

JAPANESE CABINET PACKED BY MOB

Riots Follow Mass Meeting in Tokio at Which Cabinet is Severely Censured.

GATES ARE BROKEN DOWN

Diet Rejects Resolution of Want of Confidence in Government, and Free Fight on Floor of House Ensues.

TOKIO, Feb. 10.—Tokio had its day of rioting today. The Japanese Parliament was the object of attack, the people in large numbers being infuriated by the refusal of the Diet to pass a vote of want of confidence in the government in connection with the naval graft charges.

The mob that attacked Parliament formed after a mass meeting had demanded the impeachment of the Cabinet. The rioters grew rapidly in numbers as they approached the government buildings, and succeeded in breaking down the gates before the police got the upper hand.

The debate in the House was dramatic. A fierce attack was made on the Premier, Count Gombi Yamamoto, who replied with great calmness, demanding a suspension of judgment until the inquiry into the naval scandal had been concluded.

Saburo Shimada, leader of the Opposition, charged the Cabinet with having smothered the affair until it had been forced to order an investigation.

The speaker of the Diet ordered the expulsion of a member of the Opposition who had interrupted the debate, and a free fight on the floor of the House ensued between the guards and the friends of the deputy.

The victory of the Government on the resolution of want of confidence was greeted with cheers from the majority of the House.

The rioting continued into the night. Several persons were wounded by the swords of the police. Mobs attacked and damaged the tramways, and most of the lines suspended service.

MRS. WADE GETS ESTATE

Widow and Daughters to Share \$30,000 Left by Gilliam County Man.

Property valued at approximately \$30,000, left by Walter S. Wade, of Olex, Gilliam County, Oregon, who died in Portland February 1, will be divided equally between Mrs. Amelia E. Wade, widow of the testator, and their two daughters, by the terms of the will filed for probate yesterday by Attorney Jay Bowman.

The will, which was dated in 1900 by his brother, Robert L. Wade, Mr. Wade directed that all the residue of the estate be divided between his widow and daughter.

Mrs. Amelia E. Wade is named as executor, and petition was filed accompanying the will that she be appointed by Judge Cleeton.

MILL MACHINERY ARRIVES

Booth-Kelly Plant at Springfield Is Nearing Completion.

SPRINGFIELD, Or., Feb. 10.—(Special.)—The Booth-Kelly Lumber Company received two cars of machinery yesterday morning for use in the new sawmill here. This mill is to be modern in all respects. It will be operated by electricity. The frame work of the mill is now under construction, and installing of machinery will start soon.

The company is engaged in grading the grounds for the planer department, and will start the construction of a large building about March 1.

The mill when completed will give employment to a large number of men.

ROCKEFELLER GAINS TIME

Promise Made to Fill Out Tax Return Blank Later.

CLEVELAND, Feb. 10.—Tax Commissioners Fackler and Agner drove today to Forest Hill to find out whether John D. Rockefeller, who is in Tarrytown, N. Y., had filled out the blank left with him a week in the listing of his personal property for taxation. They were received by the oil man's secretary, who gave them a letter signed by Mr. Rockefeller, in which he acknowledged receipt of the blank and said he had not had time to make his return before leaving, but would do so later. The commissioners decided to give Mr. Rockefeller time to make a voluntary return.

BUNNY SCORNS POISON BAIT

Umattila Rabbits Continue to Nibble Greenery Unharmful.

PENDLETON, Or., Feb. 10.—(Special.)—Ray T. Jackson, a representative of the Bureau of Biological Survey, who has been in Umattila County for several days in an effort to assist farmers in ridding their fields of jackrabbits, reports poor success.

His specialty is feeding poisoned wheat, and he finds the rabbits of that part of the country prefer the green feed, which is to be had in abundance to the poisoned grain which he has scattered about.

CARNEGIE GIVES FOR PEACE

Cause of Peace Through Arbitration of International Disputes.

disputes is established and war abolished, as it certainly will be some day, and that sooner than expected, probably by the Asiatic nations, Germany, Britain and the United States first deciding to act in unison, other powers joining later, the trustees will divert the revenues of the fund to relieve the deserving poor and afflicted in their distress, especially those who have struggled long and earnestly against misfortune and are not themselves altogether to blame for their poverty.

Rate for Helping Offered. "Members of the various churches will naturally know such members well and can, therefore, the better judge; but this does not debar them from going beyond the churches when thought necessary or desirable. As a general rule it is best to help those who help themselves, but there are unfortunately some who cannot be expected."

"After war is abolished by the leading nations the trustees by a vote of the Executive Committee may decide that a better use for the fund than those named in the preceding paragraph have been found, and are free, according to their own judgment, to devote the same to the best advantage for the good of their fellowmen."

F. C. KNAPP IS GROOMED

PROGRESSIVE CANDIDATE FOR GOVERNOR IS ANNOUNCED.

Ex-President of Chamber of Commerce Launched as Head of Ticket at Third Party Meet.

A boom for Fred C. Knapp, ex-president of the Portland Chamber of Commerce and secretary of the Peninsula Lumber Company, who is registered as a Progressive, as a candidate for Governor, was given at a meeting of the Multnomah Progressive Club in the Hotel Oregon last night. The announcement that Mr. Knapp would head the Progressive ticket was made by T. B. Neuhausen, state chairman of the Progressive party.

While Mr. Neuhausen did not say that the announcement was authorized by the committee on his remarks.

Mr. Knapp will make the 15th candidate for Governor if he runs.

Another candidacy announced at the meeting, which was well attended was that of H. E. Mooney as a candidate for the lower house of the Legislature.

In response to a communication from the State Federation of Labor asking the Progressives to appoint a committee to attend a conference of commercial, industrial and labor leaders of Oregon to consider practical laws for employment of all labor, Sanfield Macdonald, acting president, named Arthur L. Moulton, R. B. Eberly, D. L. Peavey, A. H. Benton, R. G. Brand and Oliver M. Hoke, and was himself voted a member by the meeting.

It was announced that an effort will be made to have Governor Johnson, of California, who is to attend the conference, address a noon meeting of women.

The club adopted resolutions favoring a non-partisan judiciary.

VERSES ARE EXPENSIVE

WIFE'S RHYME HELPS PROVE ALIENATION SUIT FOR FARMER.

Supreme Court Takes Notice of Effusion in Affirming \$1000 Verdict Against Crook County Neighbor.

SALEM, Or., Feb. 10.—(Special.)—Romance with a peculiar tinge figured in the damage suit for the alienation of his wife's affections of John W. Saxton, of Crook County, against W. C. Barber, in which a verdict of \$1,000 was returned by the Supreme Court today, Justice McNary writing the opinion.

The plaintiff said that the plaintiff and defendant lived on adjoining farms and that the latter for a number of years had been in the habit of visiting him. He sent her candy and she wrote letters to him, according to the evidence. One of her effusions is alleged to have been written on a postcard and was as follows:

Don't stand around the corner And try your best to flirt, Don't smile and give the naughty eye To everyone who wears a skirt. Now if you do not change your ways, It will cost you a bad joke, For every sweet girl who comes near Will give you an awful shock.

The plaintiff sued for \$20,000 damages. Justice McNary says: "There was evidence to show the continued associations of the defendant with the plaintiff's wife over a period of years under circumstances which suggest a studied and intentional purpose to alienate her affections from her husband. He supplied her with candy to her home at his expense, and when she became peevish at something he did."

WASHINGTON, Feb. 10.—The Shackelford bill, under which the Government would distribute \$25,000,000 for good roads among the states conditioned upon a dollar for dollar appropriation by the state, was passed by the House today by a vote of 282 to 42. It now awaits action by the Senate.

Its passage followed several days of debate, during which most of the hundred and more speakers advocated the project in the interest of the farmers, while a minority attacked it as a dangerous opening for heavy inroads on the treasury.

Democratic Leader Underwood, Republican Leader McPherson, and Representative Hinebaugh, of Illinois, ranking Progressive, all voted for the measure. Representative Mann said that the clause would be a contribution to taxes to aid the country in construction of roads and other improvements.

Majority of the members of the House explained that their opposition was not to Federal aid in constructing highways, but to the method proposed in the pending measure.

WAGES TO BE PAID SEMI-MONTHLY.

OREGON CITY, Or., Feb. 10.—(Special.)—Upon the petition of their women employees, the Oregon City Woolen Mills have declared for a twice-a-month payment plan instead of the single payment system that has been in force for years.

EARTH TREMBLES IN EASTERN STATES

Quake Felt From New York to St. Louis and South to Washington.

ONE WORKMAN LOSES LIFE

Cave-In Results in Only Fatality of Shock, but Chimneys Fall and Houses Rock Over Wide Territory on Atlantic.

NEW YORK, Feb. 10.—An earthquake lasting from 10 to 30 seconds and disturbing particularly what geologically known as the Devonian and Silurian sections of the north-eastern parts of the United States occurred shortly after 1:30 today. It was especially severe in the central and northern parts of New York State. Virtually all of New York State, including this city, felt the shock and New England generally, lower Eastern Canada and parts of New Jersey and Eastern Pennsylvania were shaken. Tremors were recorded as far south as Washington and as far west as St. Louis.

At Albany, N. Y., the shock was severe enough to shake pictures from the walls of the Capitol, where a Birmingham laborer was killed by the caving in of a trench in which he was working. At Fort Pitt the heavy doors of a bank vault shook under the influence of the quake, and from other parts of the state falling of chimneys, swaying of houses and destruction of fragile objects were reported.

City Feels Tremor at 1:35. In New York City the preliminary tremor was felt at 1:35:15. At 1:35:45 the shock had reached its maximum intensity, and at 1:37:30 the movement subsided altogether, making the total duration of the quake two and one-quarter minutes, as given by the seismograph in the period in which the shock was perceptible by man was from 1:30 to 2:00 seconds and started, in a major of cases, about 1:25.

So far as known the movement was from northwest to southeast, with the boundary lines of the territory affected converging to a point in the Atlantic. The initial movement of the quake occurred at points near the Upper Atlantic coast about 1:25 and extended to places in the northern part of New York State three minutes later.

Points in Central Massachusetts, among them Springfield, were reported shortly before the time given by the seismograph of the Museum of Natural History of New York.

Disturbance Without Parallel. According to Dr. Edmund O. Hovey, curator of geology of the American Museum of Natural History, the character of the record left by the seismograph in his institution indicates that the movement of the quake was not attended by great lateral oscillations. No tremors were registered on his instrument yesterday at irregular intervals and throughout the last 24 hours slight disturbances of the earth were recorded by a general character indicating that the movement was slight and entirely local.

No tremors were registered comparable in magnitude with the one recorded today can be recalled by the attaches of the museum. The last earthquake felt in New York took place in the territory of Charleston, S. C., in 1888. In 1884 a general disturbance took place over the greater part of the area affected today.

According to James S. Kemp, head of the department of geology of Columbia University, the movement today followed in the New York territory the line of the Champlain fault, while in Canada it may have traveled along the St. Lawrence. Both of these faults are in the strata of the older rock masses and themselves the products of earthquakes.

Panic Caused in Brass Foundry. TRENTON, N. J., Feb. 10.—The earthquake which was felt throughout the East today caused a panic in the brass foundry plant here and the 250 employees fled when the four-story building began to totter and the cement floor to give way.

SUIT NOT TO BE DELAYED

ACTION TO DISSOLVE CENTRAL AND SOUTHERN PACIFICS TO START.

Attorney-General Refuses to Sanction Delay, Declaring Management of Roads Refuse to Obey Law.

WASHINGTON, Feb. 10.—Suit under the Sherman anti-trust law for the dissolution of the merger of the Central Pacific and Southern Pacific Railroads will be filed in a few days by Attorney-General McReynolds, probably in the Federal Court at Salt Lake City.

Members of the California delegation in Congress and a party of business men from San Francisco and Los Angeles vainly sought to have the Attorney-General postpone action for at least 30 days in order to hear the protests of shippers who contend that to interfere with the railroads would injure instead of benefit the public.

After listening to the arguments of his callers, Mr. McReynolds announced his intention of proceeding with plans for the suit. He said nothing was to be gained by delay; that he already had given ample notice of the Department's purpose to proceed in the matter.

Efforts to obtain compliance with the law by the railroad managements had failed, the Attorney-General added, and the Railroad Commission of the United States interested had not seen fit to adopt suggestions that might have remedied conditions.

Vaudeville Act Protested. Declaring that an act called "Twenty Minutes in Chinatown," which was presented at the Pantages Theater this week, depicts the United States Navy in an improper and displeasing manner, Lieutenant R. R. Smith, of the United States Marine recruiting station, presented a formal protest yesterday to Mayor Albee against the act being allowed to continue through the week. The Mayor promised to investigate.

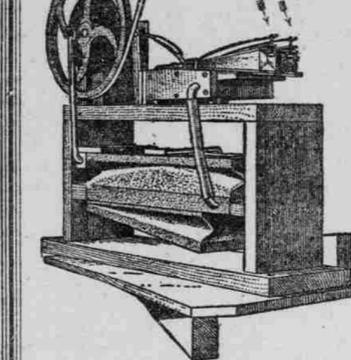

Democrats Find Man for Office. OREGONIAN NEWS BUREAU, Washington, Feb. 10.—Hiram W. Messner has been appointed postmaster of Dole, Wash., on the recommendation of Representative Johnson. This office was about to be abolished because no Democrat could be found to fill the postmastership.

Twenty-four Times as Good by Actual Test

Many of the compositions you will play on your new Player Piano contain over five thousand notes. Sounding these notes for you with absolute accuracy are eighty-eight fingers moved by eighty-eight flexible bellows called pneumatics. It is of vital importance that the material in these pneumatics should be of the greatest durability. And the one concern that has gone further than any other in scientifically testing its material is The Cable Company, makers of

CAROLA INNER-PLAYER Pianos

Specially built testing machines are placed throughout the great plant. To one of these, two pneumatics (A and B) are attached, and run with great rapidity week after week, striking more notes than you would in fifty years' ordinary usage. The pneumatic on the left is taken from a CAROLA INNER-PLAYER Piano. It is made of the best material to be had. The one on the right is made of the "just as good but cheaper" material that makers of the CAROLA INNER-PLAYER have been urged to use, because other manufacturers have adopted it.

The CAROLA INNER-PLAYER pneumatic has outlasted twenty-four of the other kind. And you will continue to find in this celebrated line of Players, materials that are twenty-four times as good, by actual test.

This demonstration and many similar ones have established the superior wearing qualities of this famous make

Shiplod of Negroes Waiting for Vessel to Africa.

RELIGIOUS FERVOR HIGH

Baptist Clergyman Leads Band in Absence of Chief Sam, Who is Declared to Be in Boston Seeking Recruits.

NEW YORK, Feb. 10.—A shiplod of negroes, mostly farmers and their wives from Oklahoma, waited here today for Chief Sam to lead them to a new negro Utopia on the gold coast of Africa. The colored farmers were induced to come here, they said, by Sam, who had been collecting colonists from Oklahoma, Texas and Mississippi. More negroes were expected from Galveston and the West, and it was said that many were coming from Boston.

Reports of Sam's activities have come from time to time from the black belt of the South and the Southwest and New York negroes were greatly stirred up today by conflicting reports regarding his project.

The negroes on board were in the best of spirits and talked in knowing terms of a sovereign land where they would have their own government and their own religion.

In the absence of Sam, who they said was in Boston looking out for recruits, the party is under the leadership of A. Davis, an old negro Baptist clergyman. Davis told them they were to form a new church in the colony. When he left for New York he was to be called "The Church of God."

Religious zeal seemed to sway the party as much as the desire to better their worldly comforts.

Governor Says President Approved His Ideas.

PARTY HARMONY IS AIM

Nervous Tammany Hall Leaders Try to See Murphy, Who is Out of City—State and National Admnistrations in Accord.

NEW YORK, Feb. 10.—Governor Glynn returned to Albany today from Washington, confident of the support of President Wilson in his plans to reorganize the Democratic party in New York State. He carried also personal assurances of good will from Mayor Mitchell.

"I think," said Governor Glynn, "that from a political viewpoint the state administration at Albany and the National Administration at Washington will be found in full harmony."

The plans which he laid before the President at their conference yesterday provided for reorganization of the party in the state, a new chairman of the state committee and efforts to put the party in fighting trim for the next state campaign.

The Governor declined to discuss the fight against Charles F. Murphy and announced that she was coming into the city called at Tammany Hall today to see Mr. Murphy.

"I think," said Governor Glynn, "approved of my plan of action. I had a satisfactory talk with him."

BOGUS MRS. PANKHURST IS ARRESTED IN SCRIMMAGE.

Suffragette Leader Taunts Government With Cowardice and Defies Authorities to Arrest Her.

LONDON, Feb. 10.—Mrs. Emmeline Pankhurst, who returned to London from Switzerland yesterday, beguiled the police tonight into a false arrest. She addressed a crowd from the window of her temporary residence in Camden Hill Square. She taunted the government with cowardice and announced that she was coming into the street and challenged the police to arrest her.

Forthwith a woman emerged from the house; the crowd surged around to protect her and a lively scuffle ensued. The woman was arrested and with several others was taken to the police station. There the police discovered they had been tricked. The woman was attired to represent Mrs. Pankhurst.

All those arrested were armed with

Good Blood

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at some untimely and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as well as site a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.—Adv.

YACHT WARRIOR IN PERIL

Hurricane Drives Vessel Farther Ashore, and Relief Fails.

NEW ORLEANS, Feb. 10.—Frederick W. Vanderbilt's yacht Warrior, which recently went ashore off the coast of Colombia, is being driven further onto the beach, only about one ship's length distant, by a hurricane, according to a radiogram received late today. The message also said:

"The tug Relief, summoned from Kingston when the Warrior went ashore, has smashed her windlass, lost both anchors and chains and has gone to Savannah for repairs."

According to recent reports all of the Warrior's crew had been taken off except the captain and his mate, and the remaining ten was learned, Mr. and Mrs. Vanderbilt and their guests, the Duke and Duchess of Manchester and Lord Falconer, were rescued by the steamer Almirante, which recently sailed for New York.

HOW TO KEEP WELL IN WINTER

Do not let your blood get thin this Winter for people who have a tendency toward anemia, or bloodlessness. Winter is a trying season. Lack of exercise and fresh air, the more restricted diet, many things combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath, take a small box of Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white, your eyes dull and your ears like mother of pearl. It is so much easier to correct thinning of the blood in the earlier stages than later.

Dr. Williams' Pink Pills build up the blood and strengthen the nerves. In this way the general health is improved, the appetite increases, the digestion is strengthened and new ammunition and energy developed. The blood becomes easier because it does not cause exhaustion.

Keep your system in its highest efficiency with Dr. Williams' Pink Pills, the great blood builder and nerve tonic. Your own druggist can supply you. A booklet, "Building Up the Blood," will be mailed free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. It is well worth studying by all who do not enjoy complete health.—Adv.

How to Darken Gray Hair

By a Specialist.

A very satisfactory preparation which darkens gray hair and acts as a corrective agent for dandruff and other diseases of the scalp can be made at small expense and in your own home by dissolving in a small box of Barbo Compound in 7 ounces of water and then adding an ounce of bay rum and a quarter ounce of glycerine. Any drug store can furnish these ingredients.

This is to be applied once a week until the hair is sufficiently darkened, then every two weeks to keep the hair soft and glossy and the scalp in a healthy condition. It may be used with equal success in darkening the beard. This is a preparation that gives splendid results, both as a hair darkener and a remedy for all scalp disorders, and is well worthy of a trial. You will find it far superior to the ordinary store preparations and much less expensive.—Adv.
