CLUB DANCE NOTED EVENT

Affair of Monday Night Social Circle Preceded by Dinners With Mr. and Mrs. Mears and Mr. and Mrs. Cotton Presiding.

Mrs. William H. See entertained the members of her bridge and luncheon club yesterday at her home in Irvington. The personnel of the club is: Mesdames C. A. Cooldge, N. U. Carpenter, Bert N. Denison, McKinley Mitchell, Charles E. Runyan, E. L. Baker, George McMillan, John Manning, L. M. Hubert, George Simpson and Mrs. See.

Mr. and Mrs. K. C. Tibballe were hosts for a party on Saturday evening in honor of Ben's 23d birthday. At the conclusion of the games, an elaborate collation was served. The guests included Mrs. Leon Mitchell, Miss Virginia Mitchell, Miss Edna Warren, Miss Estella Kress, H. N. Martin, Ivan and Ralph Dooley, Dr. V. Tibballe and Mrs. J. Estabrook.

The most important social event of Monday was the Monday Night Dancing Club's dance at Murlark Hall. It was preceded by two dinner parties, one being presided over by Mr. and Mrs. C. Mears, and the other by Mr. and Mrs. W. W. Cotton.

Percy Clibborn, of Portland, and Mrs. C. Booth Clibborn, of London, are visiting at Coronado Beach.

Miss Grace Gartin, of Portland, was among those who attended the successful Turkish ball given recently at Hotel del Coronado for charity, and the hostess for a supper following the ball.

Mr. and Mrs. Montgomery G. Hall and their daughters, the Misses Hazel and Ruth, are domiciled in their handsome new residence on East Burnside and Laurelhurst streets, in Laurelhurst.

On Saturday night, the Philofoxians of Lincoln were entertained at the home of Miss Ray Dellar, 874 Northrup street. Games and music were followed by dinner. The committee on entertainment included the Misses Jean Jacobs, June Fluke, Florence Holmes, Ada Parkweather, Hilma Fox and Mary MacDonald. Several members of the faculty were honored guests.

On Friday night Miss Elpha Gibson, of 233 East Thirty-fifth street, entertained the debating societies of Washington High School at an enjoyable party. The room was beautifully decorated and the games, supper and other features were planned with charming originality. Among those present were: Bernice Miller, Adah Young, Gretchen Dickinson, Byron Mathews, Ruth Anderson, Anna Pallett, Raymond Snead, Fay Barnes, Herbert Huff, Elizabeth Grimes, Thelma Hanek, Dixon Wood, Miriam Ober, Ben Titus, Mark Conklin, Helen Ball, William Gordon, Ralph Winchell, Margaret Weeks, Hiram Humphreys, Marion Bennett, Marguerite Cook, Guy Gibson, Raymond Perkins, Fern Sherrod, Oscar McPherson, Elpha Gibson, Howard Sharp, John Clemenson, Ellen Jackson, E. A. Peislin, Dorothy Rood, Hubert Arnold, Oscar Peterson, Grace Smith, Barbara Nisley, Marion Richardson, Mary Gibson, Thorton Davis, Ethel Bond, Carroll Day, Franklin Fowler, Mr. and Mrs. J. W. Gibson, Katherine Alexander and Rufus Eckerson.

New Bills Open at the Vaudeville Houses

THE favorites, Gus Leonard and Billy Onslow, with the same supporting company, excepting Miss Carrie Godfrey, an excellent character impersonator, opened at the Lyric for one week last night in "The Spooners," a two-act musical comedy, under the direction of Arthur Harrison.

MAZAMAS ENJOY LECTURE

Preliminary to their annual outing to be held August 1 to 16 in Mount Rainier National Park, the Mazamas last night presented a stereopticon lecture at the Portland Public Library. Nearly 500 persons attended. The views were shown by courtesy of the Mountaineers of Seattle and illustrated the northeast slope of Mount Rainier, the climb being made from Moraine Park. L. A. Nelson, of the United States Forest Service, who is chairman of the outing committee of the Mountaineers, gave a lecture accompanying the pictures.

land. A little girl, anxious for a baby playmate, falls asleep just as nurse is telling her a fairy story, and she visits the home of fairies and babies. Polar bears, King Midas, in fact, all the kingdoms of the Land of Nod. Marguerite Favor is the special star as the little girl, and is capably supported by a pretty chorus and by Hubert Whitehead as King Midas.

Another double headliner tops the Orpheum bill, and every act is A-No. 1. The funniest act of its sort ever sent here is that of William Murphy and Blanche Nichols in a travesty on actors, "The School of Acting" is its title, and Mr. Murphy plays the role of an old has-been tragedian who teaches a troupe of would-be "playwrights" brings in a drama and a soubrette to enact it.

GEORGE KLEINE'S GREAT PRODUCTION OF "ANTHONY AND CLEOPATRA" WILL BE SHOWN AT PEOPLE'S THEATRE.

They rehearse it and every line brings forth a hearty and every act is a sensation. The finale sends the audience into hysterical laughter. Seven million soldiers march past the walls of the city, or so it seems until Miss Nichols lets the wall fall on her and betrays the scheme.

Right on their heels trails Gertrude Barnes with Gaby Deslys' clothes, but more entertainment to offer in a minute than Gaby had in a whole evening. Corlie sings about the trials of show girl and gets over in great style.

Leo Corlie is a headliner also—and he has some new "imitations," and keeps everybody in high good humor. There's loads of music on the bill. Jack Conly, who "acrobats" on the piano, and Margaret Webb, who travesties grand opera, have a merry skit they call "The Storm," probably because a high wind comes along and almost carries away the stage and all it contains.

Demaree and Chabot two young musical comedians play delightfully on cello and piano, then later dash into dancing with dance accompaniment. Opening the bill is Lucia Falmont and Jack Raynen, interpreting Miller's pictures with posing and song for each. Maxine brothers, two young acrobats of the tumbling variety, aided and abetted by "Bobby," a happy little fox-terrier, end the bill of good things.

Acute Articular Rheumatism

Relieved by Anti-Kammia Tablets

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; others have found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. Schultz expresses the opinion of thousands of practitioners when he says that Anti-Kammia Tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are also unsurpassed in headaches, neuralgia and all pain. Ask for A-K Tablets. U. S. For Eczema and Skin Diseases, use A-K Salve.

HERE'S A TRUTH WHICH IS STARTLING THE GREAT WEST

The Transcontinental Cole Engineering Test Car Performed Feats No Automobile at Any Price Ever Performed

This is not a sermon; it's a STATEMENT OF FACTS. The COLE left Indianapolis with Chief Engineer Crawford at the wheel.

Crawford said before leaving the factory, "I believe this motor car WILL DO things that NO MOTOR CAR EVER BUILT has been able to do."

Then he set out to PROVE his theorem. And here's what Crawford did.

He lashed this Cole motor car from Indianapolis to San Francisco in an incredibly short time, BREAKING THE DAYLIGHT RECORD FOR THE DISTANCE.

Crawford drove THIS CAR one and ONE-HALF MILES HIGHER on MOUNT HOOD than ANY automobile ever went.

Crawford drove THIS AUTOMOBILE to GOVERNMENT CAMP on Mount Hood WITHOUT THE RADIATOR BOILING.

Crawford pushed the nose of this COLE across the Great American Desert WITHOUT REPLENISHING THE WATER IN HIS RADIATOR.

Crawford drove this Cole through the streets of Portland at TWO MILES AN HOUR ON HIGH, walking beside his car with his hand on the steering wheel, leading it as if it were an obedient beast.

These are only a few of the things which Crawford did; they prove that this Cole is the best automobile ever built, regardless of price—it MUST be the best because it is made from the best parts that were ever gathered together into a single automobile.
