In all, 51 funds were benefited by the segregation. No taxes in several of the outlying school districts have been paid, resulting in only 46 of the 50 districts receiving anything under the first segregation. The largest amount was credited to

LINE VALUATION FAVORED

Irrington Park Club Indorses Proposal Made by Mr. Daly.

Commissioner Daly's plan for the city to obtain an accurate physical valuation of the property of the Portland Railway, Light & Power Company, as the basis of regulation of the traction company, was indorsed at the meeting of the Irrington Park Club, Monday night in the hall at Killingsworth avenue and East Thirtieth street. Mr. Daly addressed the meeting and explained that the city proposed to employ experts at a cost of \$7500 to make an accurate survey and estimate of the physical properties of the traction company as the bases of future regulations. Mr. Daly also spoke of the need of water meters and the protection of the Bull Run reserve from invasion and damage. There was disappointment that Com-

missioner Daly could not give the people any hope that the city could require the traction company to give better streetcar service on Alberta or other lines.

INTERFERENCE IS COSTLY

Verdict of \$750 Given Against Man Who Says He Rescued Women.

Because he interfered in an alleged altercation between Henry Zorn and two women at 60 Cook street last September, a jury in Circuit Judge Cleeton's court yesterday returned a verdict for \$750 against George Engelke in the action brought by Zorn. For injuries received when Engelke interfered and assaulted him with a rifle Zorn asked \$20,000. Engelke defended the action by asserting that he came to the assistance of the two women who had called for help. When he entered the house Zorn, he charged in his answer, had attacked the women.

SHIPPERS GIVE EVIDENCE

R. B. Miller, O.-W. R. & N. Official, Expects Another Meeting.

R. B. Miller, traffic manager of the O. W. R. & N. Company, returned yesterday from Chicago, where he attended a prolonged session of the transcontinental freight bureau. Representatives of all the railroads operating west of Chicago were present. More than 100 shippers were heard and their petitions for rate adjustments considered. It is probable that another meeting will be held early in the Spring, at which additional evidence will be received from shippers. Rate adjustments due to the threatened encroachment of foreign commerce as a result of the recent enactment of tariff reductions probably will be taken up at that time. Mr. Miller reports that traffic men generally are agreed that business con-

ditions relating to the railroads are due for a decided improvement within the next few months.

LIFE CALLED GREAT GAME

Business and Other Things Incidental, Says Rev. Mr. Marcotte.

"Not baseball, nor football nor tennis, but life itself is the one great game," said Rev. Henry Marcotte, pastor of Westminster Presbyterian Church, in an address at the Y. M. C. A. yesterday noon. "Many think that business and finance is the great game, but they are just incidental. In all that we do or say we are playing our part in the game of life. To play our part best we must play it as Christ would have us." Mr. Marcotte will speak at the Y. M. C. A. at 12:15 o'clock every day this week. His topic this noon will be, "Overcomers."
