#### MR. BLYTH GIVES WARNING Oregon Fruit Marketed Abroad as California Product.

"The people of Oregon ought to take measures immediately to see to it that measures immediately to see to it that all Oregon fruits sold abroad and in the East are plainly labeled as coming from this state," declared Percy H. Blyth, owner of large realty interests in Portland, who has arrived from his present home near London, to look after his property here. "As a matter of fact California generally gets the credit for growing the very parcels of fruit that are grown in this state. "People abroad have the impression that all fruits come from California Salesmen everywhere are selling excellent Oregon-grown fruits as the California product. A big grocer at Hart-

fornia product. A big grocer at Hartford, near London, sold me some prines that bore the California latel and which were advertised conspicuously in his store window as the famous California variety. I asked him to allow me to see the box that they came in and it bore the name of a Portland wholesale house, On the steamer Olympic, apples supposedly Californian, were served, but I quickly recognized their Oregon flavor. Oregon flavor.

"I was particularly struck by the intense interest displayed in England concerning the Pacific Coast. I gave one man a copy of the New Year's Oregonian and he prized it so highly that he had it bound carefully, saying that by this he could trace the progress of Portland and Oregon from year to year. Even yet, it would do a lot of good to scatter a supply of that splendid and attractive edition broadenst over Eng-

Through the opposition of City Commissioner Brewster a proposed ordi-nance introduced in the City Council yesterday by Mayor Albee to change the efficiency system governing all the efficiency system governing all city employes was held up for two weeks. An attempt was made to put the ordinance through with an emer-

gency clause making it effective at once. Commissioner Brewster objected to this.

The efficiency system provides for demerits for employes for sickness, disability, improper work, errors, late-ness and other offenses. Mayor Albee says it is an injustice to demerit a man for sickness, disability from service, for attending funerals and other emergencies.
