW BRIDGE BLOWN OPEN

Corvallis Homes Lose Screens; Wireless Station Gone.

CORVALLIS, Or., Jan. 26.—(Special.)
—Marooned on the draw of the new
steel bridge across the Willamette
here, which the wind blew open Sunday, was the experience of George Way, a Japanese, who started across when the gale was at its highest. Boat tenders braved the raging Willamette and closed the draw. This is the second time the draw was blown open. 60 feet of the private Wireless station operated by George F. Hess was blown

off late last night.
One of the last messages received was from the station at Nonth Head, at the mouth of the Columbia, reporting an 80-mile gale. Heavy rains fell today.

ASYLUM ROOF IS RIPPED OFF

Many Windows, Trees and Wires Damaged at Salem.

SALEM, Or., Jan. 26 .- (Special.)frees were uprooted and broken off. Trees were uprooted and broken off, window panes were shattered and one roof was blown away by the 60-mile-an-hour wind which swept the city last night and this morning. At the State Insane Asylum, 40 yards of tin roofing of the main building were carried away, scores of windows broken and the trestle of a small railroad at the asylum farm was wrecked. A big tree at the Salem Woolen Mills was blown down, crashing through the emlown down, crashing through the emoyes' library. The Oregon Electric station at Haze-

au, two miles south of Salem, was lown from its foundations. Tele-hone, telegraph and electric light wires in all parts of the city were

WRECKAGE TELLS OF STORM

Beach Combers of Bay City Find Mahogany "Driftwood."

BAY CITY, Or., Jan. 26 .- (Special.)-Evidence of the terrible storms at sea are indicated by the wreckage scat-tered along the beaches near the mouth of the bay. Beach combers have been picking up a lot of mahogany lumber which evidently has been washed from

Ranchers in various sections were, affected by the storm, some losing hay.

which was blown away, while light land grain of others was blown from the ground.

Numerous towns report small buildings damaged, some destroyed, while heavy rains or light showers followed the grale.

ASHLAND SEES FALL OF SNOW

Oregon-California power line over the mountains is out of commission. The high wind yesterday did considerable damage to roofs and glass fronts at Pagle Polet.

January 1 has been five and a third

Phone Systems Damaged.

ALBANY, Or., Jan. 26 .- (Special.)-The heaviest wind experienced here in many years swept this section of the state early this morning. Two small sheds were blown down in this vicinity. TACOMA, Wash., Jan. 26.—Loss of about \$29,000 was caused today by the breaking of the city's 36-inch high-pressure pipeline from the Green River waterworks to the J-street standpipe. The collapse was the result of last total tot commission during the storm.

Wasco County Feels Blow.

Wasco County last night, causing considerable damage to haystacks, some buildings and the transmission line of the Pacific Power & Light Company between this city and White River. Three of the big poles supporting the power line were blown to the ground, cutting this city off from electric light temporarily.

High Tide Backs Up.

ABERDEEN, Wash., Jan. 26 .- Three inches of rain fell here in 21 hours. The wind reached 50 miles and the gale increased this afternoon. No damage is reported. All wires are working and is reported. All wires are working and flood conditions have not begun to appear, although the wind is backing up an eight and a half-foot tide. The total rainfall for January is now 20.75

Buildings Leave Foundation.

HARRISBURG, Or., Jan. 26.—(Spedal.)— Several buildings here and in his vicinity were moved from their coundations and a large barn on foundations and a large barn on George McCart's farm was blown down

Building Wall Falls.

COTTAGE GROVE, Or., Jan. 26.-COTTAGE GROVE, Or., Jan. 26.—
(Special.)—Wind yesterday blew the
north wall of the new Jenks building
to the ground. It had just barely
been rebuilt after the same kind of an
accident a week before. Several light
sheds which had withstood the elements for years, went down.

Water Tower Falls.

JUNCTION CITY, Or., Jan. 26.—(Special.)—The high wind last night wrecked the 30-foot tower of the Junction City waterworks and leaves the city depending on wells for its supply. This puts the school temporarily out of commission, as the school is heated

Federation Asks That Indictments Be Quashed, Alleging Grand Jury Error.

30 OTHERS ARE ACCUSED

Lawyers for Labor Leaders Charged With Conspiracy to Interfere With Non-Union Employes Protest "Secret" Session.

HOUGHTON, Mich., Jan. 26 .- The tenders braved the raging Willamette and closed the draw. This is the account time the draw was blown open.

Screens were blown away, limbs of trees were broken off, old chimneys were razed and the aerial and upper were razed and the aerial and upper charge of conspiring to interfere with the private wireless station. Western Federation of Miners began nonunion employes of the Michigan copper mines.

When the strike cases were called in the Houghton County Circuit Court counsel for the Federation asked for time within which to make special pleas and at the same time filed a motion to quash the indictments on the ground the special grand jury had been illegally summoned and that its deliberations had not been conducted in secret.

Judge O'Brien announced that he would set tomorrow afternoon for hearing arguments on the motion. Angus W. Kerr, E. W. Legendre and E. A. McNally will appear as attorneys for the union and Prosecutor Anthony Lucas and Special Prosecutor George E. Nichols will represent the state.

The Federation lawyers are expected to renew their demands for a copy of the testimony before the grand jury, made today. Mr. Kerr said that an attack also would be made on the form of the indictments. After this preliminary skirmish the next move of the union forces probably will be an application for a change of venue in all the important strike cases pending before the court.

Immediately after the avalanche had run its course the entire population turned out with picks, shovels and sounding poles to recover those buries beneath. The three dead and three infured were all located with the sound ing poles and uncovered in less than an hour.

Strike to Be Arbitrated.

in progress for more than a month, and telephone operators to eight.

County. So far the petitions are not being signed up here, for the reason that the people want to know how and where this money will be expended.

They want to be assured that each part of Clackamas County will receive its portion of the road funds. Until all this has been cleared up the voters are withholding their signatures. The people of Sandy and vicinity say they are not opposed to road construction and will vote the bonds when assured that there will be a fair distribution of the money.

H. M. Kramer, author and ex-newspaper man, will lecture Tuesday night under the auspices of the Sandy Women's Club in Shelley's hall. His topic will be, "Rags and Rainbowa."

The Sandy Fir Lumber Company will this week start up its sawmill, which has been closed down for several months. It is stated that other mills in the Sandy Valley may resume operations in a short time. The Mount Hood Fruitgrowers' Association will hold an important meeting next Saturday afternoon at 1:30 o'clock.

CALIFORNIA UNEMPLOYED PROB-LEM COMMUNITY QUESTION.

Labor Commissioner Thinks Public Assistance Would Draw Idle Men From Other Places-4000 Need Help.

SAN FRANCISCO, Jan. 26 .- (Special.) -It would be unwise for the state to assist or provide work for the unemployed, says State Labor Commissioner McLaughlin in a report to Governor Johnson today.

Mr. McLaughlin divides the unem-ployed of the state into these seven Permanent residents, who are idle through economic reasons, the number of which is no greater than two years

ago.

Men idle on account of strikes and lockouts, not as many as two years Winter residents who have been

driven into San Francisco by the De-cember rains. Migratory workmen from the interior of the state. Migratory workmen

he says, there will be plenty of work.

The work of assisting the unemployed, he says, should be left to municipalities, because if the state should undertake to ald, more men would come from other states,

SACRAMENTO, Jan. 26.—"The line must be drawn between the men really wanting work and those who preach the tenets of the Industrial Workers of the World, who neither wish work for themselves nor desire employmen for others, and who preach an anarchis-tic doctrine at variance with organized

government." Such was the comment of Governor Johnson today upon receiving the re-port of State Labor Commissioner Mc-Laughlin.

HINDLEY OF SPOKANE SAYS SALOONS WILL LOSE.

Executive Confident Prohibition Will of 20,000 Votes.

SPOKANE, Wash., Jan. 26 .- (Special.)—"The State of Washington will be voted dry at the November election of this year by a majority of at least

20,000 votes." This is the prediction made this morning by Mayor Hindley, who has just returned from the coast, where he talked with the Mayors of 11 Washington cities and prominent coast bustiess men on the present issue of pro-

"Even if the three largest cities of the state, Seattle, Spokane and Tacoma, should give a majority of 25,000 against prohibition, I am led to believe after this visit to the coast the local option forces will carry the state by at least 20,000," declared the Mayor.
"I predict that the majority in favor of prohibition will be more than 20,000, for I do not believe that the cities of Seattle, Spokane and Tacoma will muster a majority of 25,000 in favor of the

The Mayor pointed out that the state Is now 42 per cent dry and that only 35 per cent of the population of the state is in the three largest cities, which are conceded to the "wets."

### HIGH OIL RATE PROTESTED

Independent Refiners Say Increased Freight Would Ruin Them.

WASHINGTON, Jan. 26.—Independ-ent oil refineries of the territory east of the Mississippi River and north of the Ohlo told the Interstate Commerce Commission today that they virtually would be driven out of business if the general 5 per cent freight rate in-crease demanded by the railroads was granted.

They said the freight tariffs figured on the basis of that increase and sus-pended by the Commission pending hearings would directly benefit the Standard Oil Company at the expense of the independents. Tomorrow ice shippers of the East-ern territory will be heard.

### REVISION URGED IN CANADA America's New Tariff Feared by Dominion Lawmaker,

MONTREAL, Que., Jan. 26 .- That the American trade between the Cana-dian West and the United States and the application of the new tariff bill will make for an economic division will make for an economic division between Eastern and Western Canada was predicted today by E. M. MacDonald, M. P., of Canso, N. S., in an address before the Canadian Club.

Mr. MacDonald said that the situation in Canada was similar to that in the United States during and after the the United States during and after the of the Canadian tariff in favor of the West must be made immediately if a crisis is to be avoided.

Phone Train Orders Opposed.

WASHINGTON, Jan. 26.—Forty per PHILADELPHIA. Jan. 26.—Arbitration was agreed upon today by mill-owners and the striking hosiery wor'cers as a means of settling the strike, and the 3500 strikers, mostly women and girls, are expected to return to work tomorrow. The strike has been in progress for more than a month.
