WEST SIDE YET IN RACE, SAYS MAYOR

Auditorium Location on East Side Is Not to Be Considered Finally Fixed.

FREE GROUND IS SOUGHT

Any Local Millionaire Will Be Giver Chance to Make Donation, Which City Will Cheerfully Accept, Is Announcement.

Mayor Albee, in a formal statemen Issued last night, declares that the West DENVER Side has not been eliminated from consideration in the matter of selecting : site for the Portland auditorium and that the question of site is still open for deliberation of the Commission, He makes the further statement that Com-missioner Brewster was not instructed to purchase an East Side site, but that he was merely appointed to look around for a suitable location within the East Side district mentioned and report on

This is an interpretation of the Com mission's action that will be received with some degree of surprise, in view of the announcement by all the Portland newspapers, not heretofore con-tradicted by the Mayor or by anyone, that the Commission, by a vote of three to two, had decided in favor of an East Side site, and that Commissioner Brew-ster had been instructed to negotiate for such a site within certain defined

The Mayor announces that meanwhile the Commission is waiting to receive a ruling from City Attorney LaRoche as to whether or not the auditorium may be erected legally on the Market block

Donation Urged, He Says.

The Mayor gives the information that be has personally urged several Port-land millionalres to donate a location on the west side of the river, pledging his support of the appropriated site, in case there is such a donation.

case there is such a donation. The Mayor says:

"I am earnestly striving to do my share to get for Portland the best possible public auditorium," said Mayor Albee. "To that end, it is my purpose to obtain the most economical site for it, so that the city will have as much money as is possible for the building itself, and for the equipment. I am considering every point relating to the site sidering every point relating to the site and structure: I am not unmindful of the advantages of the West Side, neither am I ignorant of the advan-tages of the East Side sites, especially

as to financial relation.

"While the public appears to believe that the West Side has been eliminated, such is not at all the case, as the City Council simply instructed Commissioner Brewster to see what he could find in the district resident. could find in the district mentioned on the East Side and to report on it. Be-fore the vote was taken, I called City Attorney LaRoche and asked him to in Attorney LaRoche and asked him to investigate the legal points relative to the Market block and to report at his earliest convenience. I did this thinking that, while the subject was being looked into by Mr. Brewster as to the East Side, progress on the only site available at present on the West Side, would be made. At no time have I understood that the Council had absolutely eliminated the West Side. With eliminated the West Side. With

In Glad Newspapers Are Interested.

I am glad that the newspapers have taken such an interest in this question, for possibly with the agitation on some of our wealthy citizens may come some of our wealthy citizens may come forward and donate a site on the West Side. I have asked a number of the best-known millionaires to do so and am now waiting for their replies, in the hope that one of them will assist us to this extent. I believe it would be as fine a thing as any of them could do and would be an everlasting monument to the donor or donors. If this is not done, and the Market block can legally be used for an auditorium I legally be used for an auditorium, I shall ask consideration of it as the most economical available site still and feel that the members of the Council will

se glad to do so. The issue should be put up to the people as it actually exists, and no sentiment for or against either side of the Willamette River should be worked up; when the bonds are sold, if they bring a somewhat higher rate than in last sale, it is figured that the city will have but \$543,000 with which to purchase site build and equip the to purchase site, build and equip the auditorium. I submit that, this being the case, the majority of the people will never stand for the expenditure of any large amount for a site; in fact, not a cent of this should be so expended. After paying all outstanding indebtedness, the Council should have the bal-ance for actual building and contents. Therefore, I would not be in favor of such a large expenditure as \$175,000 for the Dolph block, as proposed. Could we make an even exchange it might be all right.

Having eliminated the Dolph block, which was recommended by the com-mittee, and which I consider a fine site, and which I consider a fine site, and there being legal question as to the Market block, owned by the city, the Council voted its instruction to Mr. Brewster regarding the East. Side, it being well known that any good site on the West Side will prove far too expensive for our consideration. Two nice blocks on the Fast Side will Two nice blocks on the East Side have been offered for \$55,000, as against one on the West Side for \$175,000.

Differences in Price Pointed. "Now, people are complaining about high taxation and expense; I submit that, to pay \$175,000 for one block, as against \$55,000 for two, would not be in line with what the people want, namely, less expense. There has been great complaint against high rates for property purchased for city purposes. All of these things must be taken into consideration by the Council and, for one, I am determined to insist upon the most rigid economy in the purchase of a site, if one must be purchased, and in the construction of the building.

"I want to assure the public that this subject will have the most earnest consideration of the members of the Now, people are complaining about consideration of the members of the Council. It must be discussed and viewed from every point, but we certainly must have as much money as possible for the building and its equipment. With me, the least expensive available site shall have the greatest consideration. Having asked a number of Portland's wealthy men and women to make the city a donation for the site. I am now worther for the site I am now worther the sit women to make the city a donation for the site, I am now waiting for three things—a site on the West Side gratis, opinion of the City Attorney that there are no legal barriers on the block or a report of something good on the East Side by Mr. Brewster." Architect Freedlander, of New York, the Mayor announces, is on record as

the Mayor announces, is on record as assaying that the Auditorium may easily a be constructed on the Market site, and the this information, Mayor Albee believes, is valuable in the circumstances.

Market Property Is Sold.

street, between Morrison and Alder, to William Reid, president of the National Cold Storage & Ice Company, for a consideration of about \$200,000. This is the largest real estate deal that has been consummated in Portland since the first of the year. Milton J. Jones is president of the company which sold the property.

dent of the company which sold the property.

The building is four stories of concrete construction, and covers a space 50 by 100. The Graves Music Company recently negotiated a 10-year lease on the new Reid building, and will occupy quarters there in the near future. The Jones Market last Saturday moved into a location on the southeast corner of Fourth and Aider streets.

"I am paying all cash," said Mr. Reid yesterday, "and am making the purchase purely as an investment. Mr. Jones and I have dealt direct."

Mr. Reid recently received \$250,000

Mr. Reid recently received \$350,000 from the city for the two blocks of East Side waterfront property selected by the dock commission for a public

A wealthy man from Milwaukee, Wis., came to Portland last week in-tending to purchase the Jones Market site, only to find that negotiations were then well under way for the sale to

LOCAL IDEA HELD ERROR

AUDITORIUM BUILDERS SAY ACCESSIBILITY IS NEED.

Additional Evidence of Advisability of Location Near Central Point Given by Convention Leaders.

DENVER, Colo., Feb. 15 .- (Special.) -Portland's plan to locate its Auditorium away from the civic center of the city mistake today by the men who were of the East Side people." responsible for Denver's great conven-

city property, and it provides sufficient space. Even if it did not, there should e no trouble about providing addition-

Prompt Building Urged "I regret extremely that there is no way of settling this difficulty without going to the referendum. This building ought to be built right away so as to be ready for use in 1915. But conventions which will use it the lif the matter does come to a vote, I structure should be pearer the center honestly think the proposed location of the city. was declared to be a great will be voted down, even by a majority

O. E. Heintz, president of the East Burnside District Improvement Asso-clation, who lives at 636 Terrace road, said: "I believe the Market block is the said: "I believe the Market block is the best place available at the present time. The city owns the ground, and I consider the location a good one. The auditorium ought to be near the other public buildings. On the Market block the building could be planned so that it might be added to later when the city has more money. Yes, I favor a referendum vote if that course is necessary." H. G. Thompson, president Greater Irvington Association, who lives at 302 East Twelfth street, said: "I have al-East Twelfth street, said: ways favored the East Side. The Auditorium will house large gatherings composed for the most part of our own people. By far the larger number of Portland's people live on the East Side and an East Side site would therefore be more convenient, for most Portlanders, than any West Side site. I am against the referendum.

Commission Is Upheld. "The idea that the Auditorium ought to be in the theater and hotel district

connecting link between the entire system of public boulevards and civic boulevards. Not one objection has been offered to the location of the Auditorium since it was built, though before its construction hundreds of citizens sought to have it located in out of the way places where detay is not the Auditorium question closely enough to express an opinion. A matofiliation of the way places where detay is enough to express an opinion. A matter of the way places where delays in treaching it would be maximized and great inconvenience occasioned to the thousands who attend functions given in it.

"Observance of the experiences of other cities show that an auditorium built near the central point of streetcar transportation is always the most successful. This is true without except.

nuccessful. This is true without exception. It follows in Europe just as it think the auditorium should be on the Market Block. That is the logical Finance Commissioner Pitcher, present custodian: "The Denver Auditorium has been decidedly successful since its construction, and present city officials agree that its location could not have been selected with greater convenience to the public, the most important thing to be considered.

"We are collected with greater convenience to the public, the most important thing to be considered."

"We are collected with greater convenience to the public, the most important thing to be considered.

ence one way or the other. I was surportant meeting when seen. He took prised when I heard the action the time, however, to declare that in his commission had taken. I would not opinion Portland is making a big mis- advocate a referendum vote on the take.

A. N. Searle, secretary of the Monta-villa Board of Trade, who lives on East Eighty-ninth and East Hoyt streets.—
I favor the East Side because most of
the people are over here and I am
fairly well satisfied with the proposed
location. The East Side is at last entitled to something. It has the center
of population of the city I have studied of population of the city. I have studied the building statistics carefully and find that a large share of the present building activity is on this side of the

people.

C. W. Nottingham, of 271 East Sixteenth street, North—I favor the East Side location because of its cheapness and also because of its proximity to the carlines. Consequently I am opposed to the proposed referendum.

Francois Du Bois, of 124 Twenty-eighth street, North—The selection of the Commission was a blunder. The Auditorium ought to be close to the center of business. Personally I favor the Dolph block. I think all of the people ought to have a chance to vote on the matter. on the matter, W. G. Howell, of 148 East Fifty-

third street.—The Eastsiders have been coming over to the West Side all their lives; why not let the Westsiders come over our way now for a while? I favor the East Side location and am opposed to the referendum.

B. E. Kennedy, of 233 Killingsworth avenue—Lecation of the Auditorium on the East Side would save a great majority of the people the trouble of crossing the bridges. The residence district is on the East Side, and I think the Auditorium should be placed there

to serve it. I am opposed to the refer-

Frank Branch Riley, of 61 Lucretia street. The editorial in The Oregonian Saturday coincides quite accurately with my view of the Auditorium queswith my view of the Auditorium ques-tion. In my mind the decision of the Commission was a singular error in judgment. I favor the referendum. John H. Burgard, of John H. Burgard & Co., who lives at 471 Ainsworth ave-nue, East Side—I favor referring the matter to the people. We had better not have an Auditorium at all than to build it on the proposed site.

East Side Finds Champtons, C. W. Fulton, 688 Weidler street-Without any sectional feeling or preju-dice. I think that the auditorium be-longs in the neighborhood proposed. The greatest number are on the East Side and traffic conditions are such as to make the East Side the logical place. So much for the Portland residents. For the visitors, I think it is good policy to show them part of the city and to have the building in such a favored lo-cality.

Waiter A. Goss—To me it makes lit-tle difference, one way or the other. I think that proposed location admirable, but it might be a good idea to get a little closer to the hotels.

Samuel Connell, president of the Northwest Door Company, residing at 710 Broadway—I sincerely hope that the referendum will not be called on this matter. I fear that this may be the cause of a split in spirit between the two sections of Portland, While the location is admirable and better suited to the handling of the users of such a building. I would not care to see it cause a sectional fight.

J. S. Cuttings Sixteenth and Hand

J. S. Cuttings, Sixteenth and Hancock streets—I am anxlous to have the
building on the West Side because of
the proximity of the hotels and other
important factors. I think that for the
good of Portland and the benefit of the

Mrs. John F. Logau, secretary of Portland Musical Association, who lives at East Seventeenth and Thomplives at East Seventeenth and Thompson streets—The West Side is my choice emphatically. Most all reasonable East Side people are and have been in favor of having the auditorium on the west side of the river. The Dolph property is the proper place. Portlanders have been educated in the matter of going to the West Side and it would be impractical to try and get them to go to the East Side for entertainment. If the building is put up on the East Side, the musical organizations will be looking up a suitable location on the West Side for holding concerts. It would be unreasonable and a waste of money to build on the East Side.

Mrs. Warren Thomas, president of the Portland Musical Association, who lives at 300 North Twenty-fourth street—I am decidedly in favor of a West Side location. The value of an auditorium would be entirely lost if it were to be located on the East Side. The musicians could be served much more conveniently by a West Side auditorium. So far as I am able to judge, all of the musicians of the city favor the West Side. In fact, I have heard no one, musicians or others, express favor one, but personally I favor the popular one personally I favor the popular one personally I favor the popular one personal p

West Side In fact, I have heard no one, musicians or others, express favor for an East Side location.

Miss Lois, Steers, of the Steers & Coman Company, concert managers, who lives at 617 Kearney street—I prefer the West Side absolutely. The auditorium ought to be in the business center, where the people are used to going. People will be drawn from out of town and they are accustomed to staying in the hotel and not in the residence district. In St. Paul the auditorium is right in the hotel district. The same is the case in Denver and in Los Angeles. The auditorium of Port-

The same is the case in Denver and in Los Angeles. The auditorium of Portland should be as near the hotels as possible. The larger share of the population is on the East Side, true, but they have long been in the habit of coming to the West Side for entertainment. It would be hard to get people to go out of their usual course.

Franklin T. Griffith, president of the Portland Railway, Light & Power Company, who lives at 679 Elliott avenue. East Side—It is unquestionably true that the streetcar company could serve the people better if the auditorium were to be located on the West Side and I believe the matter of transportation is a very important consideration in "We are only a block from the central streetcar loop. Weather and other conditions which tend to affect attendance at any meetings have never diminished attendance at our Auditorium."

"Political or theatrical, the attendance has always been good and we have attributed it solely to accessibility."

"The proper place is in the city near the choosing the site. All of the cars run to the West Side excepting the Russell-Shaver transfer cars, and all of the car lines loop on the West Side. Consequently there would be far less transfer cars, and all of the car lines loop on the West Side. Consequently there would be far less transfer cars, and all of the car lines loop on the West Side. Consequently there would be far less transfer cars, and all of the car lines loop on the West Side. Consequently there would be far less transfer cars, and all of the car lines loop on the West Side. Consequently there would be far less transfer cars, and all of the car lines loop on the West Side is the only place for it is be established.

The proper place is in the city near the choosing the site. All of the cars run to the west Side agree mistake to put the auditorium on the East Side. Though I own to the West Side is the only place for it is be care the car lines loop on the West Side is the only place for it was looked upon the cars run in the cars run to the west Side is the only place for it was looked upon the cars run in the car land and not for anyone the fore it should be located near the center of population where it will be for the good of the greatest number and most convenient for them. I say this personally and not on behalf of the Readway Club.

Readway Club.

West Side go across the river at all. We could handle traffic to the West Side easier and more rapidly. The business center is on the West Side, and naturally all of the cars tap it.

J. H. Joyce, 281 Seventh street, man-

Side site would, in my judgment, be if a referendum were brought on the the more convenient. A referendum question, as many people living on the ment is found in looking back to the many functions given by the Knights of the people and surely would settle the site on the East Side. I am opposed to erecting the auditorium on the contention. East Side would vote in favor of the East Side, and nearly all the comment have heard, not only from residents of Portland but from members of theatrical companies and other organizations which have been in Portland, indicate that they regard it as an ill-

dicate that they regard it as an illadvised move to establish the site on
the other side of the river.
G. G. Joyce, 251 Seventh street, assistant manager, with J. H. Joyce—
Efforts have been made before this to
establish big places of public assembly
on the East Side, and they have failed.
If the East Side had offered a logical
field for building a large theater or field for building a large theater or public hall, private enterprise would have at least taken some steps in that direction already. I would be in favor of a site on the West Side, within easy reach of the traffic centers and the ho-

from the Catholic Order of the Catholic Orde East Sider Opposed

river. I can frankly say I am in favo: of a referendum on the question. J. L. Bowman, 690 Tillamook street— I believe we should seek the site mo favorable to the greater part of the population, and I believe that this

on the East Side. I live on the East Side, but most of my interests are on the West Side. I am not in favor of a referendum on the matter, for I think that the building ought to be erected as soon as possible, and I believe that a referendum would merely delay it. One in Favor of East Side.
