Mayor Albee said he did not believe the ordinance was fair to the pedes-"The law in Eastern cities," said John

"The trouble comes," explained F. L. Fuller, "in persons walking out in the street without noticing what is about them. One may dive out in the street from behind an automobile standing on the curb. "You would pass a law prohibiting persons from crossing streets except at intersections and, possibly, thereby lessen the fear of the possibly, thereby lessen the fear of the autoist that someone will walk out in front of his car. How is the child, who knows nothing of law to be protected? It looks to me as though its only effect would be to lessen the responsibility of the driver."

Commissioner Daly expressed his opinion that the pedestrian features of the measure are not fair. Measure Declared Protection.

W. J. Clemens declared that the measore takes privileges away from both the autoist and the pedestrian, and that in doing so both would be protected. The question of the traffic officer requiring pedestrians to cross intersections only upon signal was discussed at much length. F. I. Fuller declared that he did not believe it was the in-tention of the ordinance to require this, the measure merely giving the officer the power to enforce it in case occa-

# TEACHERS GET EXTRA PAY

Milwaukie Term Nine Months but 10 Months' Contracts Are Valld.

The directors of the Milwaukie School District have received the de-cision of Attorney-General Crawford that nine months is the legal term for the fiscal year in that district, al-though the teachers have been hired for 19 months. The taxpayers shortened the term after the teachers had been employed. The teachers will be paid for 10 months and it is optional with them whether they will teach the tenth month and with parents whether they will send their children.

There will be a class of eight graduates in the ninth grade. There will be no graduates from the high school department this year, as that department has a four years' course, and the first class will not be completed until
